

Outdoor surface protector RM 542

The highly effective outdoor surface protector maintains surfaces in outside areas, refreshes the colour, protects against environmental influences and impresses with its high area performance.

Made in Germany

Properties

- Highly effective spray impregnation
- Invisible and pervious to air
- Protects against dirt and environmental influences for months, considerable simplification of cleaning
- Reduction in the moisture penetration of the stone
- Suitable for all open-pore forms of natural stone, facades and concrete
- Protects wooden garden furniture and decks against dirt and weather for months
- Ultra-effective protection for all textile surfaces

Usage options

- High-pressure cleaner with foam nozzle
- Spray units

Application areas

Stone surfaces
Wooden surfaces
Textile surfaces
Plastic
Metal

Technical data

Container sizes	Packaging unit	Part number

Application

High-pressure cleaner with foam nozzle

- Spray on undiluted treatment spray with a pressure washer and a foam jet from bottom to top in overlapping lines and allow to dry. We recommend reapplying the treatment twice a year. Can also be applied manually or with pressure sprayers, diluted at a ratio of 50 ml to 1 litre of water.

Warnings and safety recommendations according to EC Directives

- Warning
- P101 If medical advice is needed, have product container or label at hand.
- P102 Keep out of reach of children.
