■ Included in the scope of supply.

High level of protection against contaminated drinking water

- 3 powerful filters for extra protection in unknown water conditions.
- Removes particles, bacteria, viruses, chlorine, heavy metals, drug residues.
- Improves the taste of the drinking water.

Easy installation and maintenance

- Quick filter changes thanks to bayonet locks and magnetic fastenings of the hood.
- Simple to connect to the water line. Adapter and tap included.

High capacity

- Low servicing costs thanks to infrequent filter changes due to 2,500-l capacity.
