makes a difference

THE RACE IS ALWAYS WON IN THE CORNERS.

The extremely agile and mobile compact scrubber.

Extremely agile and mobile.

Thanks to the innovative steerable cylindrical scrub deck, the BR 35/12 C Bp can clean adjacent to the wall at a 90° angle. It can scrub in any direction making it the most practical scrubber for tight and congested areas. The steerable cylindrical scrub deck is an outstanding technical innovation: It can be horizontally rotated 200° in both directions, finally eliminating blind spots when cleaning! The height-adjustable, telescoping and folding steering column allows any operator to set it to their most ergonomic working position. The folding steering column and eyelet tie-down points also makes it easy to secure for transport.
