# TAKE IT EASY

Zero holding strength. No tiring. No stress. The EASY!Force HP trigger gun protects joints, muscles and the entire body. In the comparison test, our EASY!Force impressed all users, both men and women. Our EASY!Force high-pressure gun will relieve you and enable you to work more effectively without tiring.

# EVERYTHING FOR A CLEAN VEHICLE

You know what you want: the ideal system for cleaning cars, inside and outside. Designed to be highly efficient, have a long service life, produce perfect cleaning results, consume little water and be eco-friendly. Our wash systems are just what you need: tailored precisely to suit your requirements.

[www.kaercher.com](http://www.kaercher.com)

# SPARKLING RESULTS EN ROUTE

For cleaning commercial vehicles, you need systems with a clean bill of health. We provide perfectly matched system solutions that can rise to any challenge, so you can clean trucks and buses of every size. The effect is immediately visible, and the systems are economically efficient. [www.kaercher.com](http://www.kaercher.com)

# MAKE WAY FOR THE POWER OF THE SUN

Dirt from dust, soot and pollen reduces the performance of your photovoltaic and solar thermal modules on roofs by up to 30 percent, in open spaces by up to 10 percent. The natural effects of rain, condensation and wind are not sufficient to effectively clean the modules.

[www.kaercher.com](http://www.kaercher.com)

# SIMPLY A QUESTION OF TACT

Fine dust is dangerous to health. To ensure that you have the best protection against fine dust, we have made our Tact system even better. The result is a powerful Tact vacuum cleaner with highly efficient filter cleaning and a worldwide unique filter service life of 180 kg of fine dust (mineral dust category A) until the filter needs to be cleaned manually. This results in even longer periods of uninterrupted operation with constant suction power and better protection against fine dust. [www.kaercher.com](http://www.kaercher.com)

# PERFECTION IN 10 MINUTES.

## CHALLENGE ACCEPTED.

The hot-water high-pressure cleaner is coming to do its work. It quickly and thoroughly removes even the most stubborn dirt from vehicles and thus accelerates the work to ensure greater efficiency. Discover the entire range at [www.kaercher.com](http://www.kaercher.com)

# DETERGENTS

Kärcher cleaning and care agents are just as versatile and powerful as the machines in which they are used – because they are specially developed for use with Kärcher cleaning machines. Only in this way can the performance of the system, consisting of machine and cleaning agent, be fully exploited.
