

A rugged all-surface floor cleaning machine

Orbital technology provides superior cleaning for all surfaces

BDS 43/Duo C

The all-surface floor cleaning machine

The new Kärcher BDS 43/Duo C is an all-surface cleaning, scrubbing, sanding, polishing, deep cleaning and grinding floor machine. The patented dual-action Orb Technology provides the BDS 43/ Duo C the versatility to clean multiple floor surfaces. Ideal for hard floor areas up to 7,500 ft²/hr and 3,000 ft²/hr of carpeted surfaces. This is truly an all-surface floor machine!

Dual-action Orb technology

The dual-action orbital mechanics provide uniform cleaning and 100% contact with the surface across the entire pad – allowing more versatility in the way you clean and maintain your floors.

Unlike traditional machines, the Kärcher BDS 43/Duo C generates thousands of 3/8" orbital contacts points that spin at 1725 rpms, while at the same time spinning at 80 rpms rotational movement.

Versatile all-surface machine

The Kärcher BDS 43/Duo C provides a complete floor care maintenance machine.

The Kärcher BDS 43/Duo C cleans carpet, stone, tile & grout, wood, vinyl and concrete all with a integrated low-chemical system for green cleaning. It also provides chemical free stripping of coated vinyl flooring.

Productivity at it's best

Low-vibration design makes this machine easy-to-use and prevents operator fatigue.

One cartridge bottle of chemical last up to 1,000 ft² of carpet and 3,000-5,000 ft² on hard floor surfaces.

Robust and ergonomic design

The Kärcher BDS 43/Duo C is designed for longevity and comfort.

Ergonomic, vertical handle is adjustable for different operator heights and folds down for transportation and storage.

Technical data

BDS 43/Duo C

BDS 43/Duo C Classic (without solution tank)

- Low-chemical system for green cleaning
- Fast and easy to attach pads from a standing position
