makes a difference

CUT THE CORD AND CLEAN FASTER.

The next generation of our cordless backpack vacuum is here. Lighter, brushless and complete with the latest technology of Lithium-Ion battery power.

Get it cleaner, quicker and quieter with the 2nd Gen BV 5/1 Bp.

Experience the freedom, safety and productivity of going cordless. The 2nd Generation BV 5/1 Bp backpack vacuum is 100% powered by its new lithium-ion battery. Complete with a innovative brushless motor, and digital indicators to monitor battery life and remaining runtime. Our superior technology produces a powerful, yet quiet vacuum that increases your productivity exponentially. Expect 100 percent of the performance that you get from a traditional backpack vacuum. Operator ergonomics, speed and safety have improved since no searching or bending is needed for the constant plugging and unplugging of traditional cords. In addition it is now designed to be lighter with improved motor life.

1 New Brushless Motor

- Provides longer, more efficient motor life
- Now 8% lighter, offering more mobility and comfort
- Power/Eco! Modes now provide longer battery run times

2 Daytime cleaning

- Quietest backpack vacuum on the market only emitting 60 dBa
- Unrestricted cordless design is more practical for operating while guests are present

3 Safety & health

- Reduce the risk of trips and falls with no cords
- Improve ergonomics by eliminating bending to plug and unplug the cord
- Comfortable harness for continuous use

4 Increased productivity

- Lithium-ion battery allows for complete freedom of movement
- One-hour recharge time gets you back to work quickly
- Purchase additional batteries to allow for non-stop operation
- Water lift/extraction capacity has increased 6%

5 Full performance

- Get the same performance of a traditional unit without the cords
- Power mode provides full performance while Eco! mode increases runtime
- Sturdy, powerful construction for everyday use
