This machine requires instruction.

Comfortable two-seater cabin with excellent all-round visibility

- Entry and exit possible on both sides with large sliding windows in the doors.
- 360° cabin glazing with a view towards the rear for maximum safety.
- Heated windscreen to prevent fogged windows.

Intuitive operating concept

- Control unit at the level of the 2 m³ class and identical to Kärcher MC 250.
- Armrest with ergonomically integrated operating panel for intuitive operation.
- Multifunction display integrated in the steering wheel rim, therefore visible to the driver at all times.

Time-saving daily maintenance

- Folding engine housing for direct maintenance and service access.
- Optional emergency lifting block for lifting the waste container and releasing the parking brake.
- Central lubrication points on the brush system and suction mouth.
