

Summer screen wash 1:100 concentrate RM 672

Highly effective cleaning concentrate for a streak- and glare-free view in summer. Effectively removes insect residues and bird droppings. Yield: 250 ml provides 25 l cleaning agent.

Properties

- Very efficient concentrate for the windscreen washer in the summer months. 250 millilitres of concentrate yields up to 25 litres of windscreen washer fluid.
- residue-free, streak-free cleaning
- Reliably dissolves grease, oil and dirt caused by emissions. Softens insect residue and reliably loosens it
- Reduces glare effects from scattered light
- Good wetting properties
- Does not generate any stress cracks on polycarbonate and is also suitable for cleaning headlights, for example
- Simple dosing using the integrated dosing chamber.
- Can be mixed with Kärcher winter windscreen cleaner. The tank does not need to be drained in the transitional period in autumn and spring.
- Can be mixed with water of all degrees of hardness thanks to the anti-lime formula. No calcification of the windscreen washer or blockage of spray nozzles.
- Suitable for flat jets

Application areas

- Vehicle windscreen washer

Container sizes	VE*	Part number
250 ml	10	6.296-110.0

*VE: packaging unit

Application:

Windscreen washer system

- Loosen container cap (do not remove!) and fill dispensing head by applying pressure on the bottle. Remove cap. Per 2.5 litres of water fill dispensing head (25 ml) summer windscreen washer into the container of the windscreen washer system. Fill container of windscreen washer system with the necessary amount of water.
