¹ The Kärcher hard floor cleaners achieve up to 20% better cleaning performance compared to a conventional wiping mop with a wiping cloth cover in the "Wiping" test category. Refers to average test results for cleaning efficiency, dirt pick-up and edge cleaning. ² The Kärcher hard floor cleaners save up to 50% of the time required for cleaning, as hard floors can be cleaned in a single step when they are covered in normal household dirt, eliminating the need for vacuuming before mopping. ³ When cleaning with direct contact with the surface to be cleaned, up to 99.9% of all common household bacteria on common household smooth hard surfaces are killed (test germ: Enterococcus hirae). According to the 4-field test (based on DIN EN 16615:2015-06).

Signature Line benefits

- The signature of company founder Alfred Kärcher marks the product as the best Kärcher device in its category. Other exclusive benefits include app support and an extended warranty.

Attractive LCD display

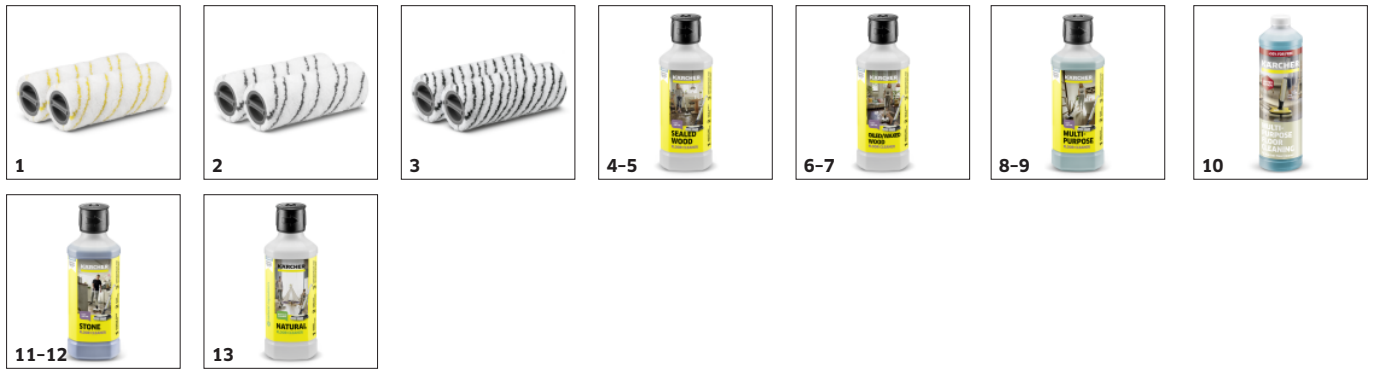

- Simple device application with step-by-step instructions.
- Avoidance of application errors through warnings and error messages on the display.
- Intuitive operation.

Countless options for cleaning modes

- Frequently required cleaning modes are preset on the device: two cleaning modes with different water volumes and roller speeds, and a boost function for stubborn dirt.
- With app connection: transmission of a large number of additional cleaning modes to the device, optimised for different floor types, as well as configuration of your own individual cleaning modes.
- Suitable for all hard floors – including parquet, laminate, stone and ceramic tiles, PVC and vinyl.
