

PressurePro Solar Cleaner RM 99

A highly efficient, gentle and biodegradable cleaning agent for residue and streak - free cleaning of solar and photovoltaic systems. Ideal solution for stubborn dirt and rust.

Properties

- Winner of the Pulire Innovation Award 2013
- For removing stubborn and greasy dirt
- Prevents limescale at all water hardness levels, even without the use of a water softening systems
- Residue-free, streak-free, drying cleaning
- Reduce soiling
- No damage to the solar and photovoltaic modules, as well as the glass and plastic coatings, anodised and normal aluminium frame
- Gentle surface treatment thanks to improved characteristics of the cleaning brushes
- DLG - Tested
- Highly efficient
- Harmless draining into the sewerage system, which is connected to the municipal sewerage treatment plant
- Easily biodegradable (in accordance with OECD Directive)

Areas:

- Agriculture:** Solar and photovoltaic systems
- Contract cleaning:** Solar and photovoltaic systems
- Industry:** Solar and photovoltaic systems

Application

- High-pressure washers

	Part number
10 l	6.295-798.0
20 l	6.295-799.0

Application:

High-pressure washers

- Mix primary mixture.
- Pour cleaning solution into the cleaning device.
- Set the dosage and temperature on the device (application temperature max. 40°C).
- Apply cleaning agent solution with appropriate accessories to the surface to be cleaned and clean the surface from top to bottom.
- Rinsing with fresh water is not required.

Directions for use:

- Do not apply to heated surfaces.
- Do not mix with other cleaning agents/chemicals.
- Store away from frost.
- Recommended storage and transport temperature: 0°C – 30°C.

Warnings and safety recommendations according to EC Directives:

-
- H319 Causes serious eye irritation
- P280 Wear protective gloves/protective clothing/eye protection/face protection.
- P264 Wash thoroughly after handling.
- P305 + P351 + P338 IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.
- P337 + P313 If eye irritation persists: Get medical advice/attention.

Further information:

- Material Safety Data Sheet (MSDS)

Dosage and yield:

Content:	Cleaning method:	Primary mixture:	Dosage:	Contamination:	Productivity:
1000 ml	High-pressure washers	1+3	0.5-1 %	medium-strong	50-180 m ²
