

KÄRCHER

makes a difference

COMPACT YET UNBELIEVABLY POWERFUL.

Uninterrupted and efficient use.

PROFESSIONAL | NT 22/1 AP L

NT 22/1 Ap L

Entry-level, low weight unit.

Small, powerful, reliable, extremely versatile and light as a feather: Our NT 22/1 Ap wet and dry vacuum cleaner delivers impressive results during light and moderate cleaning work in a number of commercial applications. Thanks to the semi-automatic filter cleaning system and moisture-resistant PES cartridge filter, it can deal with dust, coarse dirt and liquids effortlessly. The suction hose connection attached directly on the device head enables maximum utilisation of the container capacity. Its very compact dimensions and low weight enable the device, which is also easy to operate, to be transported conveniently and easily.

1 Moisture-resistant PES cartridge filter.

- It is possible to change from wet to dry vacuum cleaning easily without having to dry PES cartridge filter first.
- Washable PES filter.

2 Lightweight with compact dimensions.

The machine is easy and convenient to transport and store.

3 Semi-automatic filter cleaning.

Semi-automatic filter cleaning effectively ensures constantly high suction power.

4 Suction hose connection in the machine head

Enables the entire container volume to be utilised.
Save time by not having to empty the container as often.

Technical data and equipment

NT 22/1 Ap L

- = Efficient semi-automatic filter cleaning.
- = Suction hose port in the head of the machine.
- = Moisture-resistant PES cartridge filter.
