\* The Kärcher floor cleaner achieves up to 20% better cleaning performance than a traditional mop with floor cloth cover in the "Wiping" test category. Refers to average test results for cleaning efficiency, dirt pick-up and edge cleaning. \*\* The FC 7 Cordless allows you to achieve a time saving of up to 50% since common household dirt can be removed from hard floors in a single step, doing away with the need to vacuum before wiping.

### All-in-one: Removes all kinds of dry and wet everyday dirt in a single step

- 50 per cent time saving: Coarse dirt pick-up technology enables wiping without the hassle of vacuuming beforehand.
- Optimum hair pickup by means of integrated hair filter.
- Cleans right up to the edge.

### Wiping is 20 per cent\* cleaner than with a mop and much more convenient

- 2-tank system: Permanent wetting of the rollers from the fresh water tank while the dirt is collected in the waste water tank.
- Effortless: No dragging a bucket around, no wringing out the floor cleaning cloth by hand, no scrubbing.
- Rollers are machine-washable at 60 °C.

### Two different cleaning modes

- Roller rotation and water quantity are adjustable according to the type of dirt and floor.
- Suitable for all hard floors – including parquet, laminate, stone and ceramic tiles, PVC and vinyl.
- Low residual moisture means that floors can be walked on again after approximately 2 minutes.
