EXTRACTOR EFFICIENCY

CONFIGURATIONS & OPTIONS

Many Kärcher extractors can be configured for a variety of optional accessories for spot, stair and furniture cleaning.

BIG JOB, SMALL JOB - WE'VE GOT YOU COVERED

Kärcher commercial carpet extractors are specially designed to wash the deepest embedded dirt and germs from high traffic commercial areas. Kärcher's full line of powerful carpet extractors lets you clean quickly and easily, saving your company time and money. We offer a range of carpet cleaning machines including compact extractors, walk-behind carpet extractors, as well as box and wand extractors. We are also the only company that offers a stand-on carpet cleaning machine, making carpet extraction and encapsulation a breeze. Several of our extractors offer an interim/deep extraction option so you can do these two important tasks with just one machine. Through scheduled maintenance, you will be able to remove deeply embedded soils, restore the appearance of your carpet, and extend the life of your carpet.
