Users must receive training on this device.

*On/off switch, cold water/vacuuming operation, eco/efficiency mode, steam/hot water/cold water/vacuuming operation, cold rinse function of the machine, detergent/vacuuming operation, self-cleaning function of the machine.

Sustainable and outstanding cleaning performance

- Particularly high steam pressure (8 bar), hot water temperature approx. 70 °C and excellent suction power.
- Removes the most stubborn dirt easily, quickly, efficiently and without the use of chemicals.
- Long-lasting, robust and thus very economical machine.

EASY Operation rotary switch with seven operating modes

- Particularly user-friendly thanks to self-explanatory symbols. No need for time-consuming induction.
- Steams/vacuums with/without eco/efficiency mode and self-cleaning machine.
- On/off switch, cold water, use with detergent, rinse.

Steam/suction hose with steam/suction gun

- Particularly user-friendly rotary and pressure switch for controlling various functions.
- Offers three-stage steam flow control, cold and hot water operation, and simultaneous vacuuming.
- Time-saving: Mode can be adjusted during operation. No need to interrupt the cleaning process.
