KÄRCHER

# CLEANING WITH FULL STEAM.

A steam cleaner and wet vacuum in one.

Chemical free hygiene, non-stop.

The SGV 8/5 steam vacuum cleaner is designed to deliver exceptional cleaning results with ease. With a steam pressure of 116 PSI and a hot water temperature of approximately 158°F, this efficient cleaner ensures powerful performance. It offers three-stage steam flow control, allowing you to adjust the intensity based on your cleaning needs. Say goodbye to chemical cleaners as the SGV 8/5 provides an environmentally friendly and chemical-free cleaning experience. Its self-cleaning function ensures long-lasting hygienic cleanliness, making maintenance hassle-free. Using this machine is a breeze, thanks to the intuitive display that shows the operating status and any service/error messages. The EASY dial allows you to quickly and effortlessly select from seven different steam/vacuum operating modes. During operation, the ergonomic steam/suction gun provides direct and flexible control over steam flow, rinsing mode, and vacuum function. Additionally, the SGV 8/5 is suitable for noise-sensitive areas, thanks to its energy-efficient and noise-reduced eco!efficiency mode.

1 Extremely user-friendly thanks to EASY operation

- One dial for all functions. Simple and quick handling, with no need for extensive training

- Self-explanatory symbols make the machine easy to understand and simplify operation

2 Handle with trigger for convenient function control

- Time-saving, flexible, simple and direct control of the functions during operation

- Controls for the most important functions such as water/steam regulation and an on/off switch for the vacuum function

3 Cleaning without chemicals

- Hygienic cleaning of hard surfaces without the use of chemical substances

- Steam cleaning is ideal for the environment with a cost-savings benefit

- Easy removal and disposal of dirty water without direct contact

4 Tools within reach

- Keep all your accessories conveniently at hand by storing them directly on the machine, eliminating the need for time-consuming searches

- Ample ventilation aids in the drying process while keeping your accessories protected from dirt and debris

- Carrying handle for easy removal of nozzle accessories
