Floor maintenance cleaning

Cleaning even smallest areas with compact scrubber driers

BR 30/4 C

BR 30/4 C - Save time the easy way

Compact scrubber drier cleans all hard surfaces and easy to use as a vacuum cleaner. Its low-profile brush head reaches under furniture and shelves, and it cleans both forwards and backwards.

BR 35/12 C

BR 35/12 C – Durable & User-Friendly

BR 35/12 C perfect for cleaning small areas and cluttered surfaces with its rotatable roller brush head and reversible cleaning. The new lithium-ion battery features fast rechargeable and 3 times more durable. With eco efficiency mode reduces energy consumption, increases the running time and lowers the volume by around 40%.

BR 40/10 C

BR 40/10 C - A multi-talented scrubber

It scrubs like a single-disc machine, picks up cleaning solution like a wet vacuum, and polishes like a high-speed machine. It can vacuum especially close to the edge. It cleans both forwards and backwards.

Increase maneuverability with polishers, walk behind and step-on scrubber

BDP 50/1500 C

BDP 50/1500 C - Torque conquers dirt

Generate high torque to produce high-gloss surface. Vacuum extraction of the polishing dust makes the work pleasant and prevents airborne dust formation.

B 40 W

B 40 W - Cost effective and technically brilliant

Scrubber driers suitable for smooth surfaces. It make floors hygienically clean and give them a brilliant shine for textured or jointed surfaces.

BD 50/40 RS

BD 50/40 RS – Step-on Scrubber

Step-On Scrubber is extremely maneuverable and ensure glittering cleaning results over large area and difficult to reach spaces – with 100% uptake of cleaning water. The elevated position allows a clear view of the cleaning area for quick and safe cleaning.

Carpet maintenance and cleaning

Maintenance cleaning with Karcher brush-type vacuum cleaners

Karcher brush type vacuum cleaners combine vacuum and powered brushing. It removes stubborn dirt and tangled threads or hair from deep in the carpet fibres.

CV 38/2 – upright vacuuming

Suitable for basic cleaning of medium to large carpeted areas in shops, hotels and restaurants.

CV 66/2 – Wide area vacuuming

Ideal for the thorough cleaning of extensive carpeted areas like ballrooms.

CV 60/2 RS – Step-on vacuuming

Step-on concept suitable for extremely large carpeted areas, for instance airport terminals, large office buildings, exhibition halls and congress center's. The elevated position allows a clear view of the cleaning area for quick and safe cleaning.

Deep cleaning with Karcher Carpet & Spray extraction cleaners

Puzzi 10/1 – do away with the stains

Ideal for the removal of stains from carpets as well as from upholstered cushions, arm chairs and sofas.

BRC 45/45 C – the wash-and-go solution

Interim carpet cleaning. Suitable for medium sized carpeted areas of between 350 and 1,000 sq.m. When using icapsol RM 768 spray extraction agent, carpets can be dry only in 20-120 minutes after cleaning and it's doesn't get dirty again so quickly.

BRS 43/500 C – Cleaning and refreshing

Sustained cleaning and refreshing of carpet floors in hotels, restaurant establishments and public buildings. It removes dirt and improves the overall appearance without much effort. The carpet is dry within only 20-120 minutes and guarantees cost-effectiveness on areas of between 300 and 600 sq.m.

Hygiene-sensitive cleaning areas

Deep floor and wall cleaning with Karcher High Pressure Cleaners

HD 7/10 CXF - Even the machine is hygienic

Specifically designed for commercial kitchens. It has a food grade high-pressure hose and abrasion-resistant grey wheels that leave no tracks. With high pressure hot or cold water and appropriate cleaning agents, cleanliness and hygiene can reliably be ensured.

Inno Foam Kit - Dead zone for bacteria

Suitable for cleaning and disinfection with a high-pressure cleaner. The disinfecting foam has long adhesion time, which enhances its effectiveness. The dual spray tube is convenient to use, changing between the foam nozzle and the high-pressure nozzle with a flick of the wrist.

FR 30 ME - Splash proof cleaning

Cleans surfaces up to 10 times quicker than normal pressure washes without splashing. Power nozzle deliver high cleaning performance for large floor areas.

Cleaning with steam

Cleaning kitchen appliances dissolving oil & grease

Cleaning display glass hygienically & smoothly

Removing stubborn stain in between tiles

Environmentally friendly hygiene

Impeccable hygiene without using any cleaning agents.

Putting on the pressure

It removes stubborn baked-on dirt. Tackle the job with Karcher accessories for steam cleaners, including the detail nozzle, brass bristle brushes, and a cleaning cloth set. It dissolves oil & grease and penetrates into tiny crevices to remove dirt and grime.

Remove lime and dirt without chemicals

Loosens stubborn lime and dirt in bathrooms without cleaning agents, and its ingenious two-tank system eliminates waiting times for water heating. The VapoHydro function allows the spray to be adjusted continuously from hot water to steam. Cleaning food and display counters can be easily done.
