Spirit level

- The integrated spirit level allows the ground spike to be screwed in vertically, including on uneven terrain.

Garden hose box with 360° application

- Mounted on the ground spike, the hose box can be rotated 360° around its own axis, allowing convenient watering in every corner of the garden without the hose kinking.

Easy to install

- The ground spike can be easily screwed into the ground at the required position using two screwdrivers as levers.
