

REVOLUTIONARY TECHNOLOGY MAKES THE DIFFERENCE.

Ergonomic soft grip with On/Off switch

Practical cable storage with fast cable removal

Convenient water filling and easy detergent dosage

Quick and easy dirty water tank emptying

1 The rotating rollers are automatically moistened with water from the fresh water tank.

3 The dirty water is suctioned from the rollers directly into the dirty water tank.

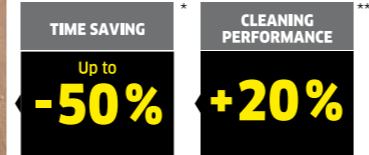

The flexible hinge makes the floor cleaner highly manoeuvrable.

2 The forward movement of the electric rollers facilitates wiping and improves cleaning performance.

The high-quality microfibre rollers are quick and easy to change and clean.

2-in-1: wiping without vacuuming beforehand
The wet rotating rollers pick up loose, dry and wet dirt. The dirty water above the rollers is constantly suctioned away at the same time. Effortless wiping without having to vacuum beforehand.

Innovative self-cleaning function

The continuous suctioning of dirt from the rollers ensures hygienic cleaning – and outstanding results.

Suitable for all hard floors

Thanks to the large selection of detergents and care agents, as well as the quick floor drying time, you can use the Kärcher Floor Cleaner to clean and care for all standard hard floors in your home – even sensitive surfaces such as parquet.

WIPE AND VAC IN A SINGLE STEP.

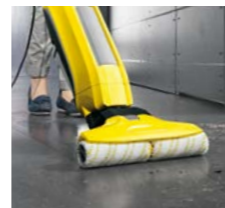

Be prepared for anything with the revolutionary Kärcher FC 5 Floor Cleaner.

WITH 500 REVOLUTIONS PER MINUTE – MORE EFFORTLESS, FASTER, CLEANER.

The floor cleaner features an innovative self-cleaning function and excellent cleaning results on all standard hard floors.

“Instead of rummaging around for the brush, vacuum cleaner and mop, I can now clean hard floors easily with just the FC 5 all in one go.”

2-in-1: wiping without vacuuming beforehand
The dirt is wiped up and suctioned by the cleaning rollers in a single step – for effortless wiping without time-consuming vacuuming beforehand.

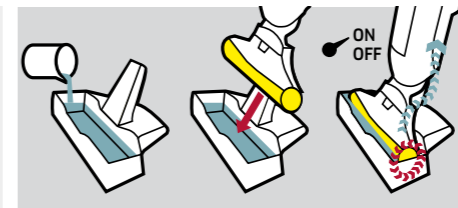

Quick drying time
Thanks to the small amount of residual moisture left on the floor, even parquet dries in less than two minutes.

Extremely manoeuvrable
With its flexible hinge, the FC 5 also cleans confined spaces like corners and angles effortlessly.

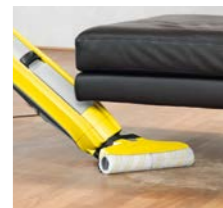

Innovative parking and cleaning station
The FC 5 can be cleaned and stowed away quickly in the practical parking and cleaning station.

Easy unit cleaning
To clean, simply fill the cleaning station with water, place the device inside and switch on. The clean water is vacuumed up by the FC 5, removing the dirt from the rollers and cleaning the device from the inside.

Cleaning right up to the edges
The innovative drive concept in the centre of the cleaning head allows optimum corner and edge cleaning.

Easy to clean under furniture
Even under low-slung furniture, floor cleaning is easy.

High flexibility
Thanks to its long cable and high flexibility, the FC 5 is also suitable for stairwell cleaning.
