KÄRCHER FLOOR SCRUBBERS.

BIG JOB, SMALL JOB – WE’VE GOT YOU COVERED

When it comes to cleaning, no job is too big, or too small for Kärcher scrubbers. We have the perfect size machine to fit your needs. Our scrubbers are made to be both powerful and efficient - built for getting into tight spaces where dirt hides and covering lots of space (our B300 covers up to 177,000 sq ft in an hour!). We pride ourselves in not just providing you a piece of equipment, but building a relationship that is going to help you clean better, faster, safer and with less expense. With Kärcher, you have a partner in clean.

WHERE WE CLEAN

- Airports
- Automotive
- Building Service Contractors
- Constructions Sites
- Educational Facilities
- Farms
- Food Processing
- Healthcare Institutions
- Hospitality
- Malls & Retail
- Manufacturing Facilities
- Offices
- Transportation

The optimal scrubber for every surface size

A KÄRCHER SCOURER IS BACKED BY A TEAM WITH INDUSTRY EXPERIENCE ACROSS MANY INDUSTRIES

Kärcher scrubbers are backed by three important assets – our history of over 80 years of cleaning know-how, our strong line of tested cleaning equipment that will find you the right machine for your needs, and our people, including customer service and support staff. When you have a big cleaning job, you are not going into it alone, you have Kärcher behind you!

We don’t stop there. When you buy our equipment you also get recommendations on our complete line of detergents, parts and accessories that make your work easier, save you money and decreases the chance of your machine being down.

EXPERIENCE INNOVATION – KÄRCHER FLEET

Kärcher Fleet is an innovative professional fleet management system. This IoT-based solution provides task managers with frequently updated machine data, allowing them to maximize performance by allocating resources where needed.

https://www.kaercher.com/us/services/professional-services/kaercher-fleet.html
COMPACT FLOOR SCRUBBERS are ideal for daily scrubbing of areas up to 15,000 square feet per hour. Award winning and innovative design provide you with the best in daytime cleaning.

COMPACT

Our compact scrubbers are highly maneuverable, user-friendly and easy-to-maintain. They are built for tight spaces and smaller cleaning jobs, yet powerful and affordable.

CONFIGURATIONS & OPTIONS

All Kärcher compact scrubbers come standard with everything you need to get down to cleaning. We also offer products that make your scrubber more efficient – detergents, accessories and parts.
**WALK-BEHIND FLOOR SCRUBBERS** are the most diverse of the scrubber line-up. These innovative floor scrubbers are ideal for cleaning medium to large areas up to 28,000 square feet per hour efficiently.

---

**B 43/25**
- 24v battery with 76 Ah capacity
- cleans up to 18,500 Ft²/Hr
- 6.6 gallon fresh and recover tank

**B 50/50**
- (2) 12v/100 Ah AGM batteries
- cleans up to 13,200 Ft²/Hr
- can run in eco!efficiency mode
- runs in 3 modes - scrubbing and vacuuming, scrubbing only, vacuum only

**B 40**
- 3 battery types to choose from
- cleans up to 21,527 Ft²/Hr
- 10.6 gallon fresh and recover tank
- available with roller, disc or ORB

**B 60**
- choice of 24v, 330 or 335 Ah or 312 AGM batteries
- cleans up to 27,986 Ft²/Hr
- perfect for low noise environment
- 15.85 gallon fresh and recover tank

**B 80**
- choice of 24v, 225, 260 Ah and 255 Ah AGM batteries
- cleans up 32,292 Ft²/Hr
- 21.13 gallon fresh and recover tank

**B 80/100**
- choice of 24V / 271Ah or 285Ahs batteries
- cleans up 27,000 Ft²/Hr
- 26.4 gallon fresh and recover tank

---

**WALK-BEHIND B 60 W Bp**

Our walk-behind scrubbers are our most flexible machines, combining the ability to clean large areas (up to 27,986 Ft²/Hr) with maneuverability to get in tight spots. All come with powerful, long-lasting batteries.

**CONFIGURATIONS & OPTIONS**
Kärcher walk-behind scrubbers can be configured for a variety of purposes that will make them even more efficient, including pads for a variety of surfaces, extra batteries, as well as detergents for specific cleaning.
Stand-on and Ride-on scrubbers offer the most cleaning power and comfort. Designed for industrial use, these robust machines are capable of cleaning up to 178,144 Ft²/Hr.

**STAND-ON & RIDE-ON**

- scrub while you sweep |

Our stand-on and ride-on scrubbers can cover a lot of territory in an hour, dramatically increasing your productivity. They are made for the biggest jobs and you will find them in airports, malls, factories and facilities. They are built for high capacity, professional cleaning.

**CONFIGURATIONS & OPTIONS**

All Kärcher ride-on scrubbers are sold ready to take on any job, but we offer accessories that make them even better cleaning machines, including illumination for darker work areas, special brush kits, roofs, and signal lights.
### Importance of proper cleaning with Kärcher Scrubbers

Keeping soils from entering the facility is the most critical and most overlooked component of floor maintenance. Highly efficient and effective floor care programs take an 'outside-in' approach, beginning where the soils originate - outside. Exterior paved areas like parking garages, parking lots and walkways should be addressed before soils even enter the facility. Preventative cleaning uses less labor, less chemical, and lower overall cleaning cost.

- **Preventative (P):** Stopping the soils from entering the facility through removal or containment.
- **Daily (D):** Removing soils daily to minimize their damage to carpet and hard floor finish.
- **Interim (I):** Maintaining a high level of appearance with minimal labor, chemical and water.
- **Restorative (R):** Intensive cleaning designed to restore the carpet or finish as close to original as possible.
