

HOTSY CLEANING SOLUTIONS

OIL & GAS MINING

We've been cleaning specialists in the **oil and gas mining industry** for **over 50 years**.

Because clean equipment lasts longer, Hotsy pressure washers pay for themselves in early detection of oil leaks and potential repairs. A Hotsy also keeps dust and dirt from choking the cooling system and overheating the engine.

- Choose from over 150 models
- Hot water gas engine machines built to be easily bolted to trailers or truck beds
- LP and Natural gas stationary units for equipment rooms and wash bay applications
- Portable oil fired units for multiple locations
- Heavy welded steel frame and chassis; durable powder coat paint resists years of corrosion and rugged use
- Gas engine belt drive units will draw water 12-ft to themselves; easily adapted to water tanks, water trucks and other water sources
- Designed and built to use with high-pressure detergent for heavy-duty, caked-on dirt, grease and grime
- Hot water cleans best and Hotsy is North America's #1 Name in High-Pressure Cleaning Systems

Hotsy pumps carry a 7-year warranty and a 5-year heater coil warranty. All Hotsy models are ETL-Certified to rigid UL safety standards.

ACCESSORIES

Clean Better with Hotsy Detergents

Hotsy pressure washers and parts washers clean best when matched with specially formulated Hotsy detergents. More than 50 liquids and powders meet every cleaning need imaginable. Nearly all contain Hotsy's exclusive advanced-formula HCC additives to help prevent scale build-up and to fight corrosion in your equipment. All are highly concentrated, so a little goes a long way.

Outstanding Local Service

Hotsy has more than 175 local distributors in North America, all factory-trained to properly evaluate your high-pressure cleaning needs.

Over 80% of Hotsy's distributors have been supporting Hotsy systems for more than 30 years.

Rely on our network of seasoned service professionals for the safest, most effective and most efficient solution to your specific cleaning need.
