CLEANER CARPETS QUICKER.

The iCapsol™ OA interim carpet cleaning process cleans carpets faster, improves the appearance, encapsulates odors, and keeps the carpet cleaner longer.

Cleans carpet faster, while improving the appearance for longer.

Experience the ultimate solution for efficient and quick carpet cleaning with iCapsol™ OA, designed for use with floor machines and carpet extractors. Engineered to tackle the challenges of cleaning carpets in a 24/7 environment, our innovative product utilizes the power of encapsulation to break down and surround soil and detergent residue from previous cleanings. As it dries, iCapsol™ forms hard, non-sticky crystals that encase the soil, allowing for easy removal through vacuuming. Unlike traditional methods, our low moisture chemical process ensures quick drying without leaving behind sticky detergents or chemicals that attract dirt, resulting in long-lasting cleanliness. Now with integrated odor encapsulation technology. The result is carpet that is clean and dry in about 20 minutes. With safety in mind, iCapsol™ OA carries no hazardous classification and is WoolSafe certified, making it safe for use on various materials.

1 iCapsol™ Technology

- Loosens dirt from fibers and encapsulates it, leaving no sticky residues or hard incrustations
- Encapsulated dirt can be easily vacuumed, reducing drying time and minimizing re-soiling

2 Odor Encapsulating

- Reduce unpleasant odors, ensuring a fresh and inviting environment
- Uses encapsulating odor absorbing ingredient technology

3 Safety

- Safe application for both cleaning staff and materials
- Free from bleaching agents
- Improves floor hygiene

4 Versatile Application

- Eliminates the need for multiple products, streamlining your cleaning process and reducing costs
- WoolSafe certified, making it suitable for cleaning sheep wool carpets without causing damage or fiber sticking

5 Time-saving Efficiency

- No rinsing required, saving you valuable time
- Easy to control and operate
- Short drying time and low re-soiling properties improve productivity, reducing cleaning frequency

6 Fresh and Clean Results

- Ability to keep the carpet looking good all the time
- Extends the life of the carpet
- Can remove soil quickly with less product and effort before soils builds up and affects the life of the carpet
