

S 650

The S 650 sweeps large areas up to 5X quicker than usual a regular push broom. Dual side brushes allow you to sweep right up to edges.

1 Two side brushes (S 650)

- Greater flexibility with two side brushes. The long bristles ensure thorough cleaning even along edges.

2 No contact with dirt.

- Convenient waste container: waste is drawn directly into the container, which can be easily removed and emptied.

3 Space-saving storage

- With its fold-down push handle, the sweeper can be stored upright, thus taking up very little storage space.

S 650
