■ Included in the scope of supply.

## Systematic navigation

- Systematically cleans the entire area without forgetting anything.
- The direction of travel changes automatically when the mower comes into contact with obstacles.
- Automatically returns to the start position.

## Automatic detergent application

- Six pump-operated spray nozzles continuously moisten the wiping cloth.
- No dripping or drifting of the spray jet.
- The window cleaning agent supplied ensures a streak-free shine and allows rain to run off more quickly – delaying resoiling.

## Sensors for detecting frameless windows and glass surfaces

- Reliable detection of window frames and other obstacles.
- The four corner sensors also detect the edges of frameless glass surfaces and adjust the navigation accordingly.

## ACCESSORIES FOR RCW 4 1.269-230.0
