

KÄRCHER

PURE DRINKING PLEASURE

Fresh water exactly the way you like it - with the
two water dispensers WPD 50 and WPD 50 Ws.

[kaercher.com](https://www.kaercher.com)

EVEN FITS IN CONFINED SPACES

Little space? Not a problem for our WPD 50 and WPD 50 WS. The water dispensers deliver top drinking water quality - also in confined spaces.

What would you like? Chilled or ambient temperature?

Then the WPD 50 is the perfect water dispenser. Or would you prefer sparkling or chilled? If so, then the WPD 50 WS provides the ideal water.

Plug 'n' Drink: the two water dispensers impress with simple installation and operation. Here taste meets safety and hygiene: Apart from the use of the environmentally friendly refrigerant R290, a Hy-Pure-Plus filter is also used.

Perfect for up to 25 people in all types of offices, industry, service companies, such as hairdressers, the hospitality industry or break rooms in the retail sector.

TOP QUALITY, QUICK AND EASY

Reliable partners: the WPD 50 and the WPD 50 Ws represent excellent quality in an instant.

Sensor buttons
Intuitive operating concept with the use of icons.

Glass front
Simple and easy-to-clean front made from high-grade glass.

Drip tray
With filling level indicator.

High level of user-friendliness
Depending on the type of device, supplies still and sparkling water - chilled or ambient temperature.

Pure enjoyment - the healthy and safe choice
The Hy-Pure-Plus filter ensures premium taste. It withholds residues from the line, chlorine and heavy metals as well as bacteria and viruses without removing essential minerals.

ECONOMICAL DRINKING PLEASURE

Save time and costs through independent installation, simple filter replacement and chemical cleaning.

Base

The white base with the corresponding adapter for the WPD 50 enables comfortable use of the water dispenser. A cup dispenser is optional.

Combination filter Hy-Pure-Plus

For really clean water.

Bevi tabs

Cleaning tablets for dissolving in the cleaning injector for performing regular chemical cleaning of the water dispenser from the inside.

Cleaning injector

Required for the chemical cleaning of the WPD 50 and WPD 50 Ws.

CO₂ pressure reducer (WPD 50 Ws only)

CO₂ pressure reducer for 425g or 2kg CO₂ cylinder for setting and adjusting the CO₂ cylinder pressure.
