

RVF 7 *EU CHARGING STATION

Vacuum and mop autonomously: The RVF 7 cleans hard floors and low-pile carpets with ease. Small obstacles are easily avoided thanks to the camera and AI.

Order no.

1.269-680.0

- LiDAR navigation, object detection, AI camera and intelligent dirt detection
- Wiping roller for wet cleaning (can lift up), carpet sensor and Auto Boost
- Charging station, 2× rollers, 4× side brushes, 2× filters

Technical data

EAN code		4066529146724
Battery powered device		1
Battery charging time	min	230
Battery type		Lithium-ion battery
Battery voltage	V	14.4
Battery capacity	Ah	5.2
Suction performance	Pa	max. 13000
Fresh water tank	ml	300
Dirty water tank	ml	130
Waste container	ml	250
Running time per charge	h	150
Area performance	m²/h	160 / 60
Robot dimensions (L × W × H)	mm	105
Robot diameter	mm	360
Colour		White
Weight without accessories	kg	5.6
Weight incl. packaging	kg	9.2
Dimensions (L × W × H)	mm	350 × 350 × 105

Floor protection/parking plate		■

■ included in the scope of supply.

Tried-and-tested roller technology

- The rotating roller is continuously moistened with fresh water and thoroughly wiped after each rotation. This guarantees hygienic cleaning and effectively removes dirt.

Intelligent dirt detection

- The RVF 7 recognises the degree of soiling and then automatically adjusts the cleaning parameters to ensure efficient and thorough cleaning.

Live camera with remote access

- You can access the live camera of your connected RVF 7 at any time via the app, allowing you to monitor your own home while travelling.
