

KÄRCHER

makes a difference

PERFECTLY SUITABLE FOR EVERYDAY USE.

Ideal for cleaning smaller to medium-sized carpets, upholstery and textile flooring.

Puzzi 10/1

Robust, powerful, and versatile.

With a powerful 12.5 PSI spray rate, the water and detergent solution is applied to the area being cleaned and picked up immediately by the vacuum nozzle. Cleaned surfaces can be walked on almost right away as very little residual moisture remains. Carpets dry up to 63% faster than those cleaned with other comparable products. The modular accessories are kept directly on the machine. The carrying handle offers a clip for the wand and makes transportation easy.

1 Perfectly suitable for everyday use

- Adjustment of the handle without any tools; accessory/cord fixings; quick change from floor to upholstery nozzle

2 Removable waste water tank

- The waste water tank is easy to remove and can also be used to fill the fresh water tank.

3 Diverse use

- A range of accessories for versatile applications (e.g. crevice nozzle for cleaning car seats and upholstery).

Technical data and equipment

Puzzi 10/1

- = User-friendly operation
- = Ergonomic two-handed grip

Technical data

Max. area performance	m ² /h	20-25
