

KÄRCHER

CLEANING TECHNOLOGY THAT REALLY TAKES THE HEAT.

Cold-water cabinet that accepts pre-heated water.

PROFESSIONAL | HD CABINET - BELT DRIVE

HD CABINET - BELT DRIVE

Industrial throughout.

Our cold-water cabinet units really take the heat, accepting pre-heated water up to 145°F. Protected in durable steel cabinets, they demonstrate industrial strength throughout, including belt-drive Kärcher crankcase pumps, industrial motors, and magnetic starters for operator safety.

1 Safety Features

- A thermal pump protector to prevent the buildup of excessive pressures or heat.
- Time-Delay Shutdown (stainless steel model only) automatically turns off unit, if not in use for a set time, for protection against unattended operation
- High-Pressure Pump (with 7-year warranty) by dual, V-cogged belts.
- Pulleys are made of cast iron and can be easily adjusted by turning two bolts

2 Floor stand

- Mount to floor stand to centralize cleaning

3 EASY!Force trigger gun

- EASY!Force trigger gun with cruise control like technology uses its own recoil force to hold the trigger down – so, no more sore hands after hours of use.

Technical data and equipment.

TECHNICAL DATA										
Model	Part No.	GPM	PSI	Drive	HP	Electrical	Amps	Pump	Ship Weight (lbs)	Ship Dimensions (L x W x H) Inches
