K 5.68 MD Plus

The K 5.68 M from Kärcher is designed for high end performance. Built with an induction motor and a German-engineered pump, this unit can withstand the rigorous demands of frequent use and delivers an amazing 2000 PSI, more than 40 times as much pressure as a typical garden hose. Equipped with two spray wands, the K 5.68 M is able to tackle any cleaning project around the home. For tough jobs, attach the included DirtBlaster® Spray Wand to increase the effective pressure by up to 50%! For less intense cleaning, attach the included Vario Power Spray (VPS) Wand, which allows you to adjust the pressure right on the wand. We also equipped this model with a built-in hose reel for convenient, hassle- free storage of the high-pressure hose. Additionally, our popular Foam Nozzle is included to deliver a thick foam spray, perfect for cleaning vehicles or house siding. Simply fill the reservoir with Karcher Detergent to generate a luxurious foam that will significantly decrease your cleaning time. Much quieter than a gasoline pressure washer and certified by CSA Interna- tional, the K 5.68 M is perfect for high performance residential cleaning.

K 5.68 MD Plus

- M = mobile unit
- D = Integrated detergent tank
- off-road wheels
