# BRING BACK THE WOW.

Simply good. For you and everything that is important to you:  
the WOW products 2023 on [karcher.com](https://www.karcher.com)

HOME & GARDEN

**BRING  
BACK  
THE  
WOW.**

### **Rationally speaking**

We all have our own idea of what is beautiful, what is clean, what is well-kept. In short: what WOW looks like. Sooner or later, however, we all have to get to work with a vacuum cleaner, a mop, a sponge and usually a rather mediocre mood. From a purely rational point of view, this is also a sensible decision. After all, good cleaning and care play a key role in ensuring that things function properly, thrive better, increase in value and generally last much longer. That is always good, but especially at a time when there is a lot of talk about saving and sustainability.

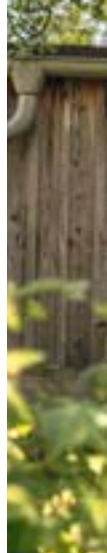

### **Emotionally**

Even if the cleaning and maintenance are not much fun for most people, the result is great for everyone. After the work is done, the car feels better, the shared flat's tiny bathroom suddenly feels like a wellness oasis and the garden exudes the neatness of a private park. And sustainability also has an emotional component: when brand new possessions get the chance to become real favourites through good care. Reliable companions that will give you pleasure and elicit a WOW again and again over the years.

### **Simply WOW**

Every WOW is different. We can support you in getting yours back again and again. With all our expert and product knowledge, our goal is to bring you as much WOW as possible with as little effort as possible.

# KÄRCHER BATTERY UNIVERSE

**#BringBackTheWOW.**

**»Many devices, one battery – good for you and the environment. «**

### **Galactic power**

Want to avoid a clutter of cables in your house or the risk of cutting through a cable in your garden? Then enter the Kärcher Battery Universe. The battery-powered garden tools and cleaning devices are out of this world. Boasting maximum freedom of movement and ready to use within seconds, they are reliable helpers in the Kärcher quality you are used to.

### **Endless possibilities**

Whilst not entirely weightless, the powerful 18 V Kärcher Battery Power platform devices are ultra-light and practical, making them ideal for all applications indoors and outdoors. If more power is needed, the powerful products from the 36 V Kärcher Battery Power platform spark real joy around the home.

## FREEDOM AS A WAY OF LIFE

Without a cable, these devices are ready to use immediately, allowing you to move around your hedge, lawn or patio as required. High-performance lithium-ion cells and an electronics system designed to work perfectly with them make Kärcher batteries especially powerful.

**ONLY AT  
KÄRCHER**

#### **Automatic storage mode**

Increased cell lifetime thanks to automatic processor-based storage mode.

#### **Intelligent cell monitoring**

Protects against overloading, overheating and deep discharging.

#### **Powerful lithium-ion cells**

These guarantee consistent power with low self-discharge and no memory effect.

#### **Robust battery**

Kärcher's battery casings are particularly shock-resistant.

**ONLY AT  
KÄRCHER**

#### **LCD display with Real Time Technology**

The integrated LCD display shows either the charging state, the remaining run time or the remaining charging time.

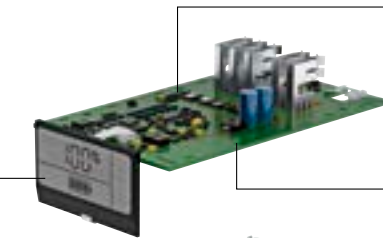

#### **Efficient temperature management**

Efficient heat buffering and intelligent battery management ensure maximum performance for applications with high power requirements.

#### **Splash-proof**

The IPX5-certified battery is splash-proof and thus perfect for all outdoor applications.

**ONLY AT  
KÄRCHER**

# WITH REAL TIME TECHNOLOGY THAT WILL NEVER LET YOU DOWN

With unique Real Time Technology from Kärcher, your work will never come to an abrupt stop again. Because you can accurately check the battery status at all times. And this is not just an approximate indication, as is the case with standard LED displays, but is accurate down to the minute during use. So at a glance you'll be able to tell whether it's worth starting to vacuum your car after cutting the hedge or if the battery has to be put in the charging station first. During the charging process, you can also keep an eye on the time remaining until the battery is fully charged, allowing you to safely use this time for something else.

## ADVANTAGES THAT MAKE THE DIFFERENCE

- The remaining battery run time for the device is shown in minutes during use.
- The remaining battery charging time is shown in minutes during the charging process.
- The battery capacity is shown as a percentage during storage.

## #BringBackTheWOW.

### 1 Real Time Technology

The unparalleled Kärcher Real Time Technology provides users with the best possible information. Unlike conventional LED displays, this technology provides a detailed display of the operating status and charging state.

### 2 Remaining run time in minutes

Users are provided with continuously updated information regarding the remaining run time during use and therefore know when the battery needs to be changed or charged, down to the minute. The run time is adjusted to match the specific device.

### 3 Battery capacity as a percentage

The battery capacity can be read at a glance.

### 4 Remaining charging time in minutes

The remaining charging time is shown on the display during the charging process. This ensures that users can know exactly when they can start work again.

Plug it in and off you go. Our 18 V and 36 V Battery Power Starter Kits provide devices that don't include a battery in their scope of supply with the necessary power to achieve great things. Or provide your existing devices with an upgrade that will get even more power out of them.

#### Starter Kit Battery Power 36/50

- Includes 36 V / 5.0 Ah Kärcher Battery Power exchangeable battery and 36 V Kärcher Battery Power fast charger
- With innovative Real Time Technology: the battery display shows a precise indication of the remaining run time

Battery voltage: 36 V

Battery capacity: 5.0 Ah

Charging current: 2.5 A

Charging time (80/100 %): 98/138 min

**Order no.: 2.445-065.0**

#### Starter Kit Battery Power 36/25

- Includes 36 V / 2.5 Ah Kärcher Battery Power exchangeable battery and 36 V Kärcher Battery Power fast charger
- With innovative Real Time Technology: the battery display shows a precise indication of the remaining run time

Battery voltage: 36 V

Battery capacity: 2.5 Ah

Charging current: 2.5 A

Charging time (80/100 %): 48/78 min

**Order no.: 2.445-064.0**

#### Starter Kit Battery Power 18/50

- Includes 18 V / 5.0 Ah Kärcher Battery Power exchangeable battery and 18 V Kärcher Battery Power fast charger
- With innovative Real Time Technology: the battery display shows a precise indication of the remaining run time

Battery voltage: 18 V

Battery capacity: 5.0 Ah

Charging current: 2.5 A

Charging time (80/100%): 94/143 min

**Order no.: 2.445-063.0**

#### Starter Kit Battery Power 18/25

- Includes 18 V / 2.5 Ah Kärcher Battery Power exchangeable battery and 18 V Kärcher Battery Power fast charger
- With innovative Real Time Technology: the battery display shows a precise indication of the remaining run time

Battery voltage: 18 V

Battery capacity: 2.5 Ah

Charging current: 2.5 A

Charging time (80/100%): 44/83 min

**Order no.: 2.445-062.0**

Would you rather have maximum power or less weight? As a general rule, when maximum performance is required and large areas need to be worked on, the 36 V Kärcher Battery Power batteries will come out on top. In contrast, the 18 V batteries are significantly lighter and more compact. This is the advantage of the Kärcher Battery Universe: as long as they are in the same voltage class, you can combine devices and batteries as you wish – allowing you to continuously rearrange, complement or expand your own personal battery range.

#### Battery Power 36/50

- 36 V / 5.0 Ah Kärcher Battery Power exchangeable battery
- With innovative Real Time Technology: the battery display shows a precise indication of the remaining run time

Battery voltage: 36 V

Battery capacity: 5.0 Ah

Weight: 1.5 kg

Dimensions (L × W × H): 134 × 88 × 118 mm

**Order no.: 2.445-031.0**

#### Battery Power 36/25

- 36 V / 2.5 Ah Kärcher Battery Power exchangeable battery
- With innovative Real Time Technology: the battery display shows a precise indication of the remaining run time

Battery voltage: 36 V

Battery capacity: 2.5 Ah

Weight: 0.9 kg

Dimensions (L × W × H): 134 × 88 × 73 mm

**Order no.: 2.445-030.0**

#### Fast charger Battery Power 36 V

- Fast recharging of 36 V Kärcher exchangeable batteries

Charging current: 2.5 A

**Order no.: 2.445-033.0**

### Battery Power 18/50

- 18 V/5.0 Ah Kärcher Battery Power exchangeable battery
- With innovative Real Time Technology: the battery display shows a precise indication of the remaining run time

Battery voltage: 18 V

Battery capacity: 5.0 Ah

Weight: 0.8 kg

Dimensions (L × W × H): 134 × 88 × 73 mm

**Order no.: 2.445-035.0**

### Battery Power 18/25

- 18 V/2.5 Ah Kärcher Battery Power exchangeable battery
- With innovative Real Time Technology: the battery display shows a precise indication of the remaining run time

Battery voltage: 18 V

Battery capacity: 2.5 Ah

Weight: 0.5 kg

Dimensions (L × W × H): 133 × 88 × 50 mm

**Order no.: 2.445-034.0**

### Fast charger Battery Power 18 V

- Fast recharging of 18 V Kärcher exchangeable batteries

Charging current: 2.5 A

**Order no.: 2.445-032.0**

# THE CLEANING EXPERT FOR YOUR POCKET

**#BringBackTheWOW.**

**› The Kärcher Home & Garden app is available free of charge from the Apple Store or the Google Play Store. Simply download it and get started with smart device control and application advice. ◀**

### **Smart cleaning**

With our homes getting smarter, it only makes sense that our cleaning should too. The Kärcher Home & Garden app can help you with this. The app's application advisor turns you into a cleaning expert, showing you the many possible fields of application for your products and how you can best use them. This is how you give your things back their WOW step by step, thoroughly and gently. In addition, there are lots of tips and tricks for cleaning, maintenance and care instructions as well as help in case of problems. Pretty smart, right?

### **Smart control**

For pressure washers with Smart Control, you can adjust the settings manually or transfer the setting recommended in the application advisor for your specific cleaning situation directly to the device via Bluetooth. It almost feels a bit mean because the combination of Kärcher high-pressure power and our cumulative expertise means dirt doesn't stand a chance.

# EXPERT KNOWLEDGE FOR ALL

Cleaning patios or the car - the Kärcher Home & Garden app makes everything simpler. The app doesn't just let you control your smart helpers; it also helps you with every step of the initial start-up for new devices and gives you access to many additional services. With pressure washers from the Smart and Power Control range, you get a wealth of expert knowledge on the subject of high-pressure cleaning via the application advisor. For example, with step-by-step instructions that are precisely tailored to your device and accessories, allowing you to get the most out of your products, avoid damage and gently and effectively give your favourite pieces back their WOW.

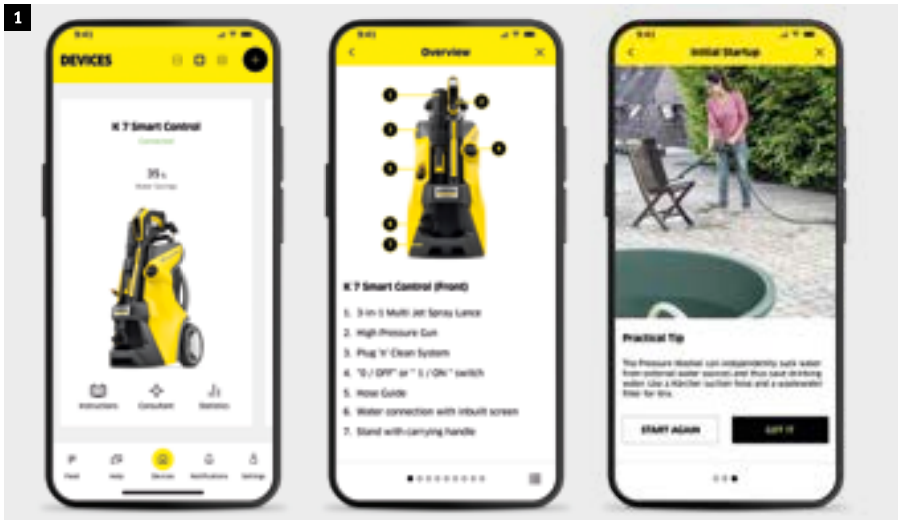

With the Kärcher Home & Garden app, you can already control all pressure washers in the Smart Control range and will be able to control many more smart devices in your home in the future. The app can be downloaded free of charge from the App Store and Google Play.

## ADVANTAGES THAT MAKE THE DIFFERENCE

- Make the most of products and accessories and discover additional application options.
- Gentler and more efficient results with a WOW effect thanks to the step-by-step instructions in the application advisor.
- Smart devices are optionally controllable via the app.
- Avoid usage errors and accidental damage.
- Order accessories and detergents directly from the app.
- Tips and inspiration for smart products.
- Statistics for better insight into your device usage.

# #BringBackTheWOW.

1 **Smart informed**  
Super practical: with the Home & Garden app, you have all the information about your devices with you, wherever you are.

2 **Smart Control**  
Easily connect your devices via Bluetooth and use the application advisor for the best cleaning results and maximum WOW.

**BRING

# #BringBackTheWOW.

»To get that “freshly cleaned” feeling without any stress is just WOW!«

## Clever and always clean

If you have more pleasant things to think about than cleaning floors, why not leave them to our cleaning robots? The RCV 3 and the top model RCV 5 with additional object detection ensure thoroughly clean floors by vacuuming and mopping independently. For perfect cleaning results, they can be equipped with the wiping unit for wet cleaning that is included in the scope of supply. This picks up even the finest dust and light dirt.

## Freshly cleaned at the touch of a button

For maximum convenience and flexibility, the cleaning process can be started conveniently via the app, automatically according to a predefined schedule or directly on the device. When the robot is activated, it does its work independently, charges its battery if necessary and returns to its station after cleaning. The best part is that you don't need to lift any more than a finger.

## DO I REALLY NEED TO DO EVERYTHING MYSELF?

There are quite a few unpleasant tasks in life that unfortunately cannot be avoided. With this in mind, you will be happy to hear that you can make that to-do list a little shorter with a clever gadget. And then you can enjoy the relaxing view of your sparkling clean floors and think about how you can use the time you have gained for more pleasant things.

## RCV 5

Run time: 120 min

Suction power: 5,000 Pa

Dust container: 330 ml

Fresh water tank: 240 ml

Multi-day storage in the app

**Order no.: 1.269-640-0**

### Kärcher Home Robots

With the app, you can control your cleaning robot wherever you are, get status updates and view the cleaning progress. Thanks to the detailed map of your rooms, you can determine exactly where to clean and where not to clean.

### Fresh water tank

For moistening the wiping cloth. You can easily set the amount of water to be used for cleaning via the app.

### LiDAR navigation

With its fast and robust LiDAR navigation, the robot scans your rooms and thus has the best maps to navigate safely through them, even in the dark.

### Waste container

Once vacuumed, dry dirt is reliably collected in the container.

### Operation via controls on the device

Switch the robot on or off directly at the device and send it back to the station. The LED shows you the device status at a glance.

### Voice output

Communication is everything. That's why your robot gives you important information via voice output in addition to signal tones.

### Object detection

Dual laser system with camera for object detection and avoidance. The robot recognises small obstacles and drives around them.

### Mop plate with microfibre cleaning cloth

To damp mop certain areas, there is an optional mop plate included with a microfibre cloth that is moistened with fresh water from its own tank.

### Rotating cleaning brush and suction fan

The combination of rotating brush and suction function removes coarse dirt as well as fine dust for excellent cleaning performance.

# SMART CONTROL MEANS CLEVER VACUUMING

Before your first clean, your new cleaner needs a short orientation session. Send the robot on an exploration tour via the app and it will automatically create a map of the rooms by detecting its surroundings (LiDAR). If you want, you can then set your own cleaning parameters for each of them and decide, for example, where only vacuuming but not mopping should take place or exclude areas from cleaning. If you have several floors, you can repeat the orientation tour on the other floors and save the information on a separate map.

For cleaning, you can conveniently start the robot via the app, using a preset individual schedule or by pressing a button on the device. In the app, you can then also track where it is currently and what it has already achieved. If your robotic vacuum cleaner needs your help, it will tell you via voice output and instructions in the app.

Once started, the robot systematically cleans your floors. Dirt is reliably transported into the built-in waste container by the rotating brush, the side brush for corners and the fan. If required, you can equip the device with a wiping unit and fill fresh water into the fresh water tank, thus ensuring even better cleaning results through damp mopping. What is especially clever is that, thanks to artificial intelligence and a dual-laser system with camera, the top model RCV 5 also recognises and avoids flat obstacles such as cables or shoes so that virtually nothing can stand in the way of cleaning.

## ADVANTAGES THAT MAKE THE DIFFERENCE

- Autonomous cleaning of all hard floors and low-pile carpets.
- Fully controllable via the app and with many individually adjustable functions such as cleaning times, no-go areas and spot cleaning.
- Can store cleaning programmes and maps for several floors.
- Robot charges independently.
- Wiping unit for damp cleaning hard surfaces.
- RCV 5: autonomous detection and avoidance of obstacles through artificial intelligence.

**1** **Precise LiDAR navigation** for detailed mapping and efficient autonomous cleaning.

**2** **Sweeping brush, suction fan and wiping unit** work together to ensure cleanliness. And in corners and edges, the side brush does the rest.

**3** **Smart, convenient control via app** for maximum flexibility and a wide range of customisation options.

**4** **Artificial intelligence** helps the RCV 5 to avoid even complex obstacles such as cables or shoes without any issues.

Keep your feet on the ground: here you will find the most important facts to help you choose one of our modern household helpers. And to ensure that it always delivers clean results, there are our original accessories and spare parts.

NEW

RCV 5

- AI and dual laser with object detection and avoidance camera
- Precise LiDAR navigation for detailed mapping
- Carpet detection with autoboot

# EXACTLY AS YOU LIKE IT

# #BringBackTheWOW.

» **Battery power for everyone.**  
The cordless vacuum cleaners from the VC range keep households spotless, however big or small. ◀

## Superpowers

A single crumb is rarely alone. They prefer being together on the floor or on the sofa with dust, hair and other tiny particles. Fortunately, the powerful Kärcher vacuum cleaners get the dust moving and do what they do best – provide super vacuuming results.

## For everyone

That's right, we have them all: vacuum cleaners for allergy sufferers. For families. For single households. For large and small homes. With bags and without bags. We have the appropriate vacuum cleaner for each use and for every demand. We have vacuum cleaners that remove dust and dirt from carpets and tiles as well as parquet floors.

## WITH EVERYTHING BUT A CORD

If you have plenty of vacuuming to do, but don't fancy hauling lots of stuff around, the bagless VC 6 Cordless ourFamily vacuum cleaner should be just your cup of tea. Super compact but also super powerful thanks to the efficient brushless motor. It enables you to vacuum for around 50 minutes per charge – that's enough to clean every inch of even larger homes. And the practical locking button means you don't even need to keep the power button pressed down. Its little brother, the VC 4 Cordless myHome, is perfectly suited for smaller homes but has almost as many clever features as its larger sibling.

## VC 6 Cordless ourFamily

Run time: 50 min

HEPA 12 filter in accordance with EN 1822:1998

Battery voltage: 25.2 V

Order no.: 1.198-660.0

### Compact design

Lightweight and ergonomic for effortless vacuuming.

### Clear LED display

See charge level and more feedback at a glance.

### Easy-to-switch accessories

Clever mounting options for a variety of accessories that make the VC 6 even more versatile.

### Efficient technology

With up to 50 minutes of run time, it is perfectly suited to cleaning even larger homes.

### Easy to use

Quick and easily adjustable power settings with a locking button for continuous use and boost mode for intensive spot cleaning.

### Wall bracket including charging option

The wall bracket means the device can be stowed away quickly and easily, and it's convenient for charging too.

### Cordless freedom with the lithium-ion battery

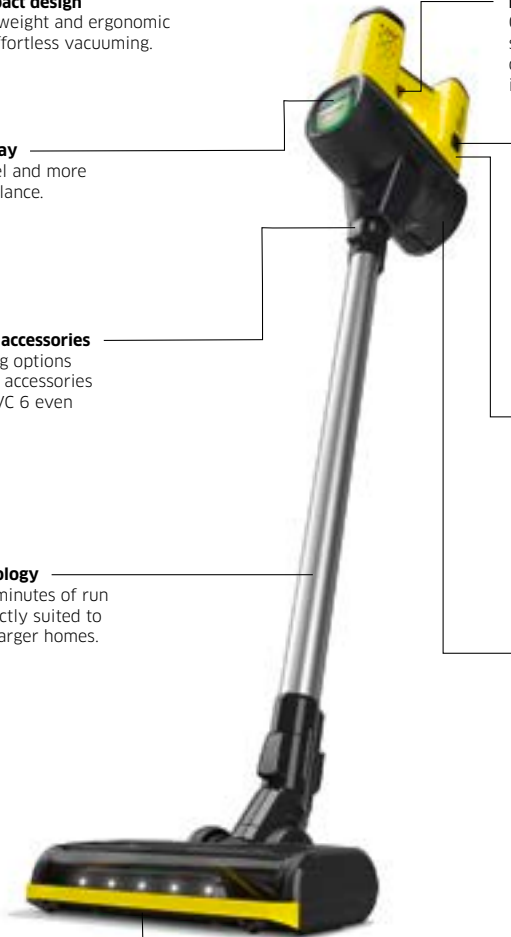

It gets everywhere, into every corner, can be stored anywhere and lasts a long time: meet the VC 6 Cordless ourFamily battery-powered vacuum cleaner with maximum freedom of movement.

### Practically designed filter system

Cyclone, air inlet and HEPA hygiene filter for three-level filtering and single-click filter emptying. Magnetic locking makes changing the HEPA 12 filter\* super simple.

### Active floor nozzle

Optimal dirt pick-up thanks to motorised rollers and extreme manoeuvrability for effortless vacuuming under furniture. With the active universal floor nozzle, which is suitable for hard floors and carpets.

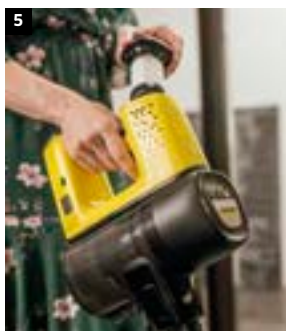

# MAX POWER FOR BIG AND SMALL

The new VC 6 Cordless ourFamily and VC 4 myHome battery-powered vacuum cleaners don't just look great. Their well-thought-out ergonomic design makes vacuuming easy, even under furniture, so your home looks spotless from top to bottom. For long periods vacuuming, simply click on the locking button, saving you the effort of holding down the power button. Speaking of saving: the bagless system means you don't have to keep buying expensive dust bags either. And, instead of fiddly bag removal and replacement, you simply empty the dust filter at the push of a button. Small homes can be cleaned with no cord, and next-to-no effort, using the VC 4 Cordless myHome. For larger living spaces, the VC 6 Cordless ourFamily is the right choice. Its even-more-powerful brushless motor and the LED lighting help you clean for up to 50 minutes to get your whole home looking WOW again. And if you prefer to work with a cord, just like in the good old days, the VC 5 is your compact cleaning aid for every possible application.

## ADVANTAGES THAT MAKE THE DIFFERENCE

- The same high-quality cleaning performance as those large canister vacuum cleaners.
- We've got something for every household, with the VC 4 Cordless myHome for smaller spaces and the VC 6 Cordless ourFamily for larger ones.
- The bagless system saves money and protects the environment.
- Powerful lithium-ion battery and efficient motor for long-lasting suction power.

**1 Flexible joint**  
Manoeuvre under and around furniture with ease.

**2 Single-click dust container emptying**  
Easy and hygienic emptying without dirt contact.

**3 Active floor nozzle**  
Reliable dirt pick-up on carpets and hard floors.

**4 Easy and reliable**  
Air inlet filter to filter out fine dirt particles while vacuuming.

**5 Clean emissions**  
Thanks to the intelligent, integrated HEPA 12 emissions filter,\* the Kärcher VC ensures your air is clean after vacuuming.

## **YOUR ALWAYS-ON-HAND VACUUM CLEANER**

Small, yellow, powerful: with the battery-powered CVH 2 handheld vacuum cleaner, dry dirt is gone as quickly as it came. Without any fuss, the compact vacuum cleaner takes care of the little crumbs at the breakfast table just as reliably as dust and hair on the car seat. Its 2-stage filter system ensures clean exhaust air at the same time. Simply perfect to quickly give your house or car their WOW factor back.

**NEW**

## CVH 2

Run time: 10 min

HEPA filter in accordance with EN 1822:1998

Battery voltage: 7.2 V

**Order no.: 1.198-401.0**

### Easy to use

Clear LED battery status display.

### Efficient cleaning

Washable filter and dust container - simply clean under running water and reuse.

### Ready for use at any time

Convenient USB port for fast and convenient charging.

### Sophisticated filter system

2-stage filter with fine steel mesh for coarse dirt and hair and HEPA filter\* for particularly clean exhaust air.

### Practical accessories

2-in-1 crevice nozzle with folding mechanism for cleaning sensitive surfaces and hard-to-reach places.

Particularly compact or particularly powerful? With battery or mains cable? Particularly space-saving for one-person households or with extra power for large living spaces or families? With or without bag, or with water filter for allergy sufferers? With us, you have the choice – and we have exactly the right vacuum cleaner for your personal WOW!

#### VC 4 Cordless myHome

- Ideal for quick and reliable cleaning in smaller homes
- Comfortable weight for effortless vacuuming
- Bagless filter system

Voltage: 21.6 V

Run time: max. 30 min

Exhaust air foam filter

**Order no.: 1.198-620.0**

#### VC 5

- Ideal for small households with limited storage space
- Bagless filter system: filter can be emptied quickly without expensive follow-up costs for filter bags

Rated input power: 500 W

Main and long-life filter

HEPA filter (EN 1822:1998)

**Order no.: 1.349-100.0**

#### VC 3

- Ideal for cleaning flats and smaller houses
- Bagless multi-cyclone vacuum cleaner

Rated input power: 700 W

Transparent waste container

HEPA 12 filter (EN 1822:1998)

**Order no.: 1.198-125.0**

## VC 2

- Ideal for cleaning flats and smaller houses
- Includes an accessory compartment, which neatly stores a crevice nozzle and a soft dusting brush

Rated input power: 700 W

Large fleece filter bag

HEPA 12 filter (EN 1822:1998)

**Order no.: 1.198-105.0**

## DS 6 Waterfilter

- The solution for allergy sufferers
- Water filter bath instead of a filter bag
- For an enjoyable indoor climate - in addition to floors being thoroughly cleaned, the room air is also fresh and clean

Rated input power: 650 W

Crevice nozzle, upholstery nozzle

HEPA 12 filter (EN 1822:1998)

**Order no.: 1.195-220.0**

## CVH 2

- Lightweight and compact for completing small daily cleaning tasks
- Ready for immediate use thanks to the compact design and easy-to-use accessories

Voltage: 7.2 V

Run time: max. 10 min

HEPA filter (EN 1822:1998)

**Order no.: 1.198-401.0**

# THE KEY TO MORE CLEANLINESS

## Car accessories set

Order no.: 2.863-323.0

## Gentle motorised hard floor nozzle

Order no.: 2.863-322.0

## Thorough and gentle

Our car accessories set brings back that new-car WOW, with a flexible crevice nozzle for hard-to-reach spaces, wide upholstery nozzle for seats and a flexible hose. From wood to marble, the hard floor nozzle with an LED front light gets all hard floors clean. Its ultra-gentle motorised brushes remove dust without leaving any scratches.

## Filter cleaning tool

Order no.: 2.863-321.0

## Soft brush

Order no.: 2.863-320.0

## Sustainable and careful

The cleaning tool will have your air inlet filter ready to use again in no time at all. It saves money and protects the environment. Thanks to the large surface of the soft brush, it's exceptionally easy to clean delicate surfaces without damaging them. The angled bristles are simply perfect for tackling dust.

## Air inlet filter

Order no.: 2.863-319.0

## HEPA 12 filter\*

Order no.: 2.863-318.0

## Safe and clean

The air inlet filter filters out coarse dust particles before the air is cleaned by the HEPA filter.\* The HEPA 12 filter\* removes even pollen and allergy-triggering particles. This means that the vacuum cleaner's emissions are cleaner than the air in the room. To ensure reliable performance, the filter should be changed annually.

## Sponge filter

Order no.: 2.863-317.0

## HEPA filter set\* CVH 2

Order no.: 2.863-328.0

NEW

## Double-cleaned

The sponge filter ensures that the air being suctioned in is cleaned again, filtering out fine dirt particles. The filter should be changed once a year to ensure optimal filtering. However, to ensure that the exhaust air is also reliably filtered and particularly clean, the HEPA fine dust filter on the CVH 2 should be replaced every six months.

**DS parquet nozzle**

Order no.: 2.863-302.0

**Turbo mini brush**

Order no.: 2.863-090.0

**NEW****Practical special nozzles**

The parquet nozzle with soft bristles made of natural hair is particularly suitable for gently and carefully cleaning scratch-sensitive hard floors such as parquet and laminate. The small, electrically powered upholstery nozzle for all VC 4 Cordless myHome and VC 6 Cordless ourFamily models is ideal for removing pet hair from upholstered furniture or cleaning mattresses.

**Turbo upholstery nozzle  
VC 5, DS**

Order no.: 2.903-001.0

**Soft dusting brush**

Order no.: 2.863-241.0

**Even more specialists**

Special nozzle types for optimum cleanliness, and not just on the floor. The turbo upholstery nozzle, with its air-powered rotating brush, cleans upholstered furniture and textile surfaces, for example in the car, especially thoroughly. Ideal for removing pet hair. Delicate surfaces can be cleaned gently using the soft dusting brush.

**VC 5  
HEPA hygiene filter\***

Order no.: 2.863-240.0

**VC 2  
fleece filter bag**

Order no.: 2.863-236.0

**Strong filters**

The filters reliably keep dust and dirt inside the device. Using the HEPA hygiene filter\* makes the exhaust air cleaner than the room air.

**FoamStop neutral, 125 ml**

Order no.: 6.295-873.0

**FoamStop fruity, 125 ml**

Order no.: 6.295-875.0

**Self-standing  
parking position**

Order no.: 2.863-089.0

**NEW****Clever helpers**

The FoamStop defoaming agent for the DS 6, in neutral or with allergen-free fruity aroma, starts working effectively right away to get rid of annoying foam. The self-standing parking station for all VC 6 Cordless ourFamily models requires no assembly. In it, the vacuum cleaner and accessories can be neatly stored and charged at the same time.

SPECIAL VACUUM AND  
SPRAY EXTRACTION CLEANERS

# SPECIAL PROBLEM SOLVERS

**»Only Kärcher is so clean - and so convenient.«**

### **Cleaning solutions for every niche**

You'll go from saying "Who needs that?" to "I'll never do it any other way!" after using any of our special vacuum or spray extraction cleaners just once. Because they provide particularly clean solutions to special challenges - with battery power for flexible use far from the power outlet or corded for large cleaning tasks. For example, when comfortably removing cold ash from the stove or barbecue with our AD 2 Battery Set ash and dry vacuum cleaner, or when deep-cleaning carpets and all textile surfaces in the home and car with the SE 3-18 Compact battery spray extraction cleaner.

## YOUR NEW CLEAN

After cleaning, you can see how dirty your car's carpets and upholstery really were, not only from the clean upholstery but also from the colour of the dirty water in the SE 3-18 Compact battery spray extraction cleaner's tank. This device from the 18 V Kärcher Battery Power range cleans as powerfully as our spray extraction cleaners with mains cable and is super flexible at the same time. This makes the SE 3-18 Compact simply perfect for removing deep-seated dirt from textile surfaces such as car seats and carpets, doormats, but also from garden furniture, upholstery or fabric covers, at any time and any place. Turning "clean" into a fibre-deep WOW-clean.

#### SE 3-18 Compact

Fresh water tank: 1.9 l

Suction hose length: 1.9 m

Max. run time per battery charge:\*\* 12 min

Weight with accessories: 3.9 kg

Order no.: 1.081-500.0

**NEW**

#### System cleaning function

For easy, hygienic cleaning of hose and device after each use.

#### Storage shelf

Small parts and accessory parts are always within reach here.

#### Practical handle

For quick and comfortable transport to the place of use.

#### Accessories and hose storage

Everything is compactly stowed in or on the device and therefore ready for use at any time.

#### Cleaning accessories

Ideal for interior car cleaning: upholstery and crevice nozzle with spray and suction function and suction hose with swivel joint for more freedom of movement.

#### 18 V Kärcher Battery Power exchangeable battery\*\*

Can be used anywhere and compatible with the 18 V Kärcher Battery Power battery platform.

#### 2-tank system

Separate fresh and dirty water tanks for easy filling and convenient emptying without contact with dirt.

#### 2-in-1 hose

Long, flexible suction hose with internal spray hose for convenient cleaning even in narrow and hard-to-reach places in the vehicle.

#### Proven spray extraction technology

Simply switch on and get started – for fibre-deep cleaning of textile surfaces without compromise.

\* Maximum run time with an 18 V/2.5 Ah Kärcher Battery Power exchangeable battery.

\*\* 18 V Kärcher Battery Power exchangeable battery and battery charger not included in the scope of supply.

# DOWN TO THE SMALLEST FIBRE

When proven Kärcher spray extraction technology meets the 18 V Kärcher Battery Power battery platform, the level of flexibility and the possible fields of application are almost infinite. You can loosen and remove even deep-seated dirt efficiently and fibre-deep in one step. It sounds complicated, but the device is almost as easy to use as a vacuum cleaner – and ideal for convenient and extremely effective cleaning in the car.

## ADVANTAGES THAT MAKE THE DIFFERENCE

- Fast, fibre-deep cleaning of textile surfaces with proven Kärcher spray extraction technology.
- Convenient 2-in-1 hose with internal spray hose and special upholstery and crevice nozzle. Ideal for interior car cleaning, even in narrow and hard-to-reach places.
- Can be used anywhere with maximum freedom of movement and is fully compatible with the 18 V Kärcher Battery Power battery platform – with cleaning results just as good as those of our corded spray extraction cleaners.
- Lasts longer for better cleaning. A 2.5 Ah Battery Power exchangeable battery\* lasts for up to 12 minutes of cleaning – enough time for an entire car.
- System cleaning function for easy, quick and hygienic cleaning of hose and device without contact with dirt. Dirt residues are effectively removed, bacteria and unpleasant odours are avoided and the device can be stowed away again immediately.

**1 Fibre-deep cleaning**  
Powerful and residue-free cleaning of all textile surfaces.

**2 Maximum freedom of movement**  
Full power without mains cable thanks to 18 V Kärcher Battery Power exchangeable battery.

**3 Hygienic system cleaning function**  
Simple, quick and hygienic cleaning of the device after each use.

## **FOR REALLY LARGE AMOUNTS OF DIRT**

Be it the fireplace, charcoal barbecue, garage or workshop, our AD 4 Premium ash and dry vacuum cleaner never runs out of steam. Enduring and effortless, it overcomes even large amounts of ash and coarse dirt. Should the suction power drop, a press of a button is enough for the innovative Kärcher ReBoost filter cleaning to kick in, ensuring higher suction power within seconds.

#### AD 4 Premium

Container capacity: 17 l

Container material: metal

Power cable: 4 m

Order no.: 1.629-731.0

#### Powerful efficiency

Maximum suction power with simultaneously reduced energy use. With integrated exhaust air filter for low exhaust emission levels.

#### Maximum convenience

You can manually remove the one-piece filter system (flat pleated filter plus metal coarse dirt filter) in just one step. The practical handle on the container makes it effortless to empty without getting your hands dirty.

#### Ideal accessory storage

Accessories can be conveniently stored on the sturdy bumper so that they are always within reach.

#### Flexible suction hose

PVC-covered metal suction hose with electrostatically conductive handle and optimal flow guarantees flexible and safe working.

#### Extremely long-lasting

Instead of laborious manual intermediate cleaning, simply activate the integrated ReBoost filter cleaning function. And keep vacuuming until the job is done.

#### High safety when working

Robust and safe design with a 17-litre metal container, chrome-plated suction tubes and flame-resistant materials.

#### Versatile use

Besides its functionality as an ash vacuum cleaner, the device can also be used anywhere the conditions are slightly harsher or where there is coarser dirt, such as in workshops or garages. The floor nozzle also allows it to be used as a fully-fledged dry vacuum cleaner.

How do you get carpets, cushions, mattresses and car seats clean and hygienic again? How do you easily remove and dispose of your cold ashes from the fire, wood stove or barbecue? We've got all the answers, with our powerful spray extraction cleaners and our high-performance ash and dry vacuum cleaners.

#### **SE 5.100**

- Ideal for allergy sufferers and households with pets
- For fibre-deep cleanliness without long drying times on textile surfaces such as carpets, upholstery and car seats

Max. rated input power of the turbine/pump: 1,400/40 W

Air flow: 70 l/s

Fresh/dirty water tank: 4 l

Power cable: 5 m

**Order no.: 1.081-200.0**

**NEW**

#### **SE 3-18 Compact**

- Fibre-deep cleaning of textile surfaces and ideal for interior car cleaning
- Compatible with all devices on the 18 V Kärcher Battery Power battery platform
- With 2-in-1 hose and hygienic system cleaning function

Fresh water tank: 1.9 l

Suction hose length: 1.9 m

Max. run time per battery charge:\* 12 min

Weight with accessories: 3.9 kg

**Order no.: 1.081-500.0**

#### AD 4 Premium

- Quick and safe removal of ash from fireplaces and barbecues
- With integrated filter cleaning for long-lasting suction power
- Flame-resistant material, metal container and metal hose – for maximum safety
- It can also be used as a dry vacuum cleaner (including suction tubes and floor nozzle)

Max. rated input power: 600 W

Container capacity: 17 l

Container material: metal

Power cable: 4 m

**Order no.: 1.629-731.0**

#### AD 2 Battery Set

- Quick and safe removal of ash from fireplaces and barbecues
- With integrated filter cleaning for long-lasting suction power
- Includes 18 V/2.5 Ah Kärcher Battery Power exchangeable battery and 18 V Kärcher Battery Power standard charger

Container capacity: 14 l

Container material: metal

Suction hose length: 1.2 m

Battery run time:\* up to 13 min

**Order no.: 1.348-301.0**

## SPECIAL VACUUM AND SPRAY EXTRACTION CLEANERS

Special tasks require specialist equipment. This ensures that your spray extraction cleaner or ash and dry vacuum cleaner can always tackle the dirtiest of jobs and still give the cleanest results.

**Upholstery spray  
extraction nozzle**  
Order no.: 2.885-018.0

**Carpet cleaner RM 519**  
Order no.: 6.295-771.0

### Spray extraction cleaner accessories

Upholstered furniture and car seats can be deep-cleaned using the upholstery spray extraction nozzle. Working width: 110 mm. The RM 519 liquid detergent with quick dry formula in the one-litre replacement bottle ensures fibre-deep cleanliness on carpets, upholstery, car seats, etc.

**Extra-long flame-resistant  
crevice nozzle**  
Order no.: 2.863-307.0

**Flat pleated filter  
KFI 7420**  
Order no.: 6.415-953.0  
**AD 4 Premium exhaust  
air filter KFI 7520 (2 pc)**  
Order no.: 2.863-262.0

### Ash and dry vacuum cleaner accessories

The extra-long crevice nozzle made of flame-resistant material is used for vacuuming cold ashes in hard-to-reach areas in fireplaces, tiled stoves or barbecues. The robust flat pleated filter ensures long-lasting suction power and the exhaust air filter guarantees that the AD 4 Premium's emissions are clean.

# CLEVER MULTITASKING

# #BringBackTheWOW.

»An absolute treasure. Anyone who has experienced just how clean floors can get using this will never part with their floor cleaner ever again.«

## Less back and forth

Your floor is your stage. Our floor cleaners leave your floor shining – cleaning approx. 20%\* more thoroughly and requiring far less effort than any mop. Instead of wiping dirt back and forth, the rollers with self-cleaning function simply absorb it and transport the dirty water into a tank. In doing so, our cleaners leave behind so little residual moisture that the show can go on in just two minutes.

## More swept off your feet

The floor may be hard, but that does not mean cleaning has to be as well. Clean everything easily using one of our floor cleaners. If you opt for one of our battery-powered all-in-one devices, you'll also enjoy maximum freedom of movement. Used in conjunction with perfectly tailored detergents, you can take care of hard floors such as tiles, laminate, all types of parquet or PVC gently, thoroughly and not just get them clean, but WOW.

\*The Kärcher floor cleaners achieve up to 20% better cleaning performance compared to a conventional mop with wiping cloth cover in the "Wiping" test category. Refers to average test results for cleaning efficiency, dirt pick-up and edge cleaning.

## GAME CHANGER

The FC 7 Cordless makes short work of the old household rule “First vacuum, then mop” just as easily as it does all types of dry and wet everyday dirt.\* Its two counter-rotating pairs of rollers get to work immediately and give your floor back its old shine in half the time.\*\* One press of a button on the handle is enough to adjust the water flow and roller speed to the floor or remove stubborn stains with the boost function. This way, anyone can get two things done at once, and without getting their hands dirty.

\*The FC 7 Cordless achieves up to 20% better cleaning performance compared to a conventional mop with wiping cloth cover in the “Wiping” test category. Refers to average test results for cleaning efficiency, dirt pick-up and edge cleaning.

\*\*The FC 7 Cordless saves you up to 50% cleaning time, as when dealing with common household dirt, hard floors can be cleaned in one work step and vacuum cleaning before wiping can be omitted.

## FC 7 Cordless

Area performance: approx. 135 m<sup>2</sup> per battery charge

Battery run time: approx. 45 min

Fresh water tank: 400 ml

Weight without accessories: 4.3 kg

Order no.: 1.055-730.0

## MAKES YOUR FLOORS LOOK LIKE NEW

Take your floor cleaning to a whole new level with the FC 4-4. The 2 rotating rollers effortlessly pick up dry and damp everyday dirt and don't even stop at hair. And because you also save yourself the annoying vacuuming beforehand, your floor looks WOW again in half the time. And if you would like to clean the whole flat more often, the 4 V Kärcher Battery Power exchangeable batteries allow you to extend the run time as much as you like.

#### FC 4-4 Battery Set

Area performance: approx. 90 m<sup>2</sup> per battery charge

Battery run time: up to 30 min

Fresh water tank: 400 ml

Weight without accessories: 3.5 kg

Order no.: 1.056-400.0

\*The FC 4-4 saves you up to 50% cleaning time, as when dealing with common household dirt, hard floors can be cleaned in one work step and vacuum cleaning before wiping can be omitted.

# MANUFACTURED WITH CLEANLINESS IN MIND

It may sound mundane, but it's actually pretty revolutionary: cleaner floors with clean water. This is why one side of the Kärcher floor cleaners' rotating rollers is continuously wetted with fresh water, while on the other side the dirty water is scraped off and collected in a tank. The dirt is actually absorbed and is not spread everywhere, as it would be with a mop that essentially just pushes dirt around.

Speaking of everywhere, due to their compact design and easy handling, the floor cleaners leave practically no corner untouched. And use so little water that even delicate parquet can be walked on again after just two minutes.

## ADVANTAGES THAT MAKE THE DIFFERENCE

- 20% better cleaning performance\* compared to a conventional mop, thanks to the innovative self-cleaning function of the rollers.
- Suitable for all hard floors, thanks to minimal residual moisture. The floors can be walked on again after approximately two minutes.
- Perfect corner and edge cleaning.
- More convenient than conventional methods.
- High-quality rollers, easy to wash (suitable for machine washing up to 60 °C).

\*The Kärcher floor cleaners achieve up to 20% better cleaning performance compared to a conventional mop with wiping cloth cover in the "Wiping" test category. Refers to average test results for cleaning efficiency, dirt pick-up and edge cleaning.

1

#### **Effortless wiping**

No dragging a bucket around, no wringing out the floor cleaning cloth by hand, no scrubbing.

2

#### **Innovative roller drive**

The drive located between the rollers makes it possible to clean right up to the edge.

3

#### **Quick floor drying time**

Suitable for all hard floors, including parquet, thanks to minimal residual moisture.

4

#### **Innovative self-cleaning function**

The rollers are continuously wetted with fresh water while the dirt mixture they pick up ends up in the dirty water tank.

5

#### **No contact with dirt**

The rollers are easy to remove without coming into contact with dirt. Machine-washable at 60 °C.

Do you simply want cleaning your floor to be quicker and more convenient? Or to be able to get the whole floor cleaning procedure over and done with in one go, preferably without having to vacuum beforehand? In the conventional way using a corded device or cordless with a powerful battery and maximum freedom of movement? Do you want to take extra care of your floor and polish it to a high gloss? We have a powerful solution for every task – and the choice is yours.

**FC 7 Cordless**

- Removes all types of dry and wet everyday dirt
- Adjustable water flow and roller rotation as well as boost function for stubborn dirt
- Self-standing

Area performance: approx. 135 m<sup>2</sup> per battery charge

Battery run time: approx. 45 min

Fresh water tank: 400 ml

Weight without accessories: 4.3 kg

**Order no.: 1.055-730.0**

**FC 5 Cordless**

- Removes dust and spillages
- Quick floor drying time
- Battery-powered

Area performance: approx. 60 m<sup>2</sup> per battery charge

Battery run time: approx. 20 min

Fresh water tank: 400 ml

Weight without accessories: 4.4 kg

**Order no.: 1.055-601.0**

**FC 5**

- Removes dust and spillages
- Quick floor drying time
- Cleans right up to the edge

Area performance: approx. 60 m<sup>2</sup> per tank filling

Rated input power: 460 W

Fresh water tank: 400 ml

Weight without accessories: 4.6 kg

**Order no.: 1.055-400.0**

#### FC 4-4 Battery Set

- Removes all types of dry and wet everyday dirt
- Water flow and roller rotation adjustable
- Self-standing
- Includes 2 × 2.5 Ah Kärcher Battery Power exchangeable batteries and 4 V Kärcher Battery Power fast charger Duo

Area performance: approx. 90 m² per battery charge

Battery run time: up to 30 min

Fresh water tank: 400 ml

Weight without accessories: 3.5 kg

**Order no.: 1.056-400.0**

#### FC 2-4 Battery Set

- Removes all types of dry and wet everyday dirt
- Self-standing
- Cleans perfectly under furniture
- Includes 1 × 2.5 Ah Kärcher Battery Power exchangeable battery and 4 V Kärcher Battery Power charger

Area performance: approx. 70 m² per battery charge

Battery run time: up to 20 min

Fresh water tank: 200 ml

Weight without accessories: 2.2 kg

**Order no.: 1.056-200.0**

#### FP 303 floor polisher

- For polishing hard floors
- Optimal result, thanks to a high number of rotations
- Reaches corners more easily with the triangular polishing head

Speed: 1,000 rpm

Rated input power: 600 W

Power cable: 7 m

Working width: 290 mm

**Order no.: 1.056-820.0**

Simply glide across the floor so effortlessly and elegantly ... and bring back the WOW with rollers that are perfectly compatible with the floor cleaner range and are tailored to the floor covering. After use, simply wash at 60 °C and they will be ready to go straight back out on the parquet.

**Multi-surface rollers,  
yellow**

Order no.: 2.055-006.0

**Multi-surface roller  
for FC 2-4, yellow**

Order no.: 2.863-329.0

**NEW**

**Top-quality multi-surface rollers, yellow**

For gentle damp cleaning and care of all hard floors. Lint-free, highly absorbent, hard-wearing and machine-washable at up to 60 °C. As a 2-piece set for all floor cleaner models with 2 rollers and the EWM 2 electric wiping mop as well as individually for the FC 2-4.

**Multi-surface rollers,  
grey**

Order no.: 2.055-007.0

**Top-quality multi-surface rollers, grey**

Identical to the yellow multi-surface rollers except for the colour and just as easy to change. With rollers in different colours for bathrooms and living areas, you can easily ensure a hygienic separation of the 2 application areas.

**Stone rollers**

Order no.: 2.055-021.0

**Stone roller  
for FC 2-4**

Order no.: 2.863-331.0

**NEW**

**Stone rollers for non-delicate hard floors**

For cleaning non-delicate hard floors such as stone and ceramic tiles. Thanks to integrated bristles, even stubborn dirt is removed effortlessly – including from crevices and joints. Machine washable up to 60 °C. For all floor cleaner models and the EWM 2 electric wiping mop and as a single roller for the FC 2-4.

#### **Suction head cover, yellow**

Order no.: 2.055-019.0

#### **FC 5 suction head cover for improved performance**

Ideal for all FC 5 devices which are not yet equipped with this tool as standard. The wider air channel and an integrated thread lifter improve the overall cleaning performance. Visit [www.karcher.com](http://www.karcher.com) for more information.

#### **Battery Power 4/25 battery**

Order no.: 2.443-002.0

**NEW**

#### **Exchangeable battery for extra power**

The lithium-ion exchangeable battery with 2.5 Ah is compatible with all 4 V Kärcher Battery Power devices. Simply swap and continue working while the empty battery is recharged.

#### **Fast charger Duo Battery Power 4 V**

Order no.: 2.443-060.0

**NEW**

#### **Charge two batteries at the same time**

The 4 V Kärcher Battery Power fast charger Duo fully charges 2 batteries at the same time and in just 70 minutes.

Super clean. Super well maintained. Super selection: our range of detergents and care agents for all-round professional handling of all types of hard floors.

**Universal floor cleaner  
RM 536**

Order no.: 6.295-944.0

**Stone floor cleaner  
RM 537**

Order no.: 6.295-943.0

**Impressive hard floor cleaning**

The universal floor cleaner from Kärcher is the optimal solution for all types of hard floors. Much like the universal floor cleaner, the stone floor cleaner, which was specifically developed for stone floors, ensures a streak-free shine and fast floor drying times.

**Floor care for  
sealed wood  
RM 534**

Order no.: 6.295-941.0

**Floor care for  
oiled/waxed wood  
RM 535**

Order no.: 6.295-942.0

**Perfect wooden floor maintenance**

Whether they are sealed, oiled or waxed, Kärcher's special detergents with special maintenance components and moisture protection freshen up wooden floors and restore their natural shine.

**Natural floor cleaner RM 538**

Order no.: 6.296-286.0

**NEW**

**Natural cleaning**

Our natural floor cleaner cleans powerfully with plant-based, natural ingredients. The vegan formula without microplastics, dyes or silicones and the natural odour absorber make it perfect for gentle, natural and sustainable cleaning.

Parquet, laminate, stone, cork, linoleum and PVC – the FP 303 floor polisher makes them all shine. Achieve dazzling results with the compatible accessories.

**Universal polishing pads**

Order no.: 2.863-193.0

**Paper filter bags (3 pc)**

Order no.: 6.904-128.0

**Brilliant appearance**

To ensure the floors continue to shine: three polishing pads for the FP 303 floor polisher. Particularly gentle on surfaces. For various types of floors, such as parquet, cork and laminate. For heavy polishers: three replacement paper filter bags.

**Polishing pads for stone/linoleum/PVC**

Order no.: 2.863-198.0

**Polishing pads for sealed parquet/laminate**

Order no.: 2.863-197.0

**Suitable pads for various different floors**

These polishing pads have been specially designed for use on various different types of floors and, thanks to their special polishing properties, guarantee a perfectly dazzling result for every floor.

**Floor care for matt stone/linoleum/PVC RM 532**

Order no.: 6.295-776.0

**Floor care for sealed parquet/laminate/cork RM 531**

Order no.: 6.295-777.0

**Ideal preparation**

Effective floor care prior to treatment with the floor polisher. Either for matt artificial and natural stone floors/linoleum/PVC or for sealed parquet/laminate/cork floors. Removes run marks, renews the care film and gives your floors a semi-matt shine.

ELECTRIC WIPING MOP

# GOTCHA!

**#BringBackTheWOW.**

**› Freshly mopped, quickly and easily: the new EWM 2 from Kärcher effortlessly removes all kinds of marks. ◀**

### **Simply cleaner**

Tackling a blob of jam or a split drink, or going for a thorough floor cleaning - nowadays this is no reason to get your hands dirty. Instead of the old way of doing things, with a bucket, mop and plenty of elbow grease, today, little problems like these are easily wiped off the to-do list with the Kärcher EWM 2.

### **Refreshingly modern**

A normal mop is simply no match for the EWM 2. Its rotating rollers are constantly supplied with fresh water, while the scraping edge feeds the dirty water into a separate tank. And, since it doesn't just work exceptionally thoroughly but also leaves barely any water behind, it's suitable for use on all hard floors, including parquet.

## ALWAYS FRESHLY WIPED DOWN

You'll enjoy cleaning with the EWM 2. With its powerful battery, it glides over the floor under its own steam, even reaching the tricky spots under furniture and at the edges of rooms. Separate tanks for fresh and dirty water mean that it's only ever cleaning with clean water, and the dirty water tank is easy to remove and empty afterwards.

## EWM 2

Area performance: approx. 60 m<sup>2</sup> per battery charge

Battery run time: approx. 20 min

Fresh water tank: 360 ml

Weight without accessories: 2.4 kg

**Order no.: 1.056-300.0**

### Space-saving design

Its slimline design means the EWM 2 barely takes up any space.

### Maximum freedom of movement

Powerful lithium-ion batteries give the EWM 2 a run time of 20 minutes. Cleaning without a power outlet.

### Automatic wetting

The rotating rollers are continuously wetted with the water from the fresh water tank.

### Extremely easy to manoeuvre

Cleaning under furniture and around obstacles is easy thanks to the swivel joint.

### Hygienic dirty water tank

The dirt mixture scraped off from the rollers is transported into the easily removed and cleaned dirty water tank.

### Perfectly clean corners and edges

The central roller drive ensures perfect cleaning results in corners and along edges.

CORDLESS ELECTRIC BROOM

# THE BETTER BROOM

# #BringBackTheWOW.

» Store the cordless electric broom where it is needed the most: in the kitchen or in the dining area. «

## For that little bit of cleaning in between

Hauling out the vacuum cleaner just for a few crumbs? Dragging it from the cupboard to the living room, searching for a power outlet, plugging in the cord, vacuuming for two seconds and then putting it away again? It's much easier with the Kärcher cordless electric broom. Super handy. Ready immediately. Can be stored away quickly. Like a broom – only more practical. It doesn't blow up dust, it collects everything: crumbs, hair, dust. Empty the container in one quick and easy step. Without bending over. Without coming into contact with the dirt.

## Ready to use at all times

With a battery run time of up to 30 minutes, the practical cordless electric broom is perfect for multiple spontaneous cleaning sessions. The Kärcher Adaptive Cleaning System turns the cordless electric broom into the natural enemy of visible dirt. The movable sweeping rim picks up crumbs and dust reliably – both on hard floors and on carpets.

## SO QUICK, SO EASY

When you want the WOW factor fast, the cordless electric broom from Kärcher works like magic. It's compact, battery-powered, convenient and always on hand when you need it. Unlike its manual comrades, this broom doesn't sweep the crumbs and other dry dirt through the entire room; it simply picks it all up with its rotating brushes. Really clever – and just one more well-thought-out cleaning solution from Kärcher.

**KB 5**

Battery run time: 30 min

Universal brush working width: 210 mm

Container capacity: 0.37 l

Battery voltage: 3.7 V

**Order no.: 1.258-000.0**

**Flexible double joint**

Easy manoeuvring.  
Even between furniture  
and chairs.

**Waste container that  
can be removed from  
the side**

No direct contact  
with dirt.

**Kärcher Adaptive  
Cleaning System**

Completely remove  
all visible dirt.

**Automatic  
on/off function**

Intuitive, fast and  
easy on your back.

**Lithium-ion battery**

With a run time of  
up to 30 minutes.

**Universal brush**

Optimal cleaning of  
carpets and hard  
floors.

# CLEAR AS GLASS!

**#BringBackTheWOW.**

**»Brilliant piece of equipment.  
This makes cleaning your  
windows fun. It makes my  
shower screens cleaner too.  
Convenient and lightning fast –  
that's the way I like it!«**

### **Super easy**

And super clean. The handy Window Vac sets from Kärcher have revolutionised window cleaning and ensure sparkling clean windows every time. The principle is very simple. Pre-cleaning – depending on the set, with a spray bottle and microfibre wiping cloth or a vibrapad – thoroughly loosens the dirt first.

### **Super fast**

The Window Vac then springs into action and simply and quickly vacuums up the dirty water mixture without leaving any dirt behind. Down to the very last drop. Up to the window edge. Without making a mess and without dripping. A revolutionary principle that works wonderfully on all smooth household surfaces, including tiles. Streak-free and no need to wipe afterwards.

## **BRING BACK THE WOW. ON ALL SMOOTH SURFACES.**

It may be called a Window Vac, but it does more than windows. The Window Vac makes all your smooth surfaces look simply WOW. Mirrors, showers, tiles in the kitchen and bathroom, kitchen work surfaces and much more can be cleaned effortlessly and without drips or streaks.

## WV 6

Dirty water tank: 150 ml

Cleaning performance per battery charge: approx. 300 m<sup>2</sup>

Suction nozzle working width: 280 mm

Weight: 760 g

**Order no.: 1.633-510.0**

# **WINDOW CLEANING IS A THING OF THE PAST. TODAY IT'S ALL ABOUT BATTERY-POWERED WINDOW VACUUMING.**

Clean windows without streaks, without drips, without effort. Water splashing on the windowsill and floor is no longer an issue. Kärcher Window Vacs collect the dirty water in a tank that can be emptied at any time. Clean detergent and used dirty water remain separated at all times, which is much more hygienic than conventional window washing. The new generation of devices works quietly and with longer battery run times. And thanks to the new liquid-silicone blade technology, it also vacuums more efficiently – a single edge-to-edge movement is all it takes to achieve streak-free windows. More than 30 million users already enjoy sparkling clean windows – and this number is increasing every day.

## **ADVANTAGES THAT MAKE THE DIFFERENCE**

- Liquid-silicone blade technology for even more flexible squeegee blades and streak-free windows in one single movement – from edge to edge, from top to bottom, from left to right.
- Extra-long battery run time for uninterrupted cleaning without time pressure.
- Display shows the remaining minutes of run time for perfect work-time management.

1

2

3

1

**Uninterrupted work**

Powerful lithium-ion technology for long battery run times.

2

**Perfect work-time management**

Display shows the remaining minutes of run time.

3

**Liquid-silicone blade technology**

Long, soft and highly flexible for perfect cleaning right up to the edge and right down to the floor.

## GOOD VIBRATIONS!

The KV 4 is the number one for all smooth surfaces. With its integrated vibration function, it removes dirt from all conceivable smooth surfaces. With vibrations and an automatically moistened wiping cloth that is easy to attach using a hook-and-loop system. Complete convenience is ensured when used together with the Window Vac from Kärcher, which vacuums away the dirt mixture from all surfaces, all without leaving streaks.

#### KV 4

Fresh water tank: 180 ml

Cleaning performance per battery charge: approx. 100 m<sup>2</sup>

Vibration: 1.6 m/s<sup>2</sup>

Weight: 500 g

**Order no.: 1.633-920.0**

#### **Battery-powered water dispensing**

Right button starts moistening  
of the wiping cloth.

#### **LED status display**

for checking the battery level.

#### **Fresh water tank**

Easy to fill with  
water and detergent.

#### **Vibration**

Left button starts the  
vibration for thorough  
pre-cleaning of the  
(window) surface.

#### **Wiping cloths with hook-and-loop system**

Wiping cloths are easy to  
exchange. Machine-washable  
at 60 °C.

# **DIRT? GONE!**

The KV 4 Vibrapad cleans smooth surfaces without any aggressive chemicals or strenuous scrubbing. Because the wiping cloth is automatically moistened, the detergent is always dispensed exactly where it is needed without any spray mist. The vibration function, in combination with the right cleaning cloth, removes even stubborn stains or dirt. You can clean glass and mirror surfaces effectively with the window cloth. The scrubbing cloth with its abrasive fibres removes even stubborn dirt from robust surfaces. The tile cloth achieves better cleaning results when cleaning crevices as its fibres are not all the same length. You can gently clean delicate surfaces with the lint-free soft cloth. Used together, they are the perfect partners for turning your KV 4 into an all-round surface-cleaning device.

## **ADVANTAGES THAT MAKE THE DIFFERENCE**

- Vibration function loosens dirt reliably, thoroughly and effortlessly.
- Automatic moistening of the surface while cleaning.
- Four cleaning cloths for a wide range of cleaning tasks.

**1**

### **Many possible applications**

Suitable for a variety of smooth household surfaces.

**2**

### **Effortless pre-cleaning**

The integrated vibration mechanism, together with the automatic moistening of the wiping cloth, loosens the dirt perfectly.

Don't want to clean the windows? How about vacuuming the windows? With an original Kärcher Window Vac, it's a real experience. And it's even more thorough when you clean smooth surfaces with the vibrapad beforehand.

### WV 6 Plus

**Concentrated cleaning power**

The multi-surface cleaner gets smooth surfaces, such as tiles, work surfaces or chrome, clean and hygienic.

For streak-free windows, glass and mirror surfaces, use the window cleaning concentrate with its water-repellent effect for long-lasting cleanliness.

# FULL STEAM AHEAD!

## #BringBackTheWOW.

»No matter what or where, with my multi-functional Kärcher steam cleaner, everything in my home is completely clean.«

### Steam removes up to 99.999% of coronaviruses\* and 99.99% of bacteria\*\*

When used correctly, Kärcher steam cleaners remove up to 99.999% of enveloped viruses,\* such as coronaviruses or influenza viruses, and 99.99% of all common household bacteria\*\* on hard surfaces. Using just steam. Without chemicals. No conventional mop\*\*\* can keep up. Corners, crevices and cracks in particular are more clean and hygienic. And everything else too. Without scrubbing. Without scouring.

### Steam instead of chemicals

The combination of pressure, speed and temperature is what makes steam so efficient. Microscopically tiny steam particles loosen stubborn dirt, even in tiny, hard-to-reach cracks and crevices. Allergenic residues are unable to build up on clean surfaces because no chemical detergents are used. Good news for allergy sufferers. And parents of young children.

\*When spot cleaning with the Kärcher steam cleaner, i.e. a steaming duration of 30 seconds at the maximum steam level with direct contact with the surface to be cleaned, 99.999% of enveloped viruses, such as coronaviruses or influenza (with the exception of the hepatitis B virus), are removed from smooth, hard household surfaces (test germs: Modified Vaccinia Ankara virus).

\*\*When cleaning at a cleaning speed of 30 cm/s, with maximum steam pressure and with direct contact with the surface to be cleaned, 99.99% of all household bacteria on smooth, hard household surfaces are killed (test germs: Enterococcus hirae).

\*\*\*Thorough cleaning with the Kärcher steam cleaner provides a better cleaning performance than cleaning manually with a mop and detergent. Tested according to international performance standards.

# POWERFUL CLEANERS

Let's start with the most important thing: you can effectively fight viruses\* and bacteria\*\* with any of our steam cleaners, ensuring hygienic cleanliness with nothing but hot steam from ordinary tap water – and give your possessions back their WOW without any additional detergents.

The larger your household and the more you value comfort, useful accessories and a wide range of applications, the more powerful a steam cleaner you should choose. At Kärcher you will find the whole range from the inexpensive entry-level model to the premium device for the most exacting requirements.

### **Deluxe range**

Their simple, modern design and clever features such as optimal accessory storage make the deluxe steam cleaners perfect household cleaning companions. The LED strip on the device gives a clear and simple indication of the heat-up phase and readiness to start.

### **EasyFix range**

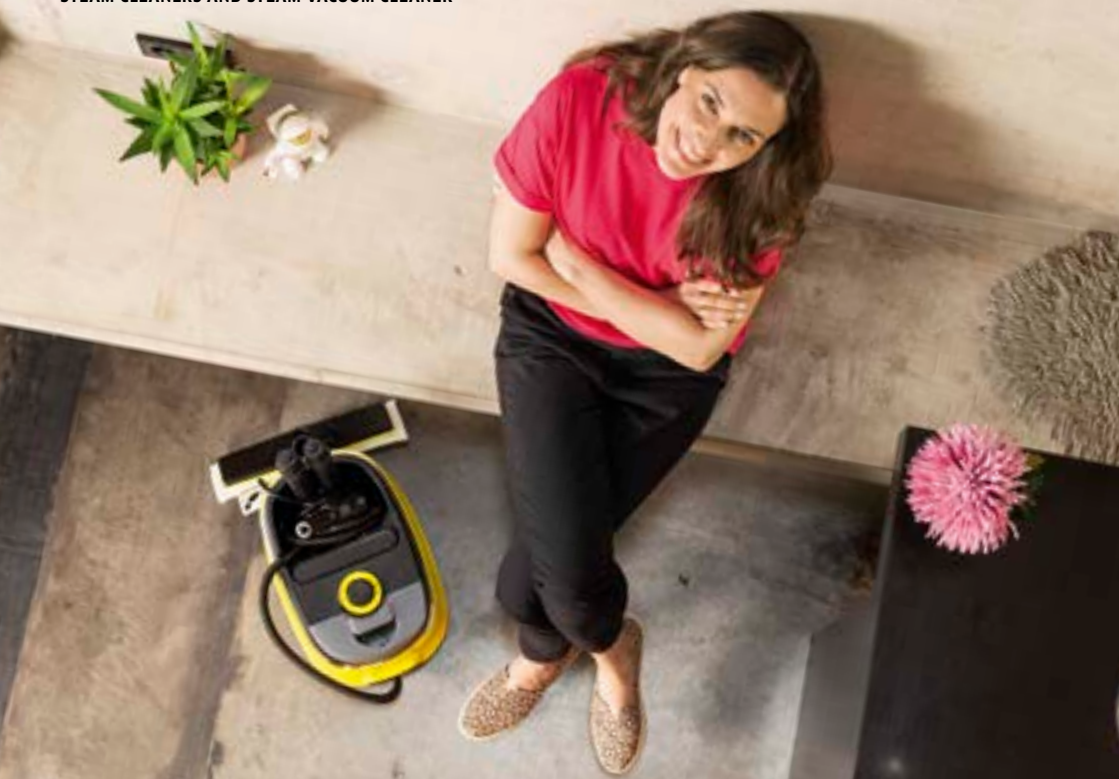

From entry level to top of the range, our EasyFix range includes steam cleaners with different power levels, heat-up times and tank capacities. And you're guaranteed to find a device that's ideal for your household and your needs.

### **Upright range**

If you like things compact and simple, you should be able to find a powerful assistant in our range of upright steam cleaners, offering the perfect solution for foolproof steam cleaning of various floor coverings.

\*When spot cleaning with the Kärcher steam cleaner, i.e. a steaming duration of 30 seconds at the maximum steam level with direct contact with the surface to be cleaned, 99.999% of enveloped viruses, such as coronavirus or influenza (with the exception of the Hepatitis B virus), are removed from smooth, hard household surfaces (test germs: Modified Vaccinia Ankara virus).

\*\*When cleaning at a cleaning speed of 30 cm/s, with maximum steam pressure and with direct contact with the surface to be cleaned, 99.99% of all household bacteria on smooth, hard household surfaces are killed (test germs: Enterococcus hirae).

## PRETTY CLEAN

The new Deluxe EasyFix devices are powerful enough to give your home that clean WOW factor, and they look neat and tidy too. They've been cleverly designed so that the cord and accessories can all be stored inside the device itself. It's not just the dirt that vanishes in record time – all the accessories can be tidied away in an instant.

### SC 4 Deluxe EasyFix Iron

Area performance: approx. 130 m<sup>2</sup>

Heat-up time: 3 min

Tank capacity: 0.5 l and 1.3 l (detachable water tank)

Steam pressure: max. 4.0 bar

Order no.: 1.513-261.0

#### Extendable handle

Makes transporting the steam cleaner easy.

#### Three-stage steam flow control

The steam flow can be adapted to each surface and level of dirt.

#### Integrated accessories

Cord and accessories can be practically and neatly stowed away.

#### Convenient and uninterrupted cleaning

Thanks to the detachable, continuously refillable water tank.

#### Lamella technology

Optimal cleaning results on all types of hard floors, thanks to efficient lamella technology.

#### LED display

Red shows that the device is still heating up and green that it is all ready to go.

#### Floor nozzle EasyFix

With the convenient hook-and-loop system, you can attach and detach the microfiber floor cloth easily and effortlessly without coming into contact with dirt.

#### Steam pressure iron EasyFinish

With fixed temperature setting, automatic switch-off and smooth-running soleplate.

# PHYSICS INSTEAD OF CHEMISTRY

Our steam cleaners turn ordinary tap water into a very effective household cleaning agent – pure steam. And there are as many uses for it in your home as there are types of dirt. Instead of many different cleaning products, you have at your fingertips one of the best ways of keeping floors, the bathroom, the kitchen and many other areas clean and hygienic without any chemicals – and you can bring back the WOW, as if by magic.

## ADVANTAGES THAT MAKE THE DIFFERENCE

- Multi-functional use throughout the house.
- Removes up to 99.999% of enveloped viruses, such as coronaviruses,\* and up to 99.99% of bacteria on smooth, hard surfaces.\*\*
- Cleans more thoroughly than conventional methods (mop and detergent).\*\*\*
- The flexible nozzle joint and the flat floor nozzle EasyFix let you clean under practically any piece of furniture.
- Using the convenient hook-and-loop system, attachment and detachment of the floor cleaning cloth is easy on your back, and you don't come into contact with dirt.
- The carpet glider allows you to effortlessly freshen up your textile floor coverings.

**1 Versatile accessories**  
The ideal accessory for any application – for fibre-deep cleanliness throughout the home.

**2 Hygienic cleanliness without chemicals**  
Kärcher steam cleaners remove up to 99.999% of all enveloped viruses, such as coronaviruses,\* and up to 99.99% of all bacteria on hard surfaces\*\* – without the use of chemical detergents. Only tap water is required.

**3 Convenient hook-and-loop system**  
Floor cleaning cloth easily attached to floor nozzle EasyFix – guaranteed not to move out of place. It can be removed without coming into contact with dirt.

**4 Ideal accessibility**  
The flat design and the flexible nozzle joint mean that the floor nozzle EasyFix can get under furniture with ease.

**5 Efficient lamella technology**  
Thanks to the slats on the underside of the floor nozzle EasyFix, the steam stays on the ground longer and ensures optimal cleaning results.

**6 Also suitable for textile floor coverings**  
Thanks to the easily attachable carpet glider.

\*When spot cleaning with the Kärcher steam cleaner, i.e. a steaming duration of 30 seconds at the maximum steam level with direct contact with the surface to be cleaned, 99.999% of enveloped viruses, such as coronaviruses or influenza (with the exception of the hepatitis B virus), are removed from smooth, hard household surfaces (test germs: Modified Vaccinia Ankara virus).

\*\*When cleaning at a cleaning speed of 30 cm/s, with maximum steam pressure and with direct contact with the surface to be cleaned, 99.99% of all household bacteria on smooth, hard household surfaces are killed (test germs: Enterococcus hirae).

\*\*\*Thorough cleaning with the Kärcher steam cleaner provides a better cleaning performance than cleaning manually with a mop and detergent. Tested according to international performance standards.

No mop, cleaning cloth or sponge can compete with our steam cleaners when it comes to cleaning performance. From the powerful all-rounder for large surfaces and the steam mop for the gentle cleaning of sealed hard floors and carpets to the practical handheld steam cleaner for small areas. All these devices remove up to 99.999% of coronaviruses\* and 99.99% of all common household bacteria\*\* on smooth hard surfaces in the kitchen and bathroom.

#### SC 5 EasyFix Iron

- Perfect performance, perfect handling
- With VapoHydro function (hot water activation) for even more effective cleaning and the steam pressure iron EasyFinish

Area performance: approx. 150 m<sup>2</sup>

Heat-up time: 3 min

Tank capacity: 0.5 l and 1.5 l (detachable tank)

Steam pressure: max. 4.2 bar

**Order no.: 1.512-536.0**

#### SC 4 Deluxe EasyFix Iron

- With LED lights to indicate when it's ready to go
- Three-stage steam flow control for perfect results
- Integrated compartment for accessory storage

Area performance: approx. 130 m<sup>2</sup>

Heat-up time: 3 min

Tank capacity: 0.5 l and 1.3 l (detachable tank)

Steam pressure: max. 4 bar

**Order no.: 1.513-261.0**

#### SC 3 Deluxe EasyFix

- With LED lights to indicate when it's ready to go
- Spacious compartment on the device for practical accessory storage
- No additional descaling necessary, thanks to descaling technology

Area performance: approx. 75 m<sup>2</sup>

Heat-up time: 0.5 min

Tank capacity: 1 l

Steam pressure: max. 3.5 bar

**Order no.: 1.513-200.0**

\*When spot cleaning with the Kärcher steam cleaner, i.e. a steaming duration of 30 seconds at the maximum steam level with direct contact with the surface to be cleaned, 99.999% of enveloped viruses, such as coronaviruses or influenza (with the exception of the hepatitis B virus), are removed from smooth, hard household surfaces (test germs: Modified Vaccinia Ankara virus).

\*\*When cleaning at a cleaning speed of 30 cm/s, with maximum steam pressure and with direct contact with the surface to be cleaned, 99.99% of all household bacteria on smooth, hard household surfaces are killed (test germs: Enterococcus hirae).

### SC 2 Deluxe EasyFix

- With LED lights to indicate when it's ready to go
- With floor cleaning set EasyFix
- Incl. extra-long accessories bag

Area performance: approx. 75 m<sup>2</sup>

Heat-up time: 6.5 min

Tank capacity: 1 l

Steam pressure: max. 3.2 bar

**Order no.: 1.512-063.0**

### SC 1 EasyFix

- The 2-in-1 solution: handheld steam cleaner and steam mop
- Compact design, powerful steam output (3 bar)
- With floor cleaning set EasyFix

Area performance: approx. 20 m<sup>2</sup>

Heat-up time: 3 min

Tank capacity: 0.2 l

Steam pressure: max. 3 bar

**Order no.: 1.516-330.0**

### SC 2 Upright EasyFix

- Two-stage steam flow control with floor covering symbols
- Detachable, continuously refillable water tank for continuous work
- No additional descaling necessary, thanks to descaling technology

Area performance: approx. 50 m<sup>2</sup>

Heat-up time: 0.5 min

Tank capacity: 0.4 l

Steam flow control: two-stage (tiles, wood)

**Order no.: 1.513-345.0**

Whether it's tiles, crevices, mirrors or fittings, every area of the bathroom requires its very own special cleaning and care. With the right accessories, the steam cleaner is transformed into the master of the bathroom.

**Microfibre cloth set  
for bathrooms**

Order no.: 2.863-266.0

**Abrasive cloth set  
Floor nozzle EasyFix**

Order no.: 2.863-309.0

**Well-equipped**

Microfibre cloth set for the entire bathroom with two floor cleaning cloths for the floor nozzle EasyFix, one abrasive cloth for limescale and soap residues and one polishing cloth for mirrors. Abrasive cloth set for the floor nozzle EasyFix for cleaning stubborn dirt on non-delicate stone floors.

**Big round brush**

Order no.: 2.863-022.0

**Microfibre cover set  
Big round brush**

Order no.: 2.863-243.0

**Brushed and polished**

The big round brush is ideal for larger areas like bathtubs. The microfibre cover set is the perfect addition for especially gentle cleaning of delicate surfaces.

**Round brush set**

Order no.: 2.863-264.0

**Crevice brush set**

Order no.: 2.863-324.0

**Powerful additions**

No possibility of confusion – round brush set each with two brushes in different colours to ensure that the brush for the toilet is not used in the sink, for example. Get into cracks and crevices with our perfectly tailored crevice brush set, ensuring a hygienic clean without chemicals.

**Window nozzle**

Order no.: 2.863-025.0

**Power nozzle set**

Order no.: 2.863-263.0

**Clearly reflected**

Let your glass surfaces and mirrors shine with the steam cleaner window nozzle – your convenient and environmentally friendly way to a streak-free finish. Powerfully clean corners, nooks, crannies and hard-to-reach spots, for example on window frames, thanks to the power nozzle and detail nozzle set.

You cook, bake, eat sweet treats and make a mess in the kitchen. And who cleans up after? The Kärcher steam cleaner, of course. It's no problem at all, thanks to the special cleaning accessories.

#### **Microfibre cloth set for kitchens**

Order no.: 2.863-265.0

#### **Microfibre cover set Hand nozzle**

Order no.: 2.863-270.0

#### **About the nozzle**

Get it all, thanks to the microfibre cloth set for kitchens. A cover for the hand nozzle to loosen stubborn dirt such as on hobs, a stainless steel cloth for the extractor hood, etc. and two cloths for the floor nozzle EasyFix. Greasy residues in the oven? The microfibre cover set for the hand nozzle (includes two covers) reliably removes dirt on fittings.

#### **Disposable cloths EasyFix**

Order no.: 2.863-299.0

#### **Disposable cloths EasyFix Mini**

Order no.: 2.863-300.0

#### **The fast way**

With the innovative disposable cloths, you will always have a fresh cloth when you need it. Simply place the floor nozzle on the cloth and off you go. Thanks to the convenient hook-and-loop system, the cloth easily sticks to the SC floor nozzles EasyFix. Each pack contains 15 cloths.

#### **Round brush set with brass bristles**

Order no.: 2.863-061.0

#### **Steam turbo brush**

Order no.: 2.863-159.0

#### **The hard way**

Non-delicate surfaces are their terrain – the set of three brushes with brass bristles will never surrender to incrustations or stubborn dirt. Where you would normally spend a lot of time scrubbing, the steam turbo brush finishes its job in half the time. And effortlessly makes your crevices and corners radiant again.

#### **Extension hose SC 1**

Order no.: 2.863-021.0

#### **Floor cleaning set SC 1 EasyFix**

Order no.: 2.863-268.0

#### **More functions**

Upgrades for the SC 1. No niche is unreachable with the extension hose. In next to no time, the floor cleaning set EasyFix transforms the handheld steam cleaner into a 2-in-1 steam mop.

All natural and extremely effective – water steam is a real all-rounder in the household. Whether you are cleaning, ironing or removing wallpaper.

**Steam pressure iron  
EasyFinish**

Order no.: 2.863-310.0

**AB 1000 ironing board**

Order no.: 2.884-933.0

**Crease-free clothes**

Convenient and fast – combined with the ironing board featuring the air cushion function, active steam extraction and seven-level height adjustment, the new steam pressure iron EasyFinish with optimum temperature adjustment, improved soleplate and automatic switch-off provides perfect results.

**Textile care nozzle**

Order no.: 2.863-233.0

**Wallpaper stripper**

Order no.: 2.863-062.0

**Trusted helpers**

Simply fresher – the textile care nozzle smooths textiles and removes odours. With integrated lint remover. And when the walls need a new look? The wallpaper stripper removes each piece of wallpaper and unsightly glue remnants with a lot of steam and very little effort.

**Floor nozzle set EasyFix**

Order no.: 2.863-267.0

**Floor nozzle set**

**EasyFix Mini**

Order no.: 2.863-280.0

**Carpet glider**

Order no.: 2.863-269.0

**Mini carpet glider**

Order no.: 2.863-298.0

**Cleaner floors**

The floor nozzle sets EasyFix or EasyFix Mini with convenient hook-and-loop system and corresponding microfibre floor cloth. To freshen up carpets, simply slide the relevant floor nozzle into the appropriate carpet glider.

**Descaling cartridge**

Order no.: 2.863-018.0

**Descaling powder**

Order no.: 6.296-193.0

**Easy descaling**

Thanks to the descaling cartridge for the SC 3 Deluxe EasyFix, SC 3 EasyFix, SC 2 Upright EasyFix and SC 3 Upright EasyFix, the water you pour in is automatically and effectively descaled, thus lengthening the device's service life. Limescale can be removed quickly and easily from all other Kärcher steam cleaners using the descaling powder. It is also suitable for coffee machines, kettles, etc.

The add-on products for the SV 7 steam vacuum cleaner ensure cleanliness that you can not only see but also smell.

**SV round brush set**

Order no.: 2.860-231.0

**HEPA filter\***

Order no.: 2.860-229.0

**Reliable hygiene**

The right round brush for each application with the SV 7 steam vacuum cleaner, thanks to the round brush set in four colours. The HEPA high-performance filter repels 99.9% of all particles larger than 0.3 µm. Pollen, fungal spores, bacteria and mites are reliably filtered out.

**FoamStop neutral, 125 ml**

Order no.: 6.295-873.0

**FoamStop fruity, 125 ml**

Order no.: 6.295-875.0

**No foaming in the water tank**

The FoamStop defoaming agent starts effectively working immediately against annoying foam. Simply add a capful to the water tank on the steam vacuum cleaner. Available either in a neutral version or with fruity allergen-free scent.

# SIMPLY INDISPENSABLE

## #BringBackTheWOW.

» I cannot and will not go  
without clean air and pure  
drinking water. «

### Cut out unhealthiness

Water and air are literally “elementary” for us. Their quality has a direct impact on the health and well-being of you and your family.

### Into the comfort zone

With our AF air purifiers and WPC water filtration system, you can ensure that the air you breathe and the water you drink meet the highest standards at all times. In this way, you can easily create your personal comfort zone with minimal effort.

## A NEW BREATHING TECHNIQUE

If you have ever wondered how important air is, just hold your breath for a few seconds. But if we are to feel comfortable and be able to work, learn and rest effectively, the air we breathe must be clean. In our air purifiers, powerful H13 filters with antibacterial-coated activated carbon remove fine dust, allergens, pathogens and even odours and chemical vapours. Kärcher air purifiers are available for different room sizes and come with an intelligent automatic mode that continuously and automatically adapts the device performance to the air quality.

## AF 50

Recommended room size:\* approx. 50 m<sup>2</sup>

Maximum air throughput: 520 m<sup>3</sup>/h

Noise level: 29 – 53 dB(A)

Order no.: 1.024-822.0

**NEW**

### Touch control with lock function

Touch control of the various power stages and automatic mode with child safety lock and protection against tampering.

### Colour display

All the information about air quality and device status at a glance.

### Air quality display

Precise display in  $\mu\text{g}/\text{m}^3$  and coloured lights for a quick overview. Complemented by relative humidity and temperature display.

### Quiet operation

Smooth-running motors and fans as well as optimal airflow ensure extra-quiet operation.

### Air intake on both sides

For particularly high air throughput and quicker air purification.

### Timer function

After the set time has elapsed, the device automatically switches off.

### Filter status

Indicates when the filter should be changed.

### Up to 1 year without filter replacement

Depending on the level of air pollution and use, the filter can be used for up to 12 months and then easily changed.

### H13 and antibacterial active carbon filter

For the reliable removal of pathogens, aerosols, fine dust and allergens, as well as unpleasant odours and chemical vapours.

\* For 3-metre room height and air exchange 3 times per hour.

# IMPROVES YOUR ENVIRONMENT

Plug in, switch on and breathe easy. Our AF 20, AF 30 and AF 50 air purifiers reliably filter allergens, pollutants and pathogens from the air you breathe with an efficiency of 99.95 % for 0.3 µm particles. The display shows you all the important information such as air quality, temperature and relative humidity. There is a night mode with whisper-quiet operation for use in the bedroom, and in automatic mode the power automatically adjusts to the level of air pollution. What is particularly sustainable and practical is that the activated carbon filters also have staying power and, depending on the air pollution and intensity of use, only need to be changed after around 1 year.

## ADVANTAGES THAT MAKE THE DIFFERENCE

- Air intake on both sides for high air throughput and quick cleaning.
- H13 filtration with antibacterial activated carbon filters for the reliable removal of pathogens, aerosols, fine dusts and allergens, as well as unpleasant odours and chemical vapours.
- Automatic mode in which the filter performance automatically adjusts to the air pollution.

**1 Intuitive operation**  
Easy-to-set automatic or night mode as well as timer operation.

**2 Clear display**  
All information on device status and air quality at a glance.

**3 Dual filtration**  
Air intake on both sides for high air throughput.

**4 H13 filter with activated carbon**  
Filters odours and 99.95% of 0.3 µm particles from the intake air.

## **ENJOY YOUR WATER FOUR TIMES MORE SAFELY**

With the compact WPC 120 UF water filter system, you can turn any tap water into water of consistently high food quality. Its four filter stages remove particles, viruses and bacteria, among other things, and improve the taste without affecting the natural mineralisation. So you and your family can enjoy safe water that meets your quality standards.

## WPC 120 UF

4-stage water filtration system

2 litres of filtered drinking water per minute

No power connection required

Order no.: 1.024-754.0

**NEW**

### Hy-Protect filter

Stage 3 filters smaller particles as well as bacteria and viruses out of the water.

### Pre-Pure filter

Stages 1 and 2 remove larger particles and extend the lifetime of the other filters.

### Post-Protect filter

Stage 4 filters out chlorine, heavy metals and pharmaceutical residues and improves the taste without affecting the mineralisation.

### Designer water tap

The water tap for extracting the filtered water is included in the scope of supply.

# GOOD MADE BETTER

No pump, no power outlet, no electronics prone to interference. To turn any tap water into clear, clean water of the best quality, all you need is our water filtration system WPC 120 UF. It can be easily retrofitted anywhere and, with its powerful 4-stage filter system, reliably removes particles such as microplastics, reduces heavy metals and drug residues in the water and is able to filter out bacteria and viruses. Its Post-Protect filter even improves the taste of the water while preserving valuable minerals. Good things don't come any easier than this.

## ADVANTAGES THAT MAKE THE DIFFERENCE

- Effective 4-stage filtration – effectively reduces the finest particles, chlorine, heavy metals, bacteria, viruses and other pollutants.
- High filter capacity and flow volume – for hygienically clean drinking water with an improved taste.
- No pump or electricity required, so there is no need for a power outlet and you save on power costs.

- 1 Effective filtration**  
Reduces the finest particles, chlorine, heavy metals, bacteria and viruses, preserves valuable minerals and improves the taste of the water.

- 2 Easy maintenance**  
Intuitive, foolproof filter changing by simply rotating the filter.

- 3 Simple installation**  
Installation in the base cabinet of the sink. A power connection is not required. The required separate water tap is already included in the set.

- 4 Removable front cover**  
Magnetic attachment for easy, tool-free access to the filters.

Clean water and air are essential for our well-being. With our air and water filters, you can bring them straight into your home in the best quality.

NEW

**AF 50**

- Very effective against all types of impurities in your room air

#### **AF 20**

Order no.: 2.863-056.0

#### **Filter for clean air**

Each air purifier comes with a kit containing 2 HEPA 13 filters, which should be changed at least every 12 months. The original filter kits are available in 3 different sizes to fit each device. They are designed for your air purifier and guarantee consistently high performance thanks to natural activated carbon and an antibacterial coating. The used filters can be easily disposed of with household waste, just like vacuum cleaner bags.

#### Filter for WPC 120 UF

**NEW**

#### **Pre-Pure filter**

Order no.: 2.644-302.0

#### **Hy-Protect filter**

Order no.: 2.644-303.0

#### **Post-Protect filter**

Order no.: 2.644-304.0

#### **Filter for clean drinking water**

The Pre-Pure filter, consisting of the particle filter and the activated carbon filter stage, extends the lifetime of the subsequent filters and should therefore be changed at least every 6 months. The Hy-Protect filter and the Post-Protect filter should be changed at least every 12 months to ensure full functionality.

# REAL ALL-ROUNDERS

»Less is more! Do you really need all those dustpans, buckets, rags and brushes? If not, get rid of them and get your hands on a Kärcher device.«

# #BringBackTheWOW.

1

## Wet and dry vacuum cleaners

The robust Kärcher wet and dry vacuum cleaners don't hold back. They help you remove dry dirt just as effectively as wet dirt, and even large amounts of liquid are no problem. In addition, the battery-powered models are perfect for areas without power outlets.

2

## Specialised wet and dry vacuum cleaners

For a special task, you need a specialised vacuum cleaner. Whether it is for renovations, doing DIY, cleaning your car or in the home, our specialised wet and dry vacuum cleaners have the power and the right accessories to tackle every task.

## HEAVY DUTY

Our wet and dry vacuum cleaners can really tackle a lot – and they can take a hard life too. They're extremely robust, have exceptional suction power and are very energy efficient. Their compact design means they take little space to store and are always on hand when you need a bit of extra muscle. The multifunctional devices have so many applications and a comprehensive set of accessories, making them your miracle problem-solvers for the house, garden and garage.

**WD 6 P S V-30/6/22/T**

Energy use: 1,300 W

Container capacity: 30 l

Container material: stainless steel

Power cable: 6 m

**Order no.: 1.628-360.0****Practical blower function**

Simply use the blower function to clean hard-to-reach areas.

**Outstanding filter cleaning**

Simply push the filter cleaning button on the device head and the dirty filter is quickly and efficiently cleaned.

**Practical hose storage**

Even more compact to store.

**Drain screw in the container**

For the convenient disposal of vacuumed-up water.

**Easy filter removal**

Patented technology for quick and easy filter removal and emptying without contact with dirt.

**Power outlet with automatic on/off switch for work with power tools**

Dirt that is the result of planing, sawing or grinding is vacuumed away immediately. The vacuum cleaner is switched on and off automatically via the power tool.

**Removable handle with electrostatic protection**

The ergonomically shaped handle provides reliable protection against electrostatic discharge and can be separated from the suction hose effortlessly, which enables other accessories to be attached (e.g. brushes).

**Switchable wet and dry floor nozzle**

The nozzle can be adjusted to the respective cleaning situation (dry or wet vacuum cleaning) by using the switch. For optimal dirt pick-up.

# THE GENERALISTS

These strong multi-taskers get cleaning done, in the cellar, the garage, your workshop or the garden. It doesn't matter whether the dirt is dry, wet, coarse or fine – the powerful devices can even deal with large amounts of water. Keep your workspace clean by using the suction tool during sawing, sanding or many other tasks. Energy-efficient motors and flow-optimised devices and accessories have enabled us to combine exceptional suction power with low power consumption.

## ADVANTAGES THAT MAKE THE DIFFERENCE

- Easy filter cleaning: faster and more convenient filter removal, no contact with dirt, no dust distribution.
- Removable handle: no clogging, easy and convenient vacuuming in the narrowest spaces. The WD 5/6 devices benefit from electrostatic discharge protection.
- Switchable floor nozzle: fast and residue-free dirt removal, ideal for dry and wet dirt; effortless vacuuming.
- Practical hose storage: store the suction hose safely and in minimal space by hanging it on the top of the device. Intuitive attachment, for both right- and left-handed users.
- Wet and dry vacuuming with filter; easy turn-and-change cartridge filter.

**1 Patented filter removal technology**  
Fast, convenient filter removal.

**2 Removable handle**  
Vacuuming in confined spaces.

**3 Switchable floor nozzle**  
Fast, residue-free dirt removal.

**4 Practical hose storage**  
Especially compact and designed for small spaces.

**5 One-piece cartridge filter**  
Simply rotate to insert. For wet and dry vacuuming without having to change the filter.

# THE SPECIALISTS

To get the best results for specialist uses, you need one of our super-powerful, specialised wet and dry vacuum cleaners. They are perfect for use in the car, home or garage, or on your renovation project. Pair them with the right accessories for maximum suction power and everything else you need to effortlessly and comfortably remove dirt.

## ALWAYS THE RIGHT VACUUM CLEANER

### **The renovation vacuum cleaner**

Clog-free work – the renovation kit with floor nozzle, suction tubes and suction hose even picks up coarse dirt, thanks to the increased diameter size.

### **The car vacuum cleaner**

Delicate surfaces (car dashboard), areas that are susceptible to dirt (footwell), large surfaces (boot) or narrow areas between the seats – the vehicle interior is thoroughly cleaned using the special brushes and nozzles.

### **The workshop vacuum cleaner**

The workshop vacuum cleaner picks up sawdust and pieces of wood quickly and reliably, delicate surfaces or cramped workbenches can be vacuumed carefully using the suction brush.

### **The household vacuum cleaner**

With the switchable special floor nozzle, both carpets and hard floors can be thoroughly cleaned. The upholstery nozzle helps with upholstered furniture.

1

2

3

4

1

#### **The renovation vacuum cleaner**

For removing coarse dirt during renovation work.

2

#### **The car vacuum cleaner**

For thorough interior car cleaning.

3

#### **The workshop vacuum cleaner**

For thorough workbench cleaning.

4

#### **The household vacuum cleaner**

For cleaning different floor coverings and upholstered furniture.

## NO CORD. NO LIMIT.

You will not always find power outlets in places you urgently need them for cleaning. But instead of messing around with brooms and dustpans or extension cords, our battery wet and dry vacuum cleaners offer just the kind of cordless freedom of movement you long for in these situations. Fast, efficient and thorough. On dry and wet dirt. And thanks to the exchangeable and powerful lithium-ion battery, they can be used anywhere.

#### WD 3-18 S Battery Set V-17/20

Battery voltage: 18 V

Container capacity: 17 l

Container material: stainless steel

Battery run time:\* up to 20 min

Order no.: 1.628-576.0

#### Removable handle

The ergonomic handle can be easily detached from the suction hose. Accessories such as the crevice nozzle, suction brush and more can be attached easily to the end of the suction hose.

#### One-piece cartridge filter

The filter does not need changing between wet and dry applications.

#### Practical blower function

Simply use the blower function to clean hard-to-reach areas.

#### Stainless steel container

Robust, 17-litre stainless steel container to hold dry and wet dirt as well as small volumes of liquid.

#### Cordless freedom of movement

Ready to go any time, anywhere – even when there are no power outlets in sight.

#### Practical hose hanger

For space-saving storage.

#### Special accessories

Floor nozzle (clips) and crevice nozzle for optimal cleaning results.

#### 18 V Kärcher Battery Power exchangeable battery

Simple, fast and convenient to change, with an integrated LCD display to check the battery status (Real Time Technology). For up to 20 minutes of maximum suction power.\*

#### Accessories within reach

Convenient accessory storage directly on the device.

\* Maximum run time with an 18 V / 5.0 Ah Kärcher Battery Power exchangeable battery.

# THE CORDLESS ONES

If there is no power outlet nearby, the battery wet and dry vacuum cleaners from Kärcher are the perfect solution. Guaranteed – without compromising function or cleaning results. The cordless devices clean summer houses, patios, carports and vehicle interiors just as reliably as the corded solutions you are used to. The practical exchangeable battery system makes it possible to easily swap batteries between devices of the respective 36 V or 18 V Kärcher Battery Power platform.\*

## ADVANTAGES THAT MAKE THE DIFFERENCE

- **Maximum freedom of movement**

Thanks to the battery, the wet and dry vacuum cleaners are ready for action, even where an electricity supply is either non-existent or hard to get to.

- **Full functionality**

The battery-powered wet and dry vacuum cleaners have the same outstanding functionality as a corded device: ready for a wide variety of tasks, perfect cleaning results and highly convenient.

- **Exchangeable battery**

Quick and easy to change: Kärcher Battery Power batteries are flexibly interchangeable within their platform (18 V or 36 V). The 5.0 Ah li-ion exchangeable batteries offer twice the runtime of the 2.5 Ah capacity models. In addition, the exact battery status will be shown on the LCD display at all times thanks to integrated Real Time Technology.

\*The 18 V/36 V Kärcher Battery Power battery platforms are not interchangeably compatible.

- 1 Full functionality**  
With blower function for cleaning hard-to-reach areas and cartridge filter for wet and dry vacuuming without having to change the filter.
- 2 Maximum freedom of movement**  
No irritating cords – ready to use anywhere where there is no power outlet available.
- 3 Kärcher Battery Power exchangeable battery system**  
Quick and easy to change. With Real Time Technology.

Find a solution for every cleaning task. With the powerful filter systems and versatile accessories on these wet and dry vacuum cleaners, dirt doesn't stand a chance.

#### WD 6 P S V-30/6/22/T

- Removable filter box with flat pleated filter
- Power outlet with automatic on/off switch for work with power tools

■ NEW

■ Included in the scope of supply.

No matter whether it is for everyday use or special challenges, the numerous options offered by Kärcher original accessories mean you can always get the most out of your wet and dry vacuum cleaner.

**Drill dust catcher**

Order no.: 2.863-234.0

**3.5 m suction hose extension**

Order no.: 2.863-305.0

**For drilling**

With the drill dust catcher, you can drill cleaner holes than ever before – and with the 3.5-metre-long suction hose extension, you can do it while using a ladder.

**Suction brush kit**

Order no.: 2.863-221.0

**Car nozzle**

Order no.: 2.863-316.0

**For the car**

The suction brush with soft bristles is perfect for delicate surfaces like the dashboard, while the suction brush with hard bristles and the car nozzle ensure quick cleaning of all textile surfaces.

**Switchable floor nozzle**

Order no.: 2.863-000.0

**Household kit**

Order no.: 2.863-002.0

**For surfaces and upholstery**

Fine, coarse, wet or dry: the switchable floor nozzle tackles all kinds of dirt. The nozzles in the household kit ensure neat cleaning results on carpet and hard floors as well as on upholstery.

**Fleece filter bag KFI 357  
WD 2 Plus / WD 3  
(4 pc)**

Order no.: 2.863-314.0

**One-piece cartridge filter  
KFI 3310  
WD 2 Plus / WD 3**

Order no.: 2.863-303.0

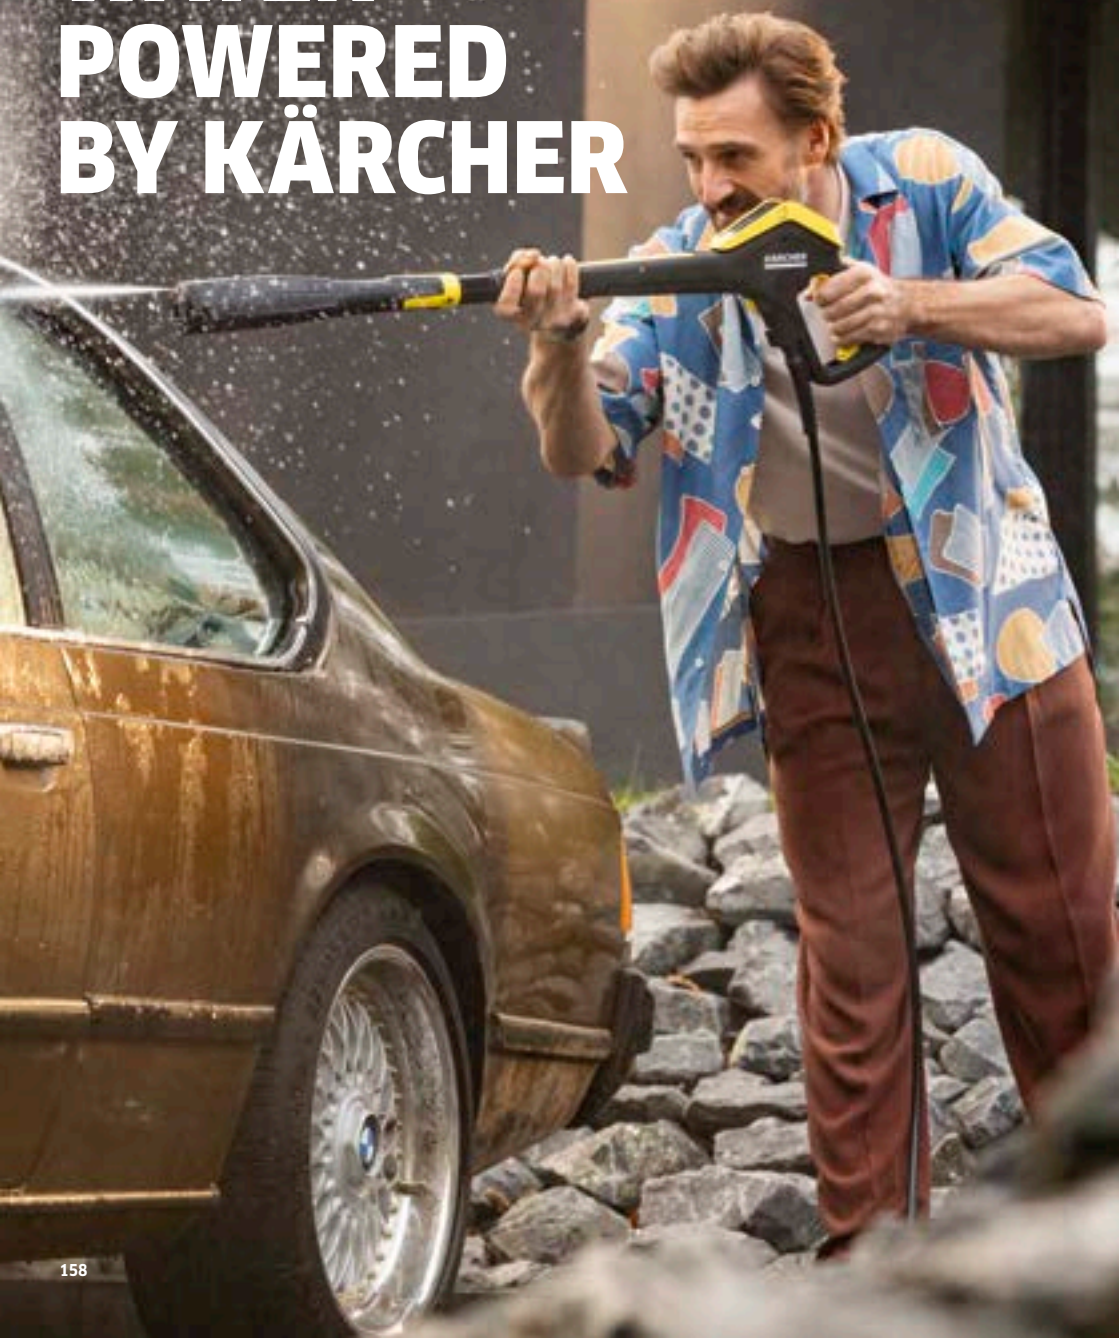

**For optimal functioning**

Fitting perfectly and tailored to your vacuum cleaner: the original Kärcher fleece filter bag set and the 1-piece cartridge filter reliably retain dirt and dust.

# WATER – POWERED BY KÄRCHER

**#BringBackTheWOW.**

**»Unbelievable – my patio looks brand new again!«**

### **For more water power!**

Clean off the dirt and grime! Freshening up your home and garden does not take much. Just a Kärcher pressure washer. It cleans the dirt, grime and grey film off of garden furniture, patios, gutters, footpaths and cars without any difficulty. And it brings their true beauty back to the surface. With pure water power. At just the strength that is best for the surface you are cleaning.

### **Plug it in. Get started.**

Whether gentle care or power jet, Kärcher pressure washers are the all-rounders that truly leave every corner of your home shining. And they are also incredibly easy to use. Connect the water and power, turn on the tap, switch on the device and go. Hello, shiny! This makes cleaning fun.

# NO COMPROMISES

It's easy to see that more water and more pressure mean more area cleaning power. But not everyone needs maximum power. This is why we have defined a variety of performance classes. The result: the right pressure washer for every job.

Performance class	Performance data	Application
K2 K3 K4 K5 <b>K7</b>	<div><div>approx. 60 <math>\frac{\text{m}^3}{\text{h}}</math> max.</div><div>20-180 bar max.</div><div>600 <math>\frac{\text{l}}{\text{h}}</math> max.</div><div>3,000 W max.</div></div>	<div><div></div><div></div></div>

# FOUR POWERFUL TYPES

When it comes to cleaning and maintenance, our pressure washers can always be relied upon. But that's not all they can offer. An exceptionally compact design? Or a lightweight, comfortable, portable and cordless design? Every product range has its own strengths. Perfectly tuned for individual requirements.

## **Smart Control range**

These high-tech pressure washers can tackle anything. With the integrated Home & Garden app, Bluetooth and clever equipment details, such as the Smart Control gun and the 3-in-1 multi-jet spray lance.

## **Power Control range**

Gentle and effective cleaning has never been easier, thanks to a good dose of power, the support given by the Home & Garden app and powerful devices, such as the Power Control gun with display or the Vario Power spray lance.

## **Compact range**

Those looking for portability and a compact design will find the perfect helper here. Minimal space requirements, easy to store and always quick to get to work. With clever, integrated hose storage.

## **K 2 Battery pressure washer**

For smaller cleaning tasks anywhere that does not have a power outlet nearby. Cordless, convenient, mobile and flexible. And boasting quite a bit of power when you need it.

## IMPOSSIBLE? DONE!

Picture yourself surrounded by dirt, dust and grime. And you and your Kärcher in the thick of it, exuding a Zen-like calm. You just need the right mindset, you say. We say that, with the K 5 Premium Smart Control, everyone can do it. Bluetooth and the Home & Garden app let us transfer our expertise from your smartphone directly to your Smart Control gun. In combination with an arsenal of powerful features, such as the 3-in-1 multi-jet spray lance or the boost mode, you welcome every new challenge and face it calmly.

## K 5 Premium Smart Control

Area performance: approx. 40 m<sup>2</sup>/h

Pressure: max. 145 bar (boost mode: + 15 bar)

Flow rate: max. 500 l/h

Motor rating: 2,100 W

Order no.: 1.324-670.0

smart line

Bluetooth

**BOOST**  
+ 15 BAR

### Simple pressure adjustment

Smart Control gun with multi-level pressure and detergent adjustment incl. Bluetooth connection to smartphones.

### No need to change spray lances

Switch easily between three spray types without having to exchange the spray lance using the 3-in-1 multi-jet.

### Extra-long trigger gun (55 cm)

For a healthy working posture.

### Even better stability

Thanks to smart hose guide through the device.

### High-stability base and second carrying handle

These features help prevent tipping. Easy to lift and load.

### Ergonomic aluminium telescopic handle

Easy to transport and little space required for storage.

### Plug 'n' Clean system

For making it easy to use Kärcher detergents.

### Perfect hose storage

Keeping things clean – quickly reel in the high-pressure hose using the hose reel.

### Higher on/off switch

Easily accessible without bending over down to the ground.

# BRING BACK THE WOW LIKE AN EXPERT

What good is power if it is not smart? None at all! This is why the Smart Control range's devices are not just really powerful, but also come with a huge amount of Kärcher expertise. Via Bluetooth you can easily connect your Smart Control pressure washer with your smartphone using the Home & Garden app. And with tips from our experts, you can bring back the WOW to things you rarely clean or are cleaning for the first time – just like an expert.

You can use the Kärcher Home & Garden app to control all the smart devices you have at home. Download free of charge from the Apple Store and the Google Play Store.

## ADVANTAGES THAT MAKE THE DIFFERENCE

- Strong, high-pressure power, with Smart Control.
- Bluetooth for direct communication between pressure washer and app.
- Application consultant with all of Kärcher's accumulated expertise for the best cleaning results.

**1 Concentrated expertise**  
Home & Garden app with tips, tricks and services for safe and effective cleaning.

**2 Maximum control**  
Using the Smart Control gun with LCD display and 3-in-1 multi-jet spray lance.

**3 Extra power**  
Trigger gun display shows you when the especially powerful boost mode can be used.

## THIS IS WHAT MODERN HIGH-PRESSURE CLEANING IS ALL ABOUT

When cleaning, you need the right technology. And that is just what the K 3 Premium Power Control can offer. Full power, smart tips and powerful accessories. Like the Power Control gun, for example, which shows you the set pressure directly on the display and can be easily switched from pressure mode to detergent mode. Or the Home & Garden app that shows you which technology will make your pressure washer even gentler and more efficient.

### K 3 Premium Power Control

Area performance: approx. 25 m<sup>2</sup>/h

Pressure: max. 120 bar

Flow rate: max. 380 l/h

Motor rating: 1,600 W

Order no.: 1.602-750.0

## COMPACT. STRONG. SIMPLE.

The K 3 Compact is proof that you do not need to be big to achieve great things. It simply does what it should – it cleans incredibly well. To make sure it does just that, it is designed so cleverly and compactly that it can be transported to anywhere you might need it while being stored in a space-saving manner – whether in the boot of the car or, after the work is done, on a shelf in the cellar. And it is also incredibly easy to use. In short, the perfect pressure washer for anyone who simply wants to clean with high pressure.

### K 3 Compact

Area performance: approx. 25 m<sup>2</sup>/h

Pressure: max. 120 bar

Flow rate: max. 380 l/h

Motor rating: 1,600 W

Order no.: 1.676-200.0

#### Flexible carrying handle

For easy handling.

#### Telescopic handle

Made from aluminium. Makes transport easy and can simply be pushed back in after use to save space.

#### Accessory storage

The high-pressure gun and the spray lances can simply be stored on the back of the device to save space.

#### Detergent inlet

The integrated inlet mechanism makes it possible to easily use detergent.

#### Quick Connect system

The high-pressure hose can be connected/disconnected simply and quickly.

#### Mobility

Very easy to manoeuvre and transport, thanks to the wheels.

## A LITTLE GADGET WITH A LOT OF WOW

A compact and stylish exterior conceals 1,400 watts of power. All that power shoots the water from the trigger gun with up to 110 bars of pressure. Using the ultra-flexible high-pressure hose, that's more than enough to bring back the WOW to your belongings, from bikes to boards and beyond. Yet, it's still small enough to store almost anywhere and lightweight enough to take almost anywhere. With all its cleaning accessories, the K Mini is your small, strong friend for every emergency.

#### K Mini

Area performance: approx. 20 m<sup>2</sup>

Pressure: max. 110 bar

Flow rate: max. 360 l/h

Motor rating: 1,400 W

Order no.: 1.600-054.0

#### Extra-thin PremiumFlex high-pressure hose

Easily wind and unwind the high-pressure hose while avoiding knots or kinks. Maximum flexibility when cleaning.

#### Removable accessory holder

Convenient and space-efficient storage of your accessories for great organisation.

#### Quick Connect system

Integrated, time-saving system for quickly clicking the high-pressure hose in and out of the device and trigger gun.

#### Compact and light-weight device

Easy to transport for flexible cleaning. Can easily be stored in inside or outside areas.

#### Practical cable storage and attachment

Wind and unwind the power cable quickly and easily.

## **FAR AWAY FROM THE POWER OUTLET. RIGHT UP CLOSE TO THE DIRT.**

Dazzling results even without electricity: the battery pressure washer for many different application areas such as smaller cars, motorbikes, bicycles, boats and other small cleaning tasks around the home. Thanks to a battery run time of up to 14 minutes, you can clean completely independent of a power connection. As you clean, the high-pressure gun's analogue display will always show you the selected mode.

#### K 2 Battery Set

Pressure: max. 110 bar

Flow rate: max. 340 l/h

Battery run time:\* up to 14 min

Order no.: 1.117-220.0

**Practical carrying handle**  
Makes the device easy to transport.

**36 V Kärcher Battery Power exchangeable battery**  
Cleaning without a power connection. The battery display shows the remaining run time.

**Spray lance storage**  
The spray lances can be clipped onto the back of the device for storage purposes.

**Detergent suction hose**  
This enables Kärcher detergents to be dispersed using the pressure washer – for even more efficient cleaning.

**High-pressure gun with pressure level display**  
Displays the selected cleaning mode.

**The right power level for every demand**  
Boost mode for stubborn dirt, standard mode for various different applications and a longer battery run time, and mixed mode for when you use detergent.

**Quick Connect system**  
The high-pressure hose can be connected/disconnected to/from the device and trigger gun simply and quickly.

**Capable of suction**  
Compatible with the Kärcher suction hose – for cleaning without a water connection.

\* Maximum performance with an 36 V/5.0 Ah Kärcher Battery Power exchangeable battery.

Super compact, much more convenient or especially powerful: our wide range of pressure washers gives you the choice, and you will always have a strong ally in the fight for more WOW.

**K 7 Premium Smart Control**

- Connects to the Home & Garden app via Bluetooth
- Smart Control trigger gun with LCD display and 3-in-1 multi-jet spray lance
- Boost mode for additional power in your fight against dirt

Area performance: approx. 60 m<sup>2</sup>

Pressure: max. 180 bar

Flow rate: max. 600 l/h

Motor rating: 3,000 W

**Order no.: 1.317-230.0**

**K 7 Compact**

- Compact, durable, powerful
- With convenient accessory and hose storage and telescopic handle
- Maximum flexibility as device can be used while upright or horizontal

Area performance: approx. 60 m<sup>2</sup>

Pressure: max. 180 bar

Flow rate: max. 600 l/h

Motor rating: 3,000 W

**Order no.: 1.447-050.0**

**K 5 Premium Smart Control**

- Connects to the Home & Garden app via Bluetooth
- Smart Control trigger gun with LCD display and 3-in-1 multi-jet spray lance
- Boost mode for additional power in your fight against dirt

Area performance: approx. 40 m<sup>2</sup>

Pressure: max. 145 bar

Flow rate: max. 500 l/h

Motor rating: 2,100 W

**Order no.: 1.324-670.0**

#### K 5 Compact

- Compact, durable, powerful
- With convenient accessory and hose storage and telescopic handle
- Maximum flexibility as device can be used while upright or horizontal

Area performance: approx. 40 m<sup>2</sup>

Pressure: max. 145 bar

Flow rate: max. 500 l/h

Motor rating: 2,100 W

**Order no.: 1.630-750.0**

#### K 4 Premium Power Control

- Power Control trigger gun and spray lances
- Full control – the display on the Power Control trigger gun allows easy checking of the setting
- High stability, thanks to a low centre of gravity, hose guide and a larger base

Area performance: approx. 30 m<sup>2</sup>

Pressure: max. 130 bar

Flow rate: max. 420 l/h

Motor rating: 1,800 W

**Order no.: 1.324-130.0**

#### K 4 Compact

- Compact, durable, powerful
- With convenient accessory and hose storage and telescopic handle
- Maximum flexibility as device can be used while upright or horizontal

Area performance: approx. 30 m<sup>2</sup>

Pressure: max. 130 bar

Flow rate: max. 420 l/h

Motor rating: 1,800 W

**Order no.: 1.637-500.0**

More fun, more freedom, more style and more WOW when cleaning. With our powerful devices, you have everything you need for powerful high-pressure cleaning. Thank to their super-compact design, they take up little space and are also so lightweight that they're easy to carry around.

### K 2 Premium Power Control

- Power Control trigger gun and spray lances. Connect, twist and off you go - works optimally on every surface, thanks to three pressure settings and one detergent setting
- Detergent tank simplifies the use of detergents

Area performance: approx. 20 m<sup>2</sup>

Pressure: max. 110 bar

Flow rate: max. 360 l/h

Motor rating: 1,400 W

**Order no.: 1.673-630.0**

### K 2 Compact

- Compact device offering full power
- With accessory storage and flexible carrying handle

Area performance: approx. 20 m<sup>2</sup>

Pressure: max. 110 bar

Flow rate: max. 360 l/h

Motor rating: 1,400 W

**Order no.: 1.673-500.0**

### K 2 Universal Edition

- Small and easy to transport
- Convenient storage options for cable and accessories

Area performance: approx. 20 m<sup>2</sup>

Pressure: max. 110 bar

Flow rate: max. 360 l/h

Motor rating: 1,400 W

**Order no.: 1.673-000.0**

# EXACTLY WHAT YOU NEED

**#BringBackTheWOW.**

The difference between cleaning and deep cleaning starts with choosing the right tools. That is why there is a system of perfectly matching accessories and detergents for the Kärcher pressure washers. This allows you to clean faster, more easily, more thoroughly and so gently that only the dirt disappears and not the WOW underneath.

When it comes to manual vehicle care, there are many philosophies but just one firm certainty: it takes elbow grease! That is something you need much less of with clever Kärcher cleaning tools like the new WB 7 Plus 3-in-1 wash brush, which lets you choose between lathering, brushing and rinsing with a twist of the control lever.

**WB 7 Plus 3-in-1 wash brush**

Order no.: 2.644-374.0

**NEW**

**Three tools in one**

The new WB 7 Plus 3-in-1 wash brush is a really clever multi-tool. With the control lever, you can switch between the foam jet, the high-pressure flat spray or the brush in no time at all. Also suitable for sensitive surfaces such as paint, glass or plastic.

**WB 130 rotating wash brush**

Order no.: 2.644-286.0

**WB 130 rotating wash brush car & bike**

Order no.: 2.644-287.0

**Sparkling clean surfaces**

With the WB 130 rotating wash brush, you can clean surfaces quickly and thoroughly. The attachments, which are available separately, allow you to use it for a variety of tasks, and thanks to the transparent cover you always have an overview of the cleaning work.

**Interchangeable attachments**

**Universal, Car & Bike, Home & Garden**

Order no.: 2.644-289.0/2.644-290.0/2.644-291.0

**Versatile fields of application**

The interchangeable attachment Universal is ideal for all smooth surfaces, while the interchangeable attachment Car & Bike is perfect for all kinds of vehicles. And you can clean non-sensitive surfaces made of stone, metal or plastic with the interchangeable attachment Home & Garden.

**WB 150 power brush**

Order no.: 2.643-237.0

**Uniquely powerful cleaning**

The WB 150 power brush's 2 rotating flat jet nozzles can clean all sensitive surfaces from cars to blinds without any splashes. Thanks to the efficient combination of a high-pressure jet and manual brush pressure, the power brush saves water, energy and up to 30% working time.

**Wheel washing brush**

Order no.: 2.643-234.0

**Rim cleaner Premium**

Order no.: 6.296-048.0

**Sparkling clean wheel rims**

Leave the rim cleaner to work for a little while after spraying it on and, as soon as the colour changes, remove brake dust, grit salt and street dirt with the wheel washing brush with 360° cleaning, residue-free. Cleans evenly, right into the tiniest gaps, and is suited to all light metal and steel rims.

**FJ 10 C foam jet Connect 'n' Clean**

Order no.: 2.643-143.0

**Intense cleaning power**

The FJ 10 C foam jet and the intensive ultra foam cleaner cleaning foam remove even the most stubborn dirt.

**Car shampoo 3in1**

Order no.: 6.295-750.0

**Car shampoo concentrate**

Order no.: 6.295-843.0

**Shining paint**

The powerful car shampoo with 3in1 formula: active dirt remover and quick-dry and ultra-shine formula preserve the paint and ensure a long-lasting shine. Ultra-practical – the car shampoo concentrate easily dilutes into five litres of ready-to-use detergent.

**VP 180 S Vario Power jet short 360°**

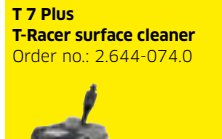

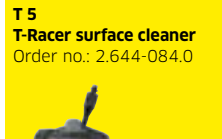

Order no.: 2.643-254.0

**Immaculate exterior**

Gently remove insects from paint, radiator grilles, external mirrors, window panes and wherever else it's needed. The Vario Power jet short 360° with continuously variable pressure regulation and adjustable 360° joint truly reaches every place.

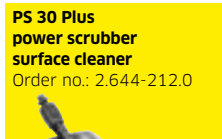

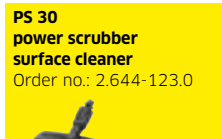

**PRESSURE WASHERS**  
**SURFACE CLEANING ACCESSORIES AND DETERGENTS**

Our outdoor surface cleaners are in demand wherever larger surfaces need to be cleaned: on patios, garden paths and stairs, but also on walls or garage doors. Together with the right detergents, they provide super-effective cleaning and a lasting WOW.

**Fast and splash-free**

Perfect for larger surfaces. The T-Racer surface cleaners let you adjust the distance between the high-pressure nozzles and the cleaning surface for different surfaces. The ergonomic handle makes both horizontal and vertical cleaning possible. The plus for the T 7 Plus is the power nozzle for splash-free cleaning of corners and edges. The innovative rinsing nozzle rinses the loosened dirt after cleaning.

**More power, less scrubbing**

Thanks to the powerful high-pressure nozzles, the PS 30 power scrubber effortlessly cleans surfaces, and the PS 30 Plus with its swivelling side nozzle guarantees perfect results, even in corners and along edges.

**Splash guard**

When cleaning with Vario Power spray lances, dirt blasters and multi jets (3-in-1), the splash guard protects both the user and the environment from water and dirt.

**Stone and  
façade cleaner 3in1**

Order no.: 6.295-765.0

**Wood cleaner 3in1**

Order no.: 6.295-757.0

**With the 3in1 formula**

The right detergent for every surface. Optimum treatment of the material, thanks to the 3in1 formula. Active dirt remover, long-lasting material protection and gentle care.

**Patio cleaner concentrate**

Order no.: 6.295-842.0

**Universal**

The patio cleaner concentrate carefully cleans balconies and patios (wood/stone) and removes oil, grease, dirt from car emissions and soot in the process. Ultra-practical – one bottle quickly turns into five litres of ready-to-use detergent.

**PRESSURE WASHERS**  
**ACCESSORIES AND DETERGENTS FOR CLEANING AROUND THE HOUSE**

Glass surfaces, façades, gutters, drain pipes – with Kärcher accessories and detergents, your pressure washer can do so much more. It helps you tackle surfaces at lofty heights as well as blocked and hard-to-access pipes, quickly and easily bringing back the WOW.

**TLA 4**  
**telescopic spray lance**  
Order no.: 2.644-190.0

**Façade and glass cleaning attachment**  
Order no.: 2.644-191.0

**For high targets**

The telescopic spray lance extends your operating radius: its 180° joint makes it very flexible. When used with the façade and glass cleaning attachment, even high-up glass surfaces and building façades can be cleaned perfectly.

**Glass finisher 3in1**  
Order no.: 6.295-474.0

**For long-lasting cleanliness**

The glass finisher with its protective formula against resoiling is the perfect addition for cleaning glass surfaces using the telescopic spray lance. Simply pre-clean windows, spray on glass finisher, rinse and let it dry, streak-free.

**PC 20**  
**roof gutter and pipe**  
**cleaning kit, 20 m**  
Order no.: 2.642-240.0

**PC 15**  
**pipe cleaning kit, 15 m**  
Order no.: 2.637-767.0

**For unclogged pipes**

Cleanliness without any effort – comfortable high-pressure cleaning of clogged drains, (down-)pipes and roof gutters with the roof gutter and pipe cleaning kit.

Bad times for dirt! Kärcher has perfectly adapted accessories for every cleaning task. And is always coming up with new ideas for even more cleanliness and value retention.

**WB 60**  
**soft surface wash brush**  
Order no.: 2.643-233.0

**Angled spray lance**  
Order no.: 2.638-817.0

**Powerful**

The WB 60 wash brush's 248 mm working width makes it optimal for large and delicate surfaces. Even stubborn dirt. Hard-to-reach areas are conveniently cleaned using the angled spray lance.

**MP 145/MP 180**  
**multi power jet**  
Order no.: 2.643-239.0 /  
2.643-238.0

**Universal cleaner**  
Order no.: 6.295-753.0

**Flexible**

The 5-in-1 multi power jet spray lance with detergent, high-pressure flat jet, detail and rotary nozzles as well as a wide, pressure-reduced flat jet. The universal cleaner removes stubborn dirt, oil and grease – even with cold water.

**FJ 6**  
**foam jet**  
Order no.: 2.643-147.0

**Plastic cleaner 3in1**  
Order no.: 6.295-758.0

**Special**

The foam jet not only creates highly effective cleaning foam, it also enables more precise dosing. Our plastic cleaner also provides optimum care, thanks to its specially adapted colour and material protection formula.

**H 10 Q Flex  
PremiumFlex anti-twist**  
Order no.: 2.643-585.0

**XH 10 Q extension hose  
Quick Connect**  
Order no.: 2.641-710.0

#### **For long distances**

The PremiumFlex high-pressure hose's anti-twist system effectively avoids knots and tripping hazards, while the robust XH 10 Q extension hose impresses with its high durability and is very easy to connect thanks to the Quick Connect system.

**SH 5 suction hose**  
Order no.: 2.643-100.0

#### **For more freedom and sustainability**

The 5-metre-long suction hose for all K 4 to K 7 devices makes it possible to suction up water from alternative sources such as water butts. Without phthalates and PVC, 90 per cent recyclable and environmentally friendly packaging.

**Anti-twist adapter**  
Order no.: 2.644-257.0

#### **For twist-free work**

Tripping hazards and bothersome loops while using the pressure washer are now a thing of the past. Thanks to the rotatable adapter, loops can be eliminated effortlessly by hand in no time at all. The adapter is easy and intuitive to connect between the trigger gun and the high-pressure hose using the Quick Connect system.

**Sand and wet-blasting kit**  
Order no.: 2.638-792.0

**Abrasive spray agent**  
Order no.: 6.280-105.0

#### **For tricky cases**

The sand and wet-blasting kit removes rust, paint and stubborn dirt. Compatible Kärcher abrasive spray agent (0.2–0.8 mm granulation) in a 25-kilogram sack.

# CLEAN. ANYWHERE. ANY TIME.

**#BringBackTheWOW.**

»The battery-powered cleaning devices are always at hand for quick occasional cleaning tasks.«

### Handheld cleaning power

Pressure is the key factor when cleaning different surfaces. With the handheld medium-pressure washers from Kärcher, dirt is only given a brief interlude on toys, garden furniture and even smaller patios. With the gentle flat jet nozzle or the powerful dirt blaster, our KHB models and their 18 V exchangeable battery make cleaning quick and thorough. Just connect the garden hose and you're ready to go.

### Gentle cleaning for on the go

The battery-powered OC 3 Mobile Outdoor Cleaner models clean shoes, buggies, bicycles and even your dog extremely gently with low pressure. Ideal for when you're out and about they come with a water tank and a wide range of accessories, such as the conical jet nozzle or suction hose. And, of course, a powerful lithium-ion battery.

## CLEANING UNPLUGGED

When you just want to quickly clean a small area, the garden furniture, your bicycle or the dog's kennel, the KHB models and a garden hose are all you need. These compact and lightweight bundles of energy and their 18 V exchangeable batteries need neither a cable nor a device unit. Simply pick it up, attach the hose and the perfectly balanced flat jet with precisely calibrated medium pressure starts working its magic. Just like that: done!

#### KHB 6 Battery Set

Pressure: max. 24 bar

Flow rate: max. 200 l/h

Weight with spray lance and battery pack: 2.1 kg

Battery run time:\* up to 12 min

Order no.: 1.328-110.0

#### Cleaning with medium pressure

Efficient, but gentle – even goes easy on delicate surfaces.

#### Bayonet connection

Enables convenient changing and removal of spray lances or accessories.

#### Innovative Quick Connect nozzles

The nozzle heads can be replaced easily with just one hand for a perfect cleaning result.

#### Child safety lock

A lock can be activated which makes it impossible to accidentally operate the trigger.

#### Battery release latch

For easily inserting/removing the battery.

#### Garden hose connector with integrated filter

For easily connecting the garden hose to the device.

#### Capable of suction

Compatible with the Kärcher suction hose – for cleaning without a water connection.

#### Real Time Technology

The battery display shows a precise indication of the remaining run time.

#### 18 V Kärcher Battery

#### Power exchangeable battery

Can be used immediately, anywhere, even in places that do not have a power connection.

\* Maximum run time with an 18 V / 2.5 Ah Kärcher Battery Power exchangeable battery.

Not without my Kärcher – those who have experienced the power of Kärcher cleaning solutions will not want to do without it. And there is no need to. Our handheld cleaners only require a water connection and a battery to unleash their cleaning power wherever you need it.

**KHB 6 Battery Set**

- Handheld battery medium-pressure washer
- Includes 18 V / 2.5 Ah Kärcher Battery Power exchangeable battery and 18 V Kärcher Battery Power standard charger
- Accessories included: QC handheld flat jet and QC handheld dirt blaster

Pressure: 24 bar

Flow rate: max. 200 l/h

Weight with spray lance and battery pack: 2.1 kg

Battery run time:\* up to 12 min

**Order no.: 1.328-110.0**

**KHB 4-18 Battery Set**

- Handheld battery medium-pressure washer
- Includes 18 V / 2.5 Ah Kärcher Battery Power exchangeable battery and 18 V Kärcher Battery Power standard charger
- Accessories included: QC handheld flat jet

Pressure: 21 bar

Flow rate: max. 170 l/h

Weight with spray lance and battery pack: 2.1 kg

Battery run time:\* up to 14 min

**Order no.: 1.328-210.0**

\*Maximum run time with an 18 V / 2.5 Ah Kärcher Battery Power exchangeable battery.

Each cleaning task has its own optimised accessories which can be used to complete all the work even more simply and efficiently. This is what makes the Kärcher handheld cleaners so unbelievably flexible and practical.

**MJ 24 handheld  
5-in-1 multi jet**

Order no.: 2.644-171.0

**SH 5 handheld  
suction hose**

Order no.: 2.644-124.0

**Limitless use**

The perfect jet for any application: this is what our 5-in-1 multi jet offers. The MJ 24 handheld with point, flat, rinsing, mist and watering jets is a real all-rounder for cleaning and watering. When you're out and about, the two handheld cleaners can also be operated using alternative water sources, for example from a canister, when combined with the suction hose.

**VJ 24 handheld  
360° variable spray lance**

Order no.: 2.644-172.0

**FJ 24 handheld  
foam jet**

Order no.: 2.644-135.0

**Anything is possible**

The variable spray lance VJ 24 handheld has an infinitely adjustable 360° joint, which makes it possible to effortlessly clean even hard-to-reach areas such as the mudguards on bicycles or motorbikes using the KHB models. Thanks to the FJ 24 handheld foam jet, which lets you individually adjust the nozzle's spray angle, you can clean your bicycles using powerful foam.

**PS 20 handheld  
surface cleaner**

Order no.: 2.644-018.0

**WB 24 handheld  
wash brush**

Order no.: 2.644-136.0

**Efficient surface cleaning**

Stairs, balconies, small patios – the PS 20 handheld surface cleaner for the KHB models with its two nozzles and two extensions for protecting your back while working cleans smaller areas in an instant. But the water isn't sprayed around everywhere – thanks to the integrated bristle ring. The WB 24 handheld wash brush with integrated flat jet for rinsing before and after cleaning and joint for adjustment for vertical surfaces is ideal for removing stubborn dirt or pollen.

**Extension lance handheld**

Order no.: 2.644-173.0

**The right connection**

The extension lance handheld connects the KHB models handheld cleaners to all handheld cleaner accessories with Quick Connect. The system makes it possible to easily change accessories with just one hand.

## KÄRCHER TO GO

Whether you are hiking, cycling or walking the dog, being outdoors is simply fun. But sometimes things get really muddy. This is exactly where the ultra-compact OC 3 Mobile Outdoor Cleaner shows its strengths. Thanks to the built-in battery and a water tank, you can simply and effortlessly remove dirt on the spot, whether it's your shoes, bicycles or pets that are dirty – to keep everything nice and clean in your car and house. With the OC 3 Mobile Outdoor Cleaner models, you will not be caught out by dirt when out and about – and nature stays where it belongs.

### OC 3 Plus

Pressure range: low pressure

Flow rate: max. 120 l/h

Water tank volume: 7 l

Battery run time: up to 15 min

Order no.: 1.680-030.0

#### Water tank (7 l)

Simply remove and fill it under the tap. Lasts for up to four minutes of cleaning. Or for up to three bicycles.

#### Clam-shell handle

For convenient and separate transportation of the device and tank. For even more compact storage, the handle can be pushed down.

#### Compact trigger gun

with exchangeable flat jet nozzle.

#### Charging socket

with a rubber cover that stays put to protect against dirt.

#### LED display

Lights up during operation and indicates a low battery charge level by flashing.

#### Large on/off switch

For easy operation. Stand-by mode when not in use.

#### Spiral hose (2.80 m)

For a large operating radius. The hose can be conveniently stored under the tank together with the trigger gun to save space.

With the practical Kärcher Mobile Outdoor Cleaners, you can remove dirt on the spot instead of taking it home with you. Completely independent of a water or electricity connection and particularly effective with the right accessories.

#### OC 3 Plus

- Convenient seven-litre water tank
- Long battery run time

Pressure range: low pressure

Flow rate: max. 120 l/h

Battery: li-ion battery

Battery run time: up to 15 min

**Order no.: 1.680-030.0**

#### OC 3 Plus Car

- Convenient seven-litre water tank
- With the car adapter supplied, the OC 3 Plus can be powered by the car battery

Pressure range: low pressure

Flow rate: max. 120 l/h

Battery: li-ion battery

Battery run time: up to 15 min

**Order no.: 1.680-034.0**

#### OC 3

- Compact and handy with three-litre water tank

Pressure range: low pressure

Flow rate: max. 120 l/h

Battery: li-ion battery

Battery run time: up to 15 min

**Order no.: 1.680-015.0**

### OC 3 Adventure Box

- Including clip-on storage box with universal brush and suction hose for cleaning outdoor equipment

Pressure range: low pressure

Flow rate: max. 120 l/h

Battery: li-ion battery

Battery run time: up to 15 min

**Order no.: 1.680-016.0**

### OC 3 Bike Box

- Including clip-on storage box with universal brush, bike cleaner and microfibre cloth

Pressure range: low pressure

Flow rate: max. 120 l/h

Battery: li-ion battery

Battery run time: up to 15 min

**Order no.: 1.680-017.0**

### OC 3 Pet Box

- Including clip-on storage box with conical jet nozzle, pet cleaning brush and towel for gently cleaning pets

Pressure range: low pressure

Flow rate: max. 120 l/h

Battery: li-ion battery

Battery run time: up to 15 min

**Order no.: 1.680-018.0**

Cleaning outside? Sure thing! With our “tuning kits”, the all-purpose Mobile Outdoor Cleaner becomes a cleaning specialist for special tasks. You can, of course, buy the practical accessories separately as needed.

**Mobile Outdoor Cleaner  
Adventure Box**

Order no.: 2.643-857.0

**Just like new again: outdoor equipment**

The universal brush with soft bristles for removing stubborn dirt and the suction hose for using alternative water sources are included in the practical storage box that can be attached to the device. This way, you are not dependent on the volume of the water tank.

**Mobile Outdoor Cleaner  
Bike Box**

Order no.: 2.643-858.0

**Bicycle cleaning on the go**

The practical storage box which can be attached to the device contains everything required for mobile bicycle cleaning: a soft universal brush and a special detergent that is gentle on components. Includes fluffy microfibre cloth for drying the bicycle off before loading it into your car.

**Mobile Outdoor Cleaner  
Pet Box**

Order no.: 2.643-859.0

**“Fur” all occasions**

The Kärcher pet cleaning kit includes a conical jet nozzle with extra-soft shower jet and a pet cleaning brush for more stubborn dirt. For drying and protecting against unpleasant odours, there is the highly absorbent viscose pet towel. The accessories box can be attached directly to the device.

**Car charger**

Order no.: 2.644-250.0

**Car adapter**

Order no.: 2.643-876.0

**Powered up 24/7**

Always ready to use, even when you're out and about. With the car adapter, you can operate your Mobile Outdoor Cleaner directly via the 12-volt connection in the car. With the car charger, you can charge the battery via the 12-volt connection and continue cleaning while you are on the move.

**Universal brush**

Order no.: 2.643-870.0

**Pet cleaning brush**

Order no.: 2.643-874.0

**Prim and proper**

These two accessories are essential when you're taking trips with your bicycle and dog. The universal brush will get your bicycle and shoes looking as good as new again, while the pet cleaning brush can be used on your four-legged companion. It's like nothing ever happened, except for your fun trip.

**Microfibre cloth**

Order no.: 2.643-872.0

**Pet towel**

Order no.: 2.643-873.0

**Everything ready for transport**

Getting into your car while you're still wet is no fun. The absorbent microfibre cloth dries your bicycle and equipment again in an instant. A special towel that is fluffy and soft and efficiently absorbs water as well as odours is available for wet dog fur.

**Suction hose**

Order no.: 2.643-871.0

**Detail nozzle**

Order no.: 2.644-125.0

**Conical jet nozzle**

Order no.: 2.643-875.0

**Self-sufficiency in any application**

If the water tank is not enough, the suction hose, which conveys water from an additional canister, enables further cleaning fun. This hose can be individually extended with a detail nozzle for targeted use or a conical jet nozzle for gentle cleaning of fur.

**Splash guard**

Order no.: 2.644-169.0

**Dry all round**

The practical and effective splash guard keeps you dry during cleaning. The transparent guard can be easily folded down in four steps to save space and fit into the accessory box.

ELECTRIC ICE SCRAPER

# NO ICE ICE BABY

**#BringBackTheWOW.**

**»The windscreen is de-iced in one go and without a lot of pressure.«**

### **Don't let anyone get cold ...**

The EDI 4 electric ice scraper finally puts an end to the strenuous process of scraping off ice bit by bit. With its rotating disc and several sturdy plastic blades, the ice scraper removes even the most stubborn ice from car windscreens effortlessly in one go. If the EDI 4 is in stand-by mode, apply slight pressure from above to make the scraper disc start to rotate and the ice will come away as if by magic.

### **It never ceases to amaze...**

Should the blades become worn, the scraper disc can be replaced without any tools (scraper disc is available as a replacement part). The modern and compact design of the ice scraper, along with the protective cover, make it easy to handle and store. One battery charge is sufficient for several applications. The integrated LED flashes when the device needs to be charged.

## LITTLE ICE BREAKER

Ice skating? It's easy to love. Ice scraping? Not so much. If you're not a fan of removing chilly ice either, the EDI 4 is your new best friend. Its rotating scraper disc puts a halt to the ice age on your windscreen, quickly granting you the visibility you need to get on your way safely.

#### EDI 4

Disc speed: 500 rpm

Disc diameter: 100 mm

Battery run time/charging time: 15 min/3 h

Weight: 550 g

Order no.: 1.598-900.0

#### LED operating status indicator

The integrated LED flashes when the electric ice scraper needs to be charged.

#### Easy handling

Applying slight pressure from above makes the scraper disc start to rotate.

#### Protective cover

For reliable handling and storage.

#### Quick operational readiness

The main switch for switching on and off. When the LED is lit, this means that the EDI 4 is in stand-by mode.

#### Rotating scraper disc

The rotating disc with sturdy plastic blades effortlessly removes even stubborn ice.

#### Tool-free disc replacement

The rotating scraper disc can be replaced quickly and easily without any tools.

## ELECTRIC ICE SCRAPER ACCESSORIES

You can now use your EDI 4 even in less chilly seasons. Our windscreen cleaning kit helps clear away everything from insects to bird droppings, with next-to-no effort. Thanks to the practical car charger, the EDI is always at full power, ready to tackle the job.

### Windscreen cleaning kit

Order no.: 2.644-255.0

### 365-day visibility

The electric ice scraper from Kärcher, for year-round use. Ideal for removing stubborn dirt like insects and bird droppings. The kit comprises four components for deep cleaning your car windscreen.

### Car charger

Order no.: 2.644-250.0

### Powered up 24/7

Always ready for use, even on the road: the car charger from Kärcher charges your electric ice scraper using the 12-volt socket in your car.

### Scraper disc

Order no.: 2.644-357.0

### Full removal rate

If the blades of your EDI 4 are worn out, this replacement disc will allow it to achieve its full removal rate again.

# BRING BACK THE WOW TO YOUR BABY!

**#BringBackTheWOW.**

**»Simply the perfect complement to my Kärcher cleaning devices: the coordinated cleaning and care system.◀**

Bring back the WOW of that new-car feeling whenever you want with our cleaning and care products. No matter whether it is for a quick basic clean or for vehicle care worthy of a show car, our car care system is the perfect complement to your Kärcher cleaning devices. With it, you can remove dirt, stains and pollutants effectively but gently, making matt surfaces shine again and ensuring they have optimum protection. In addition to an improved appearance, you also ensure good visibility and optimal road safety with clean windows, headlights and sensors. And ensure that your baby is protected from corrosion and other harmful influences and remains in peak condition for a long time.

The perfect addition to your Kärcher: strong cleaning power in a comprehensive car cleaning system consisting of components that are perfectly tailored to one another in order to get the best out of your vehicle.

### Car glass cleaner

- Streak- and glare-free cleaning of all glass surfaces, such as windows and mirrors
- With a powerful effect for simple and residue-free removal of insect residues, street dirt, bird droppings, streaks of grease, silicone residues and nicotine
- Anti-static effect slows the resoiling process
- Reduces scattered light and ensures a clear view
- Contents: 500 ml

**Order no.: 6.296-105.0**

### Interior cleaner

- Gentle and effective cleaning of the entire car interior
- Quick removal of stains on the dashboard, door panelling, rubber seals, upholstery and smooth and artificial leather
- Permanently neutralises unpleasant odours, leaving behind a pleasantly fresh scent
- Anti-static effect slows the resoiling process
- Contents: 500 ml

**Order no.: 6.296-106.0**

### Cockpit care matt finish

- Deep-cleaning care for silk-matt plastics and rubber surfaces
- Masks fine scratches
- Improves the look of your vehicle by giving it a silk-matt appearance that looks as good as new
- For a pleasant feel
- Gives surfaces a water- and dirt-repellent coating
- Contents: 500 ml

**Order no.: 6.296-107.0**

#### Rim cleaner Premium

- Gentle cleaning of all common wheel rim types, including aluminium and chromium
- Effortless removal of stubborn dirt such as brake dust, road salt or street dirt
- Achieve dazzling results immediately, thanks to the quick-acting formula
- With performance indicator: intense colour change from white to red
- Acid-free
- Contents: 500 ml

**Order no.: 6.296-048.0**

#### Insect remover

- Effortlessly removes insects from glass, radiator grilles, paint and wheel rims
- Extremely gentle on all materials such as aluminium, paint and plastics
- Has a fast and efficient effect
- Particularly economical
- Contents: 500 ml

**Order no.: 6.295-761.0**

#### Polish & Wax

- For paint, either like new or slightly worn
- Gentle polishing and paint care in just one step
- Removes fine scratches, microcracks and streaks left behind by wash brushes with state-of-the-art polishing elements
- Intensive colour refresh with preservation effect
- Impressive colour brilliance without annoying holograms
- Protects the paintwork from environmental influences and preserves the colour
- Contents: 500 ml

**Order no.: 6.296-108.0**

Bring back the good old times in a flash with three powerful helpers from our cleaning programme that were especially developed to give everything on wheels some serious cleaning and care.

### Bike cleaner

- Power cleaner for motorbikes and bicycles
- Especially tough against stubborn brake dust
- The gel formula's perfect adhesion makes it easy to use
- Contents: 500 ml

**Order no.: 6.295-763.0**

### Car shampoo 3in1

- Powerful and especially gentle cleaner for vehicles and motorbikes
- 3in1: cleans, cares and protects in one go
- Quick dry formula for streak-free drying without using a leather cloth
- Ultra-shine formula for radiant shine on the entire vehicle
- Quick and efficient cleaning when used with a Kärcher pressure washer
- Contents: 1 l

**Order no.: 6.295-750.0**

### Ultra foam cleaner

- Especially powerful cleaner for vehicles and motorbikes
- With special foam booster for an even more intensive clean
- The active dirt remover removes oil and greasy dirt as well as typical vehicle and street dirt with ease
- Easy to use in combination with a Kärcher pressure washer and foam jet
- Contents: 1 l

**Order no.: 6.295-743.0**

A clear view for maximum safety – Kärcher has the right windscreen cleaner for every season of the year. With frost protection and best cleaning power for removing grit and street dirt in winter or strong cleaning power for removing insects and pollen in the warmer months.

#### Winter screen wash concentrate

- Frost protection down to -60°C

- Compatible with fan nozzles. Suitable for XENON headlights and plastic headlight lenses with a clear glass appearance
- Can be mixed with water of any hardness, thanks to anti-scale function
- Contents: 250 ml

**Order no.: 6.296-110.0**

# NEW GLOW – FOR YOUR PATIO

# #BringBackTheWOW.

» Finally, no more exhausting scrubbing, the cleaning result is significantly better and I'm done much faster. «

## Kärcher? Yes, please!

Spring after spring: the patio is in desperate need of general cleaning. Sun, rain, snow and ice have left their traces, and organic growth, moss and other dirt are spoiling the surface. Luckily the broom, scrubber and bucket can stay just where they are: in the cupboard. Cleaning is now not only faster, but also much easier and much more thorough: with the patio cleaners from Kärcher.

## Wood, WPC and tiles

With their rotating roller brushes and integrated water distribution, the Kärcher patio cleaners remove even the most stubborn dirt from wood, WPC and smooth sealed stone tiles in just a single step, including rinsing. They work thoroughly, evenly and effortlessly thanks to easily interchangeable brushes for different floors – no tools required. They are also incredibly easy to use. Simply connect the water hose, power supply or battery and off you go.

## SUMMER IS ALREADY SHORT ENOUGH

If you would rather spend more time on the patio than caring for it, then the PCL 4 patio cleaner is the device you need. Its ergonomic design and convenient operation are easy on your back, and the results are easy on the eye as well. Because, with water and two rotating roller brushes, it can scrub wood, WPC and smooth stone tiles so rigorously and thoroughly that everything will get its old WOW back.

#### PCL 4

Power: 600 W

Roller rotations: 600–800 rpm

Pressure: max. 10 bar

Two roller brushes for wooden surfaces

Order no.: 1.644-000.0

#### High level of operating comfort

Ergonomic design for effortless and comfortable work.

#### Space-saving storage

Simply lean it against a free wall and you're done. The brushes are reliably protected against bending by the space-saving storage function. Even better, use the handle to hang it on a hook.

#### Integrated water distribution

Perfect cleaning results, thanks to the combination of rotating roller brushes and water. Dirt is reliably loosened and then washed away.

#### Manual water regulation

The water flow can be individually adjusted depending on the level of dirt.

#### Even cleaning

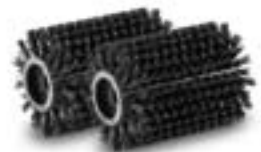

The innovative roller technology and the special bristle material ensure thorough and particularly even cleaning. Many possible applications, thanks to interchangeable roller brushes (wood, WPC, smooth sealed stone tiles).

#### Roller brushes

Specially developed for cleaning wooden surfaces and WPC. Included in the scope of supply.

#### Roller brushes for smooth stone surfaces

Optional accessories for cleaning sealed stone tiles and slabs.  
Order no.: 2.644-121.0

## SET THE SCENE FOR SUMMER WITHOUT ANY DRAMA

You no longer need a power outlet or pesky extension cable to thoroughly clean your patio or balcony while protecting its surface. The new PCL 3-18 patio cleaner can clean up to 20 square metres of wood, WPC or stone tiles with one fully charged battery.\* And you can choose for yourself how much water you use, helping you easily transform even the muckiest corner into a thing of beauty, all while conserving resources.

\*In combination with the 18V/2.5 Ah Battery Power exchangeable battery on wood.

#### PCL 3-18 Battery Set

Max. performance per battery charge: 20 m<sup>2</sup>\*

Roller rotations: 500 - 600 rpm

Pressure: max. 10 bar

Two roller brushes for wooden surfaces

Order no.: 1.644-011.0

#### Ergonomic water control lever

The water volume can be adjusted depending on the amount of dirt.

#### Excellent operating comfort

Ergonomic design for effortless and comfortable work.

#### 18 V Kärcher Battery Power exchangeable battery

For freedom of use, even without a power supply.

#### Integrated water distribution

Perfect cleaning results thanks to the combination of rotating roller brushes and water. Dirt is loosened and washed away in a single step.

#### Roller brushes for wooden surfaces

Perfect cleaning results for wood or WPC.

#### Even cleaning

The backwards-rotating rollers not only ensure even and thorough cleaning but also protect you from the spray water.

\* Maximum performance with an 18 V/2.5 Ah Kärcher Battery Power exchangeable battery.

Change the roller brushes in a jiffy with no tools required - and instantly bring back the WOW to your favourite spaces.

# TIP-TOP AND GLORIOUSLY GREEN!

## #BringBackTheWOW.

»The reward follows straight after use – the WOW effect after your work is done, when everything is in order, has a dazzling shine and a pleasant scent. «

### Go less green

What is a weed? It's really a matter of opinion. But hey, your jungle, your rules. And if the lawn does get too long, the hedge a bit too wild and the trees look a bit unruly, we have a few great ideas for getting more WOW, with a bit less green in your garden oasis.

### Go greener

No matter whether you're getting your gardening gloves out for a balcony or your own few acres, without water, nothing grows. So, we've got tons of ideas for getting that valuable water to your plants as easily, ergonomically and efficiently as possible.

## **INUNDATED WITH WEEDS? NOT ANY MORE!**

When you do not want to give in to the growing jungle on your paths and surfaces, you have a strong ally in the WRE 18-55. The innovative brush head easily removes dried weeds and moss out of crevices and from surfaces, such as stone, tiles or concrete. And thanks to its ergonomic design and an 18 V battery, it can go right into the deepest and darkest corners of your kingdom, while you are standing upright comfortably.

#### WRE 18-55 Battery Set

Brush speed: 2,300–2,800 rpm

Brush diameter: 180 mm

Bristle material: nylon

Max. performance per battery charge\*: 15 m<sup>2</sup>

Order no.: 1.445-245.0

#### Aluminium telescopic handle

Enables users of any height to work standing upright.

#### Adjustable cleaning head

Angles can be individually adjusted to suit different cleaning situations and people of different heights.

#### Space-saving storage

Thanks to the integrated hanging storage loop, the device can be simply hung on a hook in the wall.

#### 18 V Kärcher Battery Power exchangeable battery

The cordless device allows for complete freedom of movement. Equipped with an 18 V Kärcher Battery Power exchangeable battery.

#### Parking position

During breaks in working, the device can be safely set down on the protective cover.

#### Innovative nylon brushes

Specially aligned nylon bristles and a high brush speed ensure effective removal of dry moss and weeds\*\* from surfaces.

#### Guidance aid

The 360° rotating ball on the cap supports the optimal energy-saving work position. It also enables a bristle strip change with no tools required.

#### Adjustable shoulder strap

For back-friendly work.

\*Maximum performance with an 18 V/2.5 Ah Kärcher Battery Power exchangeable battery.

\*\*Please note that the device removes weeds at the surface. It does not remove the roots.

These accessories make your work even easier and ensure that, together with your weed remover, you can easily and effectively achieve the best results at any time.

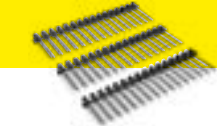

**WRE 18-55 bristle strip**

Order no.: 2.445-243.0

**WRE 18-55 bristle strip  
(3 pc)**

Order no.: 2.445-244.0

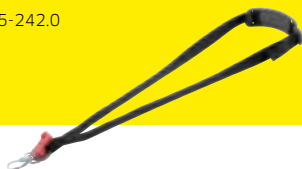

**Gentle cleaning power**

The specially aligned nylon bristles ensure effective removal of dry moss and weeds from surfaces. If the bristle strip is worn, you can simply replace it with a new one with no tools required.

**Shoulder strap**

Order no.: 2.445-242.0

**Load bearer**

The ergonomic shoulder strap makes work even easier. Not just using the weed remover, by the way, but also with many other Kärcher battery-powered garden tools.

## SPRAYS LIKE A DREAM

When using a pressure sprayer, they used to say, “The only way to get more spray is to pump harder”. But with the Kärcher PSU 4-18, you can forget about the hard work. Simply fill the container, connect the battery and then give your plants some care with a fine spray mist or a direct water stream. For example, you can gently water delicate seedlings with a light mist, target specific plants with plant-protection agents or apply liquid fertiliser. Urban jungle or allotment garden – you’re guaranteed to love the PSU 4-18.

#### PSU 4-18

Max. working pressure: 3 bar

Flow rate: 30 l/h

Tank volume: 4 l

Max. run time per battery charge:\* up to 400 min

Order no.: 1.445-300.0

\*Maximum run time with an 18 V/2.5 Ah Kärcher Battery Power exchangeable battery; battery is not included in the scope of supply.

## LAWN CARE WITHOUT BREAKING A SWEAT

When you choose a Kärcher lawn mower, there are many things you can do without. For example, a cable, petrol or the noise of a two-stroke engine. In return, you get powerful and very manoeuvrable (18 V) or extremely high-powered (36 V) mowers with batteries that can also be used for many other Kärcher battery-powered devices. With the integrated mulch kit, you save yourself the trouble of disposing of grass clippings, and when you don't need your lawn mower (or you need it elsewhere), it can be made very small for transport or storage.

#### LMO 36-46 Battery Set

Cutting width: 46 cm

Cutting height: 20–70 mm

Grass collection bag volume: 55 l

Max. performance per battery charge:\* 650 m<sup>2</sup>

Order no.: 1.444-470.0

\* Maximum performance with an 36 V/5.0 Ah Kärcher Battery Power exchangeable battery.

It's possible to cover a large area in a short time with the two powerful battery lawn mowers from the 36 V Kärcher Battery Power platform. Both models boast a large cutting width and an impressive grass collection bag volume. The LMO 36-46 Battery also features drive support at the touch of a button for entirely effortless work.

#### **LMO 36-46 Battery Set**

- Push assist: additional drive power on the left rear wheel at the touch of a button
- Brushless motor for a longer lifetime
- Includes 36 V/5.0 Ah Kärcher Battery Power exchangeable battery and 36 V Kärcher Battery Power fast charger

Cutting width: 46 cm

Cutting height: 20 - 70 mm

Grass collection bag volume: 55 l

Max. performance per battery charge:\* 650 m<sup>2</sup>

**Order no.: 1.444-470.0**

#### **LMO 36-40 Battery Set**

- Large grass collection bag volume for working without interruptions
- Mows up to the edge of the lawn, thanks to lawn combs
- Includes 36 V/5.0 Ah Kärcher Battery Power exchangeable battery and 36 V Kärcher Battery Power fast charger

Cutting width: 40 cm

Cutting height: 20 - 70 mm

Grass collection bag volume: 50 l

Max. performance per battery charge:\* 550 m<sup>2</sup>

**Order no.: 1.444-450.0**

The extremely manoeuvrable and lightweight battery lawn mowers from the 18 V Kärcher Battery Power platform make lawn mowing truly effortless. What's particularly convenient is that they are easy to manoeuvre, even on uneven terrain, and thanks to the foldable handle and textile grass collection bag, they take up little storage space.

#### LMO 18-36 Battery Set

- Four-level central cutting height adjustment
- Practical fill level indicator
- Includes 18 V/5.0 Ah Kärcher Battery Power exchangeable battery and 18 V Kärcher Battery Power fast charger

Cutting width: 36 cm

Cutting height: 30–70 mm

Grass collection bag volume: 45 l

Max. performance per battery charge:\*\* 350 m<sup>2</sup>

**Order no.: 1.444-421.0**

#### LMO 18-33 Battery Set

- Four-level central cutting height adjustment by the front wheel
- Practical fill level indicator
- Includes 18 V/5.0 Ah Kärcher Battery Power exchangeable battery and 18 V Kärcher Battery Power fast charger

Cutting width: 33 cm

Cutting height: 35–65 mm

Grass collection bag volume: 35 l

Max. performance per battery charge:\*\* 250 m<sup>2</sup>

**Order no.: 1.444-401.0**

\*Maximum performance with an 36 V/5.0 Ah Kärcher Battery Power exchangeable battery.

\*\*Maximum performance with an 18 V/5.0 Ah Kärcher Battery Power exchangeable battery.  
All devices also available without a battery.

Frayed blades of grass and a scruffy cut are tell-tale signs of a blunt lawn mower blade. To prevent causing more damage to your lawn, you should replace the blade. It is possible to do this with little effort and without any tools on our battery lawn mowers.

**LMO 18-33 Battery blade**

Order no.: 2.444-010.0

**LMO 18-36 Battery blade**

Order no.: 2.444-011.0

**Lawn mower blades for 18 V battery lawn mower**

High-quality steel, perfectly sharp and with a blade design that will efficiently transfer the cut material into the grass collection bag - we do our best for your lawn. You can easily replace the blade yourself. Please make sure to get the right blade for your mower. The LMO 18-33 Battery requires a blade with a cutting width of 33 cm; the LMO 18-36 Battery requires one of 36 cm.

**LMO 36-40 Battery blade**

Order no.: 2.444-012.0

**LMO 36-46 Battery blade**

Order no.: 2.444-013.0

**Lawn mower blades for 36 V battery lawn mower**

With the right blades, the powerful 36 V mowers can really get going on your lawn. The LMO 36-40 Battery requires a blade with a cutting width of 40 cm; the LMO 36-46 Battery requires one of 46 cm. Both blades are made of high-quality steel, have a perfectly sharp blade and a blade design that will efficiently transfer the grass cuttings into your mower's grass collection bag.

## THE POWERHOUSE FOR A WELL-MAINTAINED LAWN

All gardens have areas that are difficult to reach with a mower, but they are no problem for our lawn trimmers. Being gentle on your back, you can use them to efficiently cut all things green up to the edge of the lawn. And thanks to the automatic trimmer line extension, not only the grass but also your trimmer line are always the perfect length.

#### LTR 36-33 Battery Set

Cutting diameter: 28–33 cm

Speed: 7,000 rpm

Trimmer line diameter: 2.0 mm

Max. performance per battery charge:\* 600 m

Order no.: 1.444-351.0

#### Ergonomic handle design

The soft two-handed grip makes the device comfortable to hold, even when trimming for prolonged periods.

#### Separable shaft

For ease of transport and space-saving storage.

#### Continuously variable speed control

The trimmer power can be controlled individually depending on the field of application.

#### Adjustable cutting diameter

Makes trimming grass in corners and narrow points simpler.

#### 36 V Kärcher Battery Power exchangeable battery

The powerful exchangeable battery has an LCD display with Real Time Technology and can also be used with other devices of the 36 V Kärcher Battery Power battery platform if required.

#### Practical plant protector

Gentle trimming alongside flowerbeds and trees without damaging plants.

#### Efficient cutting system with automatic trimmer line extension

The twisted trimmer line ensures a precise cut, is very quiet and, thanks to automatic extension, is always the perfect length.

#### Adjustable shoulder strap

For back-friendly work.

\* Maximum performance with an 36 V/2.5 Ah Kärcher Battery Power exchangeable battery.

On edges, bedsteads, trunks and everywhere else where the lawn mower can not reach, begins to grow wild. Or you can tame it with our lawn trimmer. We give you a choice of three powerful cordless tools for different tasks. From the lightweight device and the ergonomic all-rounder to the particularly powerful model, you will find the support you need to steer unbridled nature into orderly channels.

#### **LTR 36-33 Battery Set**

- Continuously variable speed control
- Practical plant protector
- Shoulder strap for back-friendly work
- Includes 36 V / 2.5 Ah Kärcher Battery Power exchangeable battery and 36 V Kärcher Battery Power fast charger

Cutting diameter: 28-33 cm

Speed: 7,000 rpm

Trimmer line diameter: 2.0 mm

Max. performance per battery charge:\* 600 m

**Order no.: 1.444-351.0**

#### **LTR 18-30 Battery Set**

- Ergonomic adjustment of the tilt angle
- Practical plant protector
- Rotatable trimmer head for clean lawn edges
- Includes 18 V / 2.5 Ah Kärcher Battery Power exchangeable battery and 18 V Kärcher Battery Power fast charger

Cutting diameter: 30 cm

Speed: 7,800 rpm

Trimmer line diameter: 1.6 mm

Max. performance per battery charge:\*\* 350 m

**Order no.: 1.444-311.0**

#### LTR 18-25 Battery Set

- Lightweight
- Rotatable trimmer head for clean lawn edges
- Includes 18 V/2.5 Ah Kärcher Battery Power exchangeable battery and 18 V Kärcher Battery Power standard charger

Cutting diameter: 25 cm

Speed: 9,500 rpm

Trimmer line diameter: 1.6 mm

Max. performance per battery charge:\*\* 300 m

**Order no.: 1.444-301.0**

\*Maximum performance with an 36 V/2.5 Ah Kärcher Battery Power exchangeable battery.

\*\*Maximum performance with an 18 V/2.5 Ah Kärcher Battery Power exchangeable battery.

All devices also available without a battery.

The Kärcher battery lawn trimmers: really powerful and doubly versatile. With the precise trimmer line, you can show your lawn who is the boss. If you exchange the line spool for the optionally available trimmer blade then even stubborn grass will be in for the chop – and you can teach your jungle some manners.

**LTR 18 Battery  
line spool**

Order no. 2.444-014.0

**LTR 18 Battery  
line spool (3 pc)**

Order no. 2.444-016.0

**18 V trimmer line spools**

The 1.6 mm diameter twisted cutting line guarantees precise and low-noise cutting, even in hard-to-reach areas. All line spools – individual with cap or the practical three-pack – have an automatic line extension feature and can be changed easily without any tools.

**LTR 36 Battery  
line spool**

Order no. 2.444-015.0

**LTR 36 Battery  
line spool (3 pc)**

Order no. 2.444-017.0

**36 V trimmer line spools**

Low-noise, precise and especially powerful – the line spools with a twisted cutting line and 2.0 mm diameter. The automatic line extension feature ensures that the trimmer line is always the ideal length so that you can achieve clean results any time, even in hard-to-reach areas.

**Trimmer blade in the  
LTR Battery double pack**

Order no. 2.444-022.0

**Trimmer blades**

You can fit the robust double-bladed trimmer blades to all Kärcher 18 V or 36 V battery lawn trimmers without any tools – use them to tame even stubborn grass.

## GET STUCK INTO THE HEDGE

When the hedge reaches for the sky, so too must the gardener. Whether shaping or pruning, with hedge broom or speed control, the battery-powered 18 V and 36 V hedge trimmers from Kärcher produce a perfect cut.

#### HGE 36-60 Battery Set

Cutting length: 60 cm

Tooth spacing: 26 mm

Weight without accessories: 3.3 kg

Max. performance per battery charge:\* 600 m

Order no.: 1.444-251.0

#### Two-step speed control

Depending on the application, users can choose between maximum speed and maximum power.

#### Sawing function

The front section of the battery hedge trimmer can even cut thick branches without any hassle.

#### Laser-cut, diamond-ground blade

For a clean and precise cut.

#### Blade tip protector

The integrated blade tip protector protects the blade and prevents damage to buildings and floors.

#### Rotatable rear handle

The handle can be adjusted to five different positions. For ergonomic use.

#### 36 V Kärcher Battery

##### Power exchangeable battery

LCD display with Real Time Technology. And a long enough run time for cutting up to 600 m of hedge.

#### Hedge broom

Ensures that the cut material is dropped in front of the hedge and not on the hedge.

\* Maximum performance with an 36 V/2.5 Ah Kärcher Battery Power exchangeable battery.

Whether they mark a property boundary, provide privacy or are for decoration. No matter what hedges and bushes are used for, Kärcher's particularly handy battery hedge trimmers will have them looking sharp without any hassle.

#### **HGE 36-60 Battery Set**

- Two-step speed control
- Rotatable rear handle
- Hedge broom
- Includes 36 V / 2.5 Ah Kärcher Battery Power exchangeable battery and 36 V Kärcher Battery Power fast charger

Cutting length: 60 cm

Tooth spacing: 26 mm

Blade speed level 1: 2,700 cuts/min

Blade speed level 2: 760 cuts/min

Max. performance per battery charge:\* 600 m

**Order no.: 1.444-251.0**

#### **HGE 18-50 Battery Set**

- Rotatable rear handle
- Hedge broom
- Sawing function
- Includes 18 V / 2.5 Ah Kärcher Battery Power exchangeable battery and 18 V Kärcher Battery Power fast charger

Cutting length: 50 cm

Tooth spacing: 22 mm

Blade speed: 2,700 cuts/min

Max. performance per battery charge:\*\* 325 m

**Order no.: 1.444-241.0**

#### HGE 18-45 Battery Set

- Diamond-ground blades
- Ergonomic handle design
- Lightweight
- Includes 18 V/2.5 Ah Kärcher Battery Power exchangeable battery and 18 V Kärcher Battery Power standard charger

Cutting length: 45 cm

Tooth spacing: 18 mm

Blade speed: 2,700 cuts/min

Max. performance per battery charge:\*\* 250 m

**Order no.: 1.444-231.0**

\*Maximum performance with an 36 V/2.5 Ah Kärcher Battery Power exchangeable battery.

\*\*Maximum performance with an 18 V/2.5 Ah Kärcher Battery Power exchangeable battery.

All devices also available without a battery.

## FOR ANY HEIGHT

If you prefer standing on solid ground rather than a wobbly ladder when trimming your hedge, then the PHG 18-45 Battery pole hedge trimmer is the right product for you. With an adjustable cutting head and a reach of up to four metres, you can be sure that your bushes and shrubs will only grow as far over your head as you want them to.

#### PHG 18-45 Battery

Cutting length: 45 cm

Tooth spacing: 18 mm

Cutting head angle: 115°

Max. performance per battery charge:\* 250 m

Order no.: 1.444-210.0

#### Adjustable cutting head

The cutting head can be adjusted through four settings up to 115°. For effortless cutting of different hedge contours.

#### 18 V Kärcher Battery Power

The pole hedge trimmer can be powered by any 18 V Kärcher Battery Power battery.

#### Diamond-ground blade

For a clean and precise cut.

#### Sawing function

The front section of the pole hedge trimmer can even cut large branches without any hassle.

#### Blade tip protector with integrated hanging storage loop

Protects the blade and prevents damage to buildings and the ground. And the cutting head can be simply hung up on the wall, thanks to the practical hanging storage loop.

#### Extension pole

For cutting especially tall hedges up to four metres. Fast attachment and removal, thanks to the quick release closure. Ideal for space-saving storage.

#### Practical shoulder strap

Optimal weight distribution to take the strain off users' arms and shoulders. Ideal when working for prolonged periods.

\* Maximum performance with an 18 V/2.5 Ah Kärcher Battery Power exchangeable battery; battery is not included in the scope of supply.

## PRECISION WORK MADE EASY

The compact 2-in-1 helper: the battery grass shear is used to cut the edges of garden lawns, flowerbeds, vegetable patches or patios, while the shrub shear takes the hassle out of cutting and shaping shrubs.

#### GSH 18-20 Battery

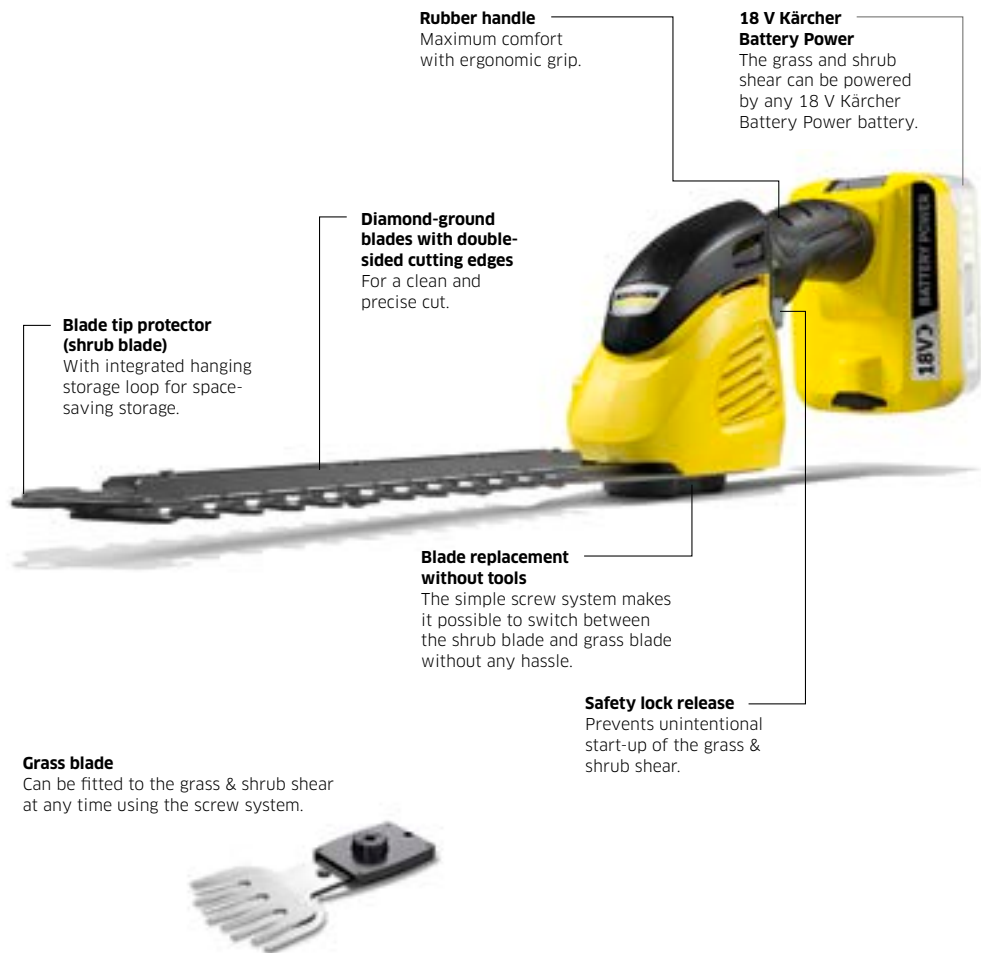

Shrub blade cutting length: 20 cm

Shrub blade tooth spacing: 10 mm

Grass blade cutting width: 12 cm

Max. performance per battery charge:\* 650 m (grass), 450 m (shrubs)

Order no.: 1.444-200.0

\* Maximum performance with an 18 V/2.5 Ah Kärcher Battery Power exchangeable battery; battery is not included in the scope of supply.

## THROUGH THICK AND THIN

Quickly ready for use, no exhaust fumes and significantly quieter: the Kärcher CNS 36-35 Battery chain saw cuts a pretty good figure compared to many petrol-powered models. The combination of brushless motor and powerful 36-volt battery ensures plenty of power and a long lifetime. And the high chain speed and a 35-centimetre guide bar ensure that you don't have to give way to thicker trees.

#### CNS 36-35 Battery

Guide bar: 35 cm

Chain speed: 21 m/s

Oil tank capacity: 190 ml

Max. performance per battery charge:\* 100 cuts

Order no.: 1.444-050.0

#### 36 V Kärcher Battery Power

The chain saw can be powered by any 36 V Kärcher Battery Power battery.

#### Kickback protection

The chain is stopped immediately in the event of kickback.

#### Automatic chain lubrication

For low-maintenance use of the battery chain saw. Users can also check the oil level at a transparent inspection window.

#### Tool-less chain tensioning

The chain is simply tensioned using a knob.

#### Bumper spike

Safe guiding and precise cuts because the chain saw attaches to the material that is to be cut.

#### Safety lock release

Prevents unintentional start-up of the battery chain saw.

\* Maximum performance with an 36 V/2.5 Ah Kärcher Battery Power exchangeable battery; battery is not included in the scope of supply.

## FOR THE HIGHEST DEMANDS

While chain saws cannot be used at a height, this is where Kärcher's battery pole saw unleashes its full potential. It can be used to cut thick branches up to 4 metres high easily and safely.

#### PSW 18-20 Battery

Guide bar: 20 cm

Chain speed: 5.5 m/s

Max. length: 2.90 m

Max. performance per battery charge:\* 80 cuts

Order no.: 1.444-010.0

#### Automatic chain lubrication

For low-maintenance use of the pole saw. Users can also check the oil level at a transparent inspection window.

#### 18 V Kärcher Battery Power

The pole saw can be powered by any 18 V Kärcher Battery Power battery.

#### Extension pole

The lightweight fibreglass extension pole can be used to saw branches at a height of up to four metres without any hassle.

#### Safety lock release

Prevents unintentional start-up of the pole saw.

#### Quick release closure

The pole saw can be taken apart into three pieces for convenient storage.

#### Stability hook

For sawing branches safely and accurately.

#### Chain tensioning setup

Easily accessible screw for tensioning the chain.

#### Practical shoulder strap

Optimal weight distribution to take the strain off users' arms and shoulders. Ideal when working for prolonged periods.

\* Maximum performance with an 18 V/2.5 Ah Kärcher Battery Power exchangeable battery; battery is not included in the scope of supply.

No matter whether you want to care for trees or turn them into firewood: Kärcher battery chain saws make your work easy. With their combination of performance, handiness and low weight, they are ideal for both beginners and professionals.

#### **CNS 36-35 Battery**

- Ideal for applications requiring force: chopping thick branches, cutting firewood, felling small trees
- Brushless motor for a longer lifetime
- 36 V Kärcher Battery Power exchangeable battery and charger not included in the scope of supply

Guide bar: 35 cm

Chain speed: 21 m/s

Oil tank capacity: 190 ml

Max. performance per battery charge:\* 100 cuts

**Order no.: 1.444-050.0**

#### **CNS 18-30 Battery**

- Ideal for simple tree maintenance: chopping thinner branches, cutting firewood
- Brushless motor for a longer lifetime
- 18 V Kärcher Battery Power exchangeable battery and charger not included in the scope of supply

Guide bar: 30 cm

Chain speed: 10 m/s

Oil tank capacity: 200 ml

Max. performance per battery charge:\*\* 35 cuts

**Order no.: 1.444-001.0**

### PSW 18-20 Battery

- Ideal for tree maintenance at height (crown cutting)
- Comfortably cut branches up to 4 m high
- 18 V Kärcher Battery Power exchangeable battery and charger not included in the scope of supply

Guide bar: 20 cm

Chain speed: 5.5 m/s

Max. length: 2.90 m

Max. performance per battery charge:\*\* 80 cuts

**Order no.: 1.444-010.0**

\*Maximum performance with an 36 V/2.5 Ah Kärcher Battery Power exchangeable battery.

\*\*Maximum performance with an 18 V/2.5 Ah Kärcher Battery Power exchangeable battery.

## PRUNING MADE EASY

Branches, bushes and trees – with the battery pruning saw, you can effortlessly let the light shine through. The practical branch claw ensures a perfect grip during use, even when used one-handed.

#### PGS 4-18

Max. stroke rate: 2,500 min<sup>-1</sup>

Max. cutting capacity without branch claw: 80 mm

Max. cutting capacity with branch claw: 50 mm

Max. cutting performance per battery charge:\* 120 cuts

Order no.: 1.445-330.0

#### Simple one-handed operation

Branch claw (removable)  
for perfect hold even when  
operating with one hand.

#### 18 V Kärcher Battery Power exchangeable battery

Powerful performance  
and full freedom of  
movement without an  
annoying mains cable.

#### Detachable battery foot

For easy attachment of the  
optional telescopic extension.

#### High cutting performance

Cut through branches of up  
to 80 mm diameter thanks  
to high-quality saw blade  
made in Germany.

#### Tool-less blade change

Practical blade clamp  
for easy changing of  
the saw blade.

\*Maximum performance with a 18 V/2.5 Ah Kärcher Battery Power exchangeable battery; battery is not included in the scope of supply.

With our powerful assistants, you can effortlessly create space in a way that is easy on the joints and will allow bushes, shrubs and trees to grow and flourish. No matter whether you are dealing with rose bushes, shrubs that are growing wild or young trees: thanks to the powerful Kärcher Battery Power exchangeable batteries, you are always ready for action, even when you are far away from a power outlet.

**NEW**

#### **PGS 4-18**

- Ideal for effortless cutting of branches and twigs on small and medium-sized trees or shrubs
- The removable branch claw enables a perfect hold during use
- 18 V Kärcher Battery Power exchangeable battery and charger not included

Max. stroke rate: 2,500 min<sup>-1</sup>

Max. cutting capacity without branch claw: 80 mm

Max. cutting capacity with branch claw: 50 mm

Max. cutting performance per battery charge:\* 120 cuts

**Order no.: 1.445-330.0**

#### **TLO 18-32 Battery**

- Ideal for easy cutting of branches up to 3 cm diameter
- Bypass blade for precise and gentle cutting
- 18 V Kärcher Battery Power exchangeable battery and charger not included in the scope of supply

Cutting power: 250 Nm

Total length: 0.91 m

Max. performance per battery charge:\* 375 cuts

Weight without accessories: 2.4 kg

**Order no.: 1.444-020.0**

\*Maximum performance with a 18 V/2.5 Ah Kärcher Battery Power exchangeable battery.

When branches are out of your reach or a blunt saw blade makes work tedious, our accessories provide a quick remedy. They allow you to easily extend your range of use and make short work of bushes and branches that are growing wild.

#### **Telescopic extension for PGS 4-18**

Order no.: 2.445-247.0

**NEW**

#### **For work at height**

The telescopic extension with practical angle adjustment increases the operating radius and fields of application of the PGS 4-18. It can be used to cut branches up to a height of 3.5 metres without any problems.

#### **Saw blades for PGS 4-18**

Order no: 2.445-246.0

**NEW**

#### **For clean cuts**

Our saw blades can be changed without tools, are made in Germany and fit the PGS 4-18 battery pruning saw perfectly.

## **TAKEN BY STORM**

As long as they are still up in the trees, how pretty are autumn-coloured leaves? A gust of wind later and they are on your paths and green areas – and now you have a lot of work to do. Using the LBL 4 Battery leaf blower makes this work a lot more effortless and effective than using a broom and rake. With the powerful 36 V Kärcher Battery Power exchangeable battery and an air speed of 250 km/h, it blows at the pesky leaves until the WOW resurfaces.

#### LBL 4 Battery Set

Air speed: max. 250 km/h

Air throughput: max. 330 m³/h

Power control: two-step

Max. performance per battery charge:\* 550 m²

Order no.: 1.444-160.0

#### Familiar Kärcher Power

The air throughput and air speed are perfectly balanced and ensure the powerful and efficient removal of leaves, garden cuttings and dirt from around the house.

#### Two-step power control

Depending on how challenging the cleaning task is, users can choose between maximum run time and maximum performance.

#### Effortless working

The perfect balance and ergonomic design of the device make it possible to use over long periods without tiring.

#### Space-saving storage

If necessary, the blow tube can simply be removed and stored separately.

#### Detachable flat nozzle

For precise and spot cleaning. Integrated debris scraper to remove wet leaves and stubborn dirt.

#### 36 V Kärcher Battery Power exchangeable battery

The powerful 36 V Kärcher Battery Power exchangeable battery grants the user complete freedom of movement and can also be used with other devices from the 36 V Kärcher Battery Power battery platform if required.

\* Maximum performance with an 36 V/2.5 Ah Kärcher Battery Power exchangeable battery.

## **BLOWN AWAY**

With the BLV 36-240 Battery blower vac, you have two ways to get rid of leaves and lawn or hedge trimmings. Dry and even wet leaves can be conveniently blown off paths and out of corners. And with the suction function, green waste is conveniently picked up, shredded and transported into the leaf bag.

#### BLV 36-240 Battery

Air speed in suction mode: max. 130 km/h

Air speed in blower mode: max. 240 km/h

Mulching ratio: 10:1

Max. performance per battery charge\* in suction mode: 75 l

Order no.: 1.444-170.0

\*Maximum performance with an 36 V/2.5 Ah Kärcher Battery Power exchangeable battery; battery is not included in the scope of supply.

In spring, summer and of course autumn: leaf blowers and blower vacs are almost always in season. From hedge and lawn clippings to wet leaves, they remove green waste more conveniently and reliably than any broom. And what is ultra-practical is the way blower vacs chop the collected green waste into small pieces and thus create valuable compost or space in the organic waste bin.

#### **LBL 4 Battery Set**

- Two-step power control
- Detachable flat nozzle with integrated debris scraper
- Includes 36 V / 2.5 Ah Kärcher Battery Power exchangeable battery and 36 V Kärcher Battery Power fast charger

Air speed: max. 250 km/h

Air throughput: max. 330 m³/h

Max. performance per battery charge:\* 550 m²

**Order no.: 1.445-160.0**

#### **LBL 2 Battery Set**

- Space-saving storage, thanks to the bayonet closure on the blow tube
- Detachable flat nozzle with integrated debris scraper
- Includes 18 V / 2.5 Ah Kärcher Battery Power exchangeable battery and 18 V Kärcher Battery Power standard charger

Air speed: max. 210 km/h

Air throughput: max. 220 m³/h

Max. performance per battery charge:\*\* 400 m²

**Order no.: 1.445-110.0**

All devices on this page also available without a battery.

### BLV 36-240 Battery

- Suction and blow tube can be detached separately for effortless work
- Long-lasting metal mulching blade
- Brushless motor for a longer lifetime
- 36 V Kärcher Battery Power exchangeable battery and charger not included in the scope of supply

Air speed in suction mode: max. 130 km/h

Air speed in blower mode: max. 240 km/h

Max. performance per battery charge in suction mode:\*\* 75 l

**Order no.: 1.444-170.0**

### BLV 18-200 Battery

- With turbo boost for an added dose of power
- Comfortable to carry, thanks to ergonomic second handle
- Brushless motor for a longer lifetime
- 18 V Kärcher Battery Power exchangeable battery and charger not included in the scope of supply

Air speed in suction mode: max. 130 km/h

Air speed in blower mode: max. 200 km/h

Max. performance per battery charge in suction mode:\*\* 45 l

**Order no.: 1.444-100.0**

\*Maximum performance with an 36 V / 2.5 Ah Kärcher Battery Power exchangeable battery.

\*\*Maximum performance with an 18 V / 2.5 Ah Kärcher Battery Power exchangeable battery.

# BE GONE, DIRT!

**#BringBackTheWOW.**

**»No more lower back pain or weary arms. With my new sweeper, sweeping is really fun!«**

### **Sweeping made easy**

Sorry, dear physiotherapists, yoga teachers and manufacturers of heat plasters. Now sweeping will no longer cause back problems, and will even be fun. With our sweepers, cleaning the yard and pavement will be effortless. It is not only easier but also five times faster than with a broom.

### **Better pushing**

Pushing is better than sweeping. And more convenient. This is due, for example, to the height- and angle-adjustable push handles. This means you always have the device perfectly under control. The dirt pick-up has also been neatly thought through: as you work, the dirt gets swept directly into the container, which you can then easily remove and empty. Without coming into contact with the slightest bit of dirt.

## THE BEST SEASON FOR SWEEPING IS: ALWAYS

Whether it is for petals in the spring, sand in the summer, leaves in the autumn or grit in the winter – there's always something that has to be swept, all year round. The best way to do this in a way that prevents back strain and is efficient is with sweepers from Kärcher – your ground crew for fast tidying tasks.

## S 6 Twin

Area performance: max. 3,000 m<sup>2</sup>/h

Working width: 860 mm

Waste container: 38 l

Number of side brushes: 2

Order no.: 1.766-460.0

### No back strain

Extendible push handle that can be set to two positions to suit your height.

### Pleasant all year round

The thermally coated handling surface on the push handle ensures that the handle is at a comfortable temperature, even in cold weather.

### No tools required for use

The cap makes setup and conversion really simple, without the need for screws.

### Adjustable contact pressure

Height-adjustable side brushes for a perfect clean on all surfaces.

### Thorough cleaning right up to the edges

Two robust side brushes guarantee a maximum working width and clean pick-up right up to the edges.

### No contact with dirt

The stand-alone waste container can be removed, transported and emptied easily.

### Space-saving storage

Footplate for simple upright storage – without stooping.

Four devices with the same mission: to achieve cleanliness quickly and without tedious sweeping. We have back-friendly options for all paths and other areas around the house and garden.

### S 6 Twin

- Ideal for larger outdoor areas
- Two large side brushes for a greater working width
- Adjustable contact pressure
- Thermal grip on the push handle

Area performance: max. 3,000 m<sup>2</sup>/h

Working width: 860 mm

Waste container: 38 l

**Order no.: 1.766-460.0**

### S 6

- Ideal for larger outdoor areas
- One large side brush
- Adjustable contact pressure
- Thermal grip on the push handle

Area performance: max. 2,500 m<sup>2</sup>/h

Working width: 670 mm

Waste container: 38 l

**Order no.: 1.766-420.0**

#### S 4 Twin

- Ideal for smaller outdoor areas
- Two large side brushes for a greater working width
- Thermal grip on the push handle

Area performance: max. 2,400 m<sup>2</sup>/h

Working width: 680 mm

Waste container: 20 l

**Order no.: 1.766-360.0**

#### S 4

- Ideal for smaller outdoor areas
- One side brush

Area performance: max. 1,800 m<sup>2</sup>/h

Working width: 510 mm

Waste container: 20 l

**Order no.: 1.766-320.0**

# CONSERVE YOUR RESOURCES

**#BringBackTheWOW.**

**» Water is precious – but so is my time. With Kärcher, I save both. «**

### **Stop using the scattergun approach**

Water is a precious commodity. With our watering systems, you can use it in a way that is as easy on your back as it is on your resources. And always gives your plants just the amount of water they need for a green WOW.

### **Systematic watering**

You can choose between individual watering with high-quality accessories from spray lances to oscillating sprinklers or completely automatic watering with a water timer, which will water your green oasis even when you are not there or are busy with other things.

## WATER CONSERVATION MADE EASY

Your favourite book or a watering can? If you prefer to spend your precious time doing other things, you can leave the watering to one of our water timers. Combine it with the clever Kärcher Rain System® and every plant will always get exactly as much water as it needs.

#### WT 5 water timer

One programmable water outlet

Precise programming every day of the week

Two watering sessions per day

Manual watering possible

Order no.: 2.645-219.0

#### Convenient handling

thanks to a detachable control unit with a large display.

#### Manual watering

For easy water supply outside watering times.

#### Battery indicator and memory function

Simple display of the battery status. When the battery is replaced, the programmed settings are retained.

#### Safety function

When the battery is empty, the valve will automatically close and stop the water flow.

#### Simple programming

using the buttons on the control unit. Intuitive menu guidance.

#### Saves time

Automatic watering up to twice a day, depending on the setting.

From holiday cover for your balcony to complete solutions for large gardens that save you time and give your back a rest: our automatic watering ideas are good for your plants – and for you.

**WT 5 water timer**

- Precise programming every day of the week
- Two watering sessions per day
- Manual watering possible
- Detachable display for convenient programming

**Order no.: 2.645-219.0**

**WT 4 water timer**

- Individual setting of the watering times
- Automatic on/off function
- Manual watering possible
- Detachable display for convenient programming

**Order no.: 2.645-174.0**

### Kärcher Rain Box

- Ideal starter set for efficient watering
- The system works in any kind of garden
- Watering versions for hedges, bushes, flowerbeds and vegetable patches
- Includes plastic carrying case, 10 m soaker hose, 15 m Kärcher Rain System® hose, 4 T-connectors with water flow regulation, 4 I-connectors, 10 drip nozzles, 5 hose spikes, 5 hose stops, 1 particle filter, 2 connectors and 1 tap adaptor G1 with reducer G3/4

**Order no.: 2.645-238.0**

### Kärcher Rain System® pot watering set

- Starter set for customisable watering
- For up to 15 plants on a balcony or patio
- Ideal for pots and window boxes
- Easy installation without tools
- Includes 10 m 1/2" hose, G3/4 tap adaptor with G1/2 reducer, hose connector, 10 m of 4 mm connection hose, 15 droppers, 15 hose spikes, 10 T-connectors, 10× collars for connecting 4 mm connection hose and 1/2 hose, 4 hose stops (3×small, 1×large).

**Order no.: 2.645-276.0**

## BRING BACK THE WOW TO YOUR GOODIES

Here is a question for you: what lets you enjoy water and is noticeably cheaper than a swimming pool? Correct – the Kärcher WBS 3 water booster. Simply attach it to your garden hose and before you know it – here comes the water! The two-stage switch lets you change between a targeted point jet and an innovative rotation jet for cleaning surfaces. That way, your grimy bins will end up just as clean as your dusty favourites – in half the time and with you in a better mood than if you were using a garden sprayer.

### WBS 3 water booster

Spraying patterns: point jet, rotating jet

Flow rate: max. 583 l/h

Rotating speed per minute: max. 1,100

Order no.: 1.645-600.0

# THE SECRET WEAPON FOR YOUR GARDEN

One click and the WBS 3 water booster transforms a harmless garden hose into a fun and efficient cleaning device. With a point jet for precise dirt removal and a rotation jet for the effective cleaning of smaller surfaces and for rinsing. Switching between the jets is easy using the two-stage switch on the ergonomic handle.

This means that garden tools and furniture or, for example, rubbish bins are cleaned in an instant – without you even having to lend a hand. It's also faster and more fun.

## ADVANTAGES THAT MAKE THE DIFFERENCE

- The rotating jet reduces the cleaning time by up to 50% when compared to classic garden sprayers.
- Long-lasting metal nozzle for a precise point jet.
- Easy installation with one click and without additional accessories.

**#BringBackTheWOW.**

**1**

**Rotation jet**

The rotating jet is ideal for cleaning slightly dirty surfaces.

**2**

**Point jet**

For precise removal of dirt, even in hard-to-reach areas.

## EVERY DROP UNDER CONTROL

Say goodbye to wet hands! Our multi-functional spray gun with double membrane seal prevents residual water from continuing to drip when changing the spraying pattern or switching off the water. This ensures that every drop ends up where it's needed: right near the plants.

### Metal multifunctional spray gun Premium

Four spraying patterns: spray nozzle, horizontal flat jet, spray mist, aerator jet

Ergonomic water flow regulation from min. to max. with one hand

Order no.: 2.645-271.0

#### **Dry hands**

thanks to innovative membrane technology – no continuous dripping when changing the spraying pattern or switching off the water.

#### **Convenient water flow regulation**

The water flow can be adjusted with one hand.

#### **Customisable handle adjustment**

The rotatable handle can easily be adapted to the operator.

#### **Convenience and protection**

High-quality soft components enable non-slip, ergonomic work and protect the spray guns from damage.

#### **Easy spraying pattern change**

according to watering needs.

#### **Convenient continuous watering**

thanks to the lockable trigger.

#### **High quality and durable**

metal components for a long lifetime and attractive look.

# CUSTOMISED WATERING FUN

It all comes down to the right setting: sprinkler, spray mist, horizontal flat jet, or aerator jet – the stylish multi-functional spray gun Premium is true to its name and delivers the best watering performance with four snap-in spraying patterns. Completely customisable and tailored to plant watering needs. Completely drip-free, thanks to innovative double membrane technology. Extremely convenient, thanks to customisable handle adjustment. The durable metal elements are also premium quality, which does not go unnoticed.

## ADVANTAGES THAT MAKE THE DIFFERENCE

- Change the spraying pattern and switch off the water without the hassle of continuous dripping. Two separate membranes are installed inside the nozzle.
- The rotatable handle enables convenient, user-friendly handling.
- Four different spraying patterns: the right solution for every watering task.

1

# #BringBackTheWOW.

2

2

3

1

## Absolutely drip-proof

Thanks to double membrane technology.

2

## Flexible handle adjustment

Thanks to the rotatable handle.

3

## Needs-based spraying patterns

Including aerator jet for watering potted plants and filling watering cans.

Watering, misting, spraying or showering? These are just four of the many ways to supply your green oasis with essential water. We offer high-quality devices for a wide range of gardening applications and uses that make watering a pleasure, and not just for the plants.

**Metal multifunctional spray gun Premium**

- Drip-proof
- Durable metal elements for a long service life
- Rotatable handle for individual operation
- Four spraying patterns: shower, spray mist, aerator jet, horizontal flat jet
- Ergonomic water flow regulation with one hand
- Easy locking for continuous watering

**Order no.: 2.645-271.0**

**Metal spray gun Premium**

- Rotatable handle for individual operation
- Durable metal elements for a long service life
- Spraying pattern continuously adjustable from point jet to cone jet
- Ergonomic water flow regulation with one hand
- Easy locking for continuous watering

**Order no.: 2.645-270.0**

**Premium spray lance**

- Adjustment of the water flow volume with one hand, including on/off function
- Six spraying patterns
- Rotatable spray head (180°)
- Can be conveniently hung up
- Telescopic lance (70–105 cm)

**Order no.: 2.645-137.0**

#### **OS 5.320 SV oscillating sprinkler**

- Continuous reach adjustment
- Long-lasting gear system
- Splash guard for convenient alignment
- Adjustable water flow (0-max.)
- Max. watering area\* 320 m<sup>2</sup>

**Order no.: 2.645-135.0**

#### **PS 300 pulse, rotating and sector sprinkler**

- Watering area from 30 to 360°
- Adjustable spray angle, e.g. for watering under trees
- Robust spike for uneven or sloping ground
- Max. watering area\* 706 m<sup>2</sup>

**Order no.: 2.645-023.0**

#### **MS 100 multi-functional surface sprinkler, 6-pattern**

- Various watering types, thanks to six nozzle shapes
- Wall bracket
- Max. watering area\* 78 m<sup>2</sup>

**Order no.: 2.645-026.0**

\* All information related to the watering area is based on a system pressure of 4 bar.

High-quality hoses from Kärcher. Durable, flexible, resistant to kinks and without any harmful plasticisers. Our extra-thick hose connectors ensure that you have the right connection.

**Premium universal hose connector with Aqua Stop**

- Universal connector for all conventional garden hoses (1/2", 5/8" and 3/4")
- Robust aluminium hose fastening
- Reliable decoupling without splashing, thanks to the Aqua Stop function
- Recessed grips for easy handling

**Order no.: 2.645-196.0**

**G1 tap adapter with G3/4 reducer**

- Extremely durable tap adapter
- Reducer for connecting to two thread sizes

**Order no.: 2.645-007.0**

**Brass hose connector, 1/2" and 5/8" with Aqua Stop**

- High-quality hose connector for challenging gardening tasks
- Extremely long-lasting, thanks to a high-quality brass design
- The soft plastic ring makes it comfortable to handle
- Reliable decoupling without splashing, thanks to the Aqua Stop function
- Suitable for 1/2" and 5/8" hoses

**Order no.: 2.645-017.0**

#### **Performance Premium hose 1/2", 20 m**

- For the discerning gardener
- Innovative spiral-knitted fabric for optimum performance
- Five layers
- Extremely flexible and resistant to kinks and twisting, thanks to anti-torsion technology
- 3D surface for better grip
- 18-year guarantee

**Order no.: 2.645-324.0**

#### **Performance Plus hose 1/2", 20 m**

- For experienced gardeners
- Reinforced canvas with braided fibres
- Three layers
- Flexible and resistant to kinks and twisting
- 3D surface for better grip
- 15-year guarantee

**Order no.: 2.645-318.0**

#### **PrimoFlex® hose 1/2", 20 m**

- For novice gardeners
- Canvas with braided fibres
- Three layers
- Flexible and resistant to kinks and twisting
- 12-year guarantee

**Order no.: 2.645-138.0**

Stowed away and easily within reach. Hose trolleys and storage systems provide a clean, secure home for hoses. This prevents any unnecessary tripping hazards, and you no longer have the tedious task of pulling and tugging hoses around.

**CR 7.220 automatic premium compact reel**

- For convenient garden watering
- Tidy automatic hose retraction
- Flat, space-saving wall bracket
- Can be swivelled from 0 to 180°
- Adjustable swivel stop protects adjacent walls and objects
- Convenient accessory storage

**Order no.: 2.645-218.0**

**CR 3.110 compact reel**

- For watering on balconies, roof terraces and in small gardens
- Little space required for storage, ideal for flats
- No risk of dirt or water leakage
- Quick and convenient winding and unwinding

**Order no.: 2.645-210.0**

**HR 7.315 Kit 1/2" Premium hose reel**

- Removable hose reel (2-in-1) for mobile or stationary use
- Plenty of storage space for gardening gloves, shears, spades, etc.
- Spray lance or nozzle may be optionally attached

**Order no.: 2.645-164.0**

#### Wall hose reel HR 4.525 Kit 1/2"

- Practical hose storage for mobile or stationary use
- Simple hose winding

Order no.: 2.645-281.0

#### HT 80 M Kit metal hose trolley

- Durable, resistant to rust, long-lasting
- Non-slip, ergonomic handle
- Height-adjustable handle
- Hose guide and freewheeling crank handle

Order no.: 2.645-043.0

#### HT 4.520 Kit 1/2" hose trolley

- For mobile garden watering
- Convenient watering with a short hose piece right at the location of use
- High manoeuvrability: avoid obstacles easily
- Height-adjustable handle
- Folding function for space-saving storage
- Spray lance or nozzle may be optionally attached

Order no.: 2.645-168.0

# WATER IS OUR ELEMENT

**#BringBackTheWOW.**

**»Plug in, connect the hose and in no time at all a water problem becomes a water pleasure.«**

### **Effortless water transport**

When water is not where you want it, you need one of our powerful pumps. With a submersible pump, you can pump out or transfer larger amounts of water. In the event of unpleasant incidents such as a flooded cellar, a leaking washing machine or a full excavation pit, a dirty water pump is a real lifesaver. For the controlled pumping out of a pool, on the other hand, a submersible clear water pump is sufficient. Both are also available as flat-suction versions, which can absorb water almost completely and thus ensure mop-dry results.

### **Sustainable resource conservation**

If you want to conserve resources by using rainwater and groundwater to irrigate the garden or to supply domestic reclaimed water, a booster pump is the best choice. It generates the necessary pressure to bring water from barrels, cisterns or deep wells to exactly where you need it.

## A WATERTIGHT CASE

Our Home & Garden submersible pumps have a long life and can handle the toughest loads. Thanks to the ceramic slide ring sealings, which are the same as in the pumps used by professionals, our devices have outstanding protection and the ability to work with the toughest loads. Optimum conditions for a long pump life under water.

**SP 16.000 Dual**

Flow rate: max. 16,000 l/h

Delivery height/pressure: max. 9 m/0.9 bar

Grain size: max. 20 mm

Flat pick-up: down to 1 mm

**Order no.: 1.645-832.0****NEW**

**Quick Connect connection**  
of hose and pump.

**Ceramic slide ring sealing**

Protected by an oil chamber which increases the seal lifetime and the pump's ability to handle loads.

Five-year warranty upon registration.

**2-in-1 filter basket**

Whether you need dirty water suction or flat pick-up, the filter basket can be simply switched to the desired application.

**Uncompromisingly thorough**

Even contaminated water with dirt particles of up to 20 mm in size will be reliably pumped out.

**Float switch fixture**

Useful detail for switching to continuous operation for flat pick-up.

**Mop-dry results**

With the flat suction setting, everything is pumped out to a level of 1 mm, leaving surfaces mop-dry.

**Height-adjustable float switch**

For maximum flexibility when adjusting the switch on/off point. Protects against dry running.

Kärcher pumps: for all water missions. Our flat suction clear water pumps are designed for clear to slightly dirty water and deliver mop-dry results. Kärcher dirty water pumps can even cope with contaminated water. And with dirt particles up to 30 mm in size. Moreover, our flat suction dirty water pump is suited to dirty water and flat pick-up.

**NEW**

### SP 22.000 Dirt Level Sensor

- Ideal for: ponds and natural swimming ponds, floods and small excavations (max. 100 m³)
- For water with dirt particles of up to 30 mm
- With integrated stainless steel prefilter (top model)

Flow rate: max. 22,000 l/h

Delivery height/pressure: max. 8 m/0.8 bar

Grain size: max. 30 mm

Residual fluid height: min. 35 mm

**Order no.: 1.645-851.0**

**NEW**

### SP 17.000 Flat Level Sensor

- Ideal for: leaky washing machines, ground water ingress, pools, drainage shafts
- For clear or slightly dirty water containing dirt particles of up to 5 mm in size
- Mop-dry results down to a height of just 1 mm

Flow rate: max. 17,000 l/h

Delivery height/pressure: max. 9 m/0.9 bar

Grain size: max. 5 mm

Flat pick-up: down to 1 mm

**Order no.: 1.645-840.0**

**5****YEARS  
GUARANTEE**

## Extending the guarantee

The ceramic slide ring sealing makes our submersible pumps more robust and long-lasting. That is a good thing, and not just for pumps. But also for our customers. By registering at [www.karcher.com/guarantee](http://www.karcher.com/guarantee), you can extend your warranty to five years.

### SP 16.000 Dual

- Ideal for: ponds, flooding, washing machine leaks, groundwater ingress, pools
- 2-in-1 function for clear or dirty water
- Flat pick-up for mop-dry results

Flow rate: max. 16,000 l/h

Delivery height/pressure: max. 9 m/0.9 bar

Grain size: max. 20 mm

Flat pick-up: down to 1 mm

**Order no.: 1.645-832.0**

**NEW**

### Different switching technologies according to performance class

- SP 9.000 – 11.000: float switch
- SP 16.000 and SP 22.000 Dirt: vertically adjustable float switch for a lower switching level
- SP 17.000 Flat Level Sensor and SP 22.000 Dirt Level Sensor: level sensor – reacts immediately, even at a low water level. The switching level can be continuously adjusted simply by sliding.

### Capacity variables

The capacity of the pump depends on both the delivery height and the connected hoses. The lower the delivery height and the greater the hose diameter, the greater the flow volume.

## WATER: HOME-MADE

Let's stop wasting drinkable water and start using well, ground, rain and spring water. For watering the garden. For the washing machine. For the toilet. For the wallet. A supply of reclaimed water from alternative water sources – with booster pumps from Kärcher. They make saving water fun!

#### BP 5 Home & Garden

Delivery height/pressure: max. 48 m/4.8 bar

Flow rate: max. 6,000 l/h

Motor rating: max. 1,000 W

Suction height: max. 8 m

**Order no.: 1.645-355.0**

#### Safe and long-lasting

Prefilter, non-return valve and dry-run protection come as standard.

#### Two water outlets

Usable in parallel, thanks to the optional 2-way connection adapter.

#### Ergonomic handle

Convenient handling.  
Easy transport.

#### Smart automatic system

Automatic start and stop. Depending on water needs.

#### Error indication

In the event of an error, a display will indicate where the blockage originates from (whether on the suction side or on the pressure side).

#### Extra-quiet and efficient

thanks to the multi-stage pump type.

Well water, groundwater, rain and spring water are all suitable for use in the washing machine, flushing the toilet or for watering the garden. At Kärcher, you'll find solutions for harnessing these alternative water sources, saving resources and cutting costs.

### BP 7 Home & Garden

- Perfect for home and garden
- Extra-long lifetime, greater energy efficiency, low volume (multi-stage model)
- Error indication: In the event of an error, the display will indicate whether it is on the suction or pressure side

Delivery height/pressure: max. 60 m/6.0 bar

Flow rate: max. 6,000 l/h

Motor rating: max. 1,200 W

Suction height: max. 8 m

**Order no.: 1.645-373.0**

### BP 5 Home & Garden

- Perfect for home and garden
- Extra-long lifetime, greater energy efficiency, low volume (multi-stage model)
- Error indication: In the event of an error, the display will indicate whether it is on the suction or pressure side

Delivery height/pressure: max. 48 m/4.8 bar

Flow rate: max. 6,000 l/h

Motor rating: max. 1,000 W

Suction height: max. 8 m

**Order no.: 1.645-355.0**

**5****YEARS**  
GUARANTEE

Our high quality and rigorous material selection process make Kärcher products extremely reliable and long-lasting. As such, we give our customers an especially long warranty period, a five-year warranty after registration, for all Home & Garden and Garden models at: [www.karcher.com/guarantee](http://www.karcher.com/guarantee).

#### BP 4 Home & Garden

- Perfect for home and garden
- Error indication: In the event of an error, the display will indicate whether it is on the suction or pressure side

Delivery height/pressure: max. 45 m/4.5 bar

Flow rate: max. 3,800 l/h

Motor rating: max. 950 W

Suction height: max. 8 m

**Order no.: 1.645-363.0**

#### BP 3 Home & Garden

- Perfect for home and garden
- Error indication: In the event of an error, the display will indicate whether it is on the suction or pressure side

Delivery height/pressure: max. 40 m/4.0 bar

Flow rate: max. 3,300 l/h

Motor rating: max. 800 W

Suction height: max. 8 m

**Order no.: 1.645-353.0**

## YOUR OWN WATERWORKS

Our booster pumps help you gradually save money. Because instead of drinking water, they allow you to use existing well, ground, rain or spring water to operate your washing machine and toilet sustainably and cheaply. The pumps can be integrated into your domestic water system or can be operated with flexible connections. And the system is just as convenient as it is economical: the pump switches on automatically only when needed and, thanks to the integrated storage tank, the water is immediately available at full pressure.

#### BP 4.900 Home

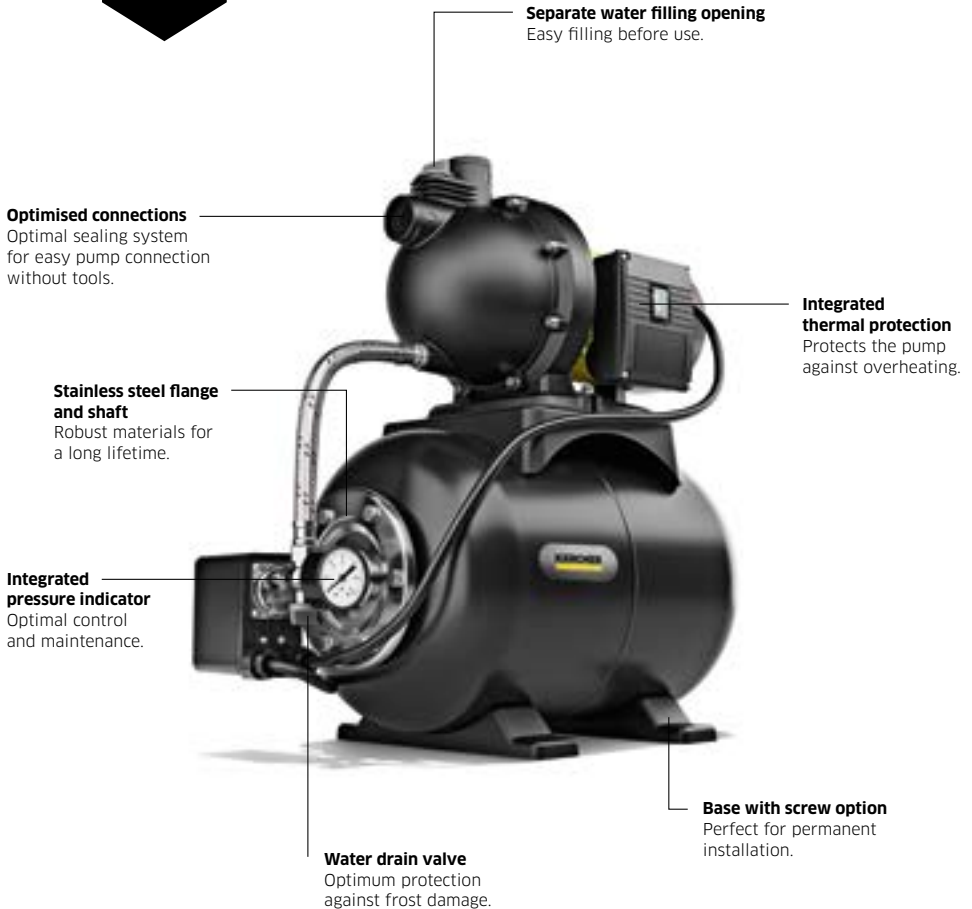

Delivery height/pressure: max. 50 m/5.0 bar

Flow rate: max. 4,900 l/h

Motor rating: max. 1,150 W

Suction height: max. 8 m

Order no.: 1.645-760.0

**Separate water filling opening**  
Easy filling before use.

**Optimised connections**  
Optimal sealing system  
for easy pump connection  
without tools.

**Stainless steel flange  
and shaft**  
Robust materials for  
a long lifetime.

**Integrated  
pressure indicator**  
Optimal control  
and maintenance.

**Integrated  
thermal protection**  
Protects the pump  
against overheating.

**Water drain valve**  
Optimum protection  
against frost damage.

**Base with screw option**  
Perfect for permanent  
installation.

To ensure that you can enjoy your pump for a long time, our booster pumps are made of stainless steel and other robust materials and have integrated thermal protection that protects the pump from overheating. Thanks to optimised connections and a perfectly coordinated sealing system, you can also connect the pumps without tools and disconnect them again if necessary.

NEW

### BP 4.900 Home

- Perfect for alternative service water supply in the household
- Maximum safety thanks to the integrated thermal protection
- Convenient pressure compensation container

Delivery height/pressure: max. 50 m/5.0 bar

Flow rate: max. 4,900 l/h

Motor rating: max. 1,150 W

Suction height: max. 8 m

**Order no.: 1.645-760.0**

NEW

### BP 3.200 Home

- Perfect for alternative service water supply in the household
- Maximum safety thanks to the integrated thermal protection
- Convenient pressure compensation container

Delivery height/pressure: max. 36 m/3.6 bar

Flow rate: max. 3,200 l/h

Motor rating: max. 600 W

Suction height: max. 8 m

**Order no.: 1.645-750.0**

## WATER WHEREVER YOU NEED IT

Our garden pumps are perfect for the resource-conserving and inexpensive watering of home, small or allotment gardens. You can use them to pump water from wells or cisterns up to 8 metres deep. Thanks to the practical handle and compact format, the pump can quickly be brought to where it is needed. Connecting is simple and tool-free, and thanks to the convenient foot switch, watering is even easier on your back than with a watering can.

### BP 7.000 Garden

Delivery height/pressure: max. 50 m/5.0 bar

Flow rate: max. 7,000 l/h

Motor rating: max. 1,100 W

Suction height: max. 8 m

**Order no. 1.645-730.0**

**BOOSTER PUMPS**

Water the lawn and flowerbeds without blowing your budget. Our practical, high-quality garden pumps are great for saving you money and avoiding lugging watering cans around, wherever electricity and alternative water sources are available.

**NEW**

**BP 7.000 Garden**

- Perfect for garden use

## **WATER ON TAP**

Sick of hauling a heavy watering can up and down the garden but don't have a power outlet? The BP 2.000-18 Barrel battery barrel pump was made for you. It can be operated with any Kärcher 18 V Battery Power battery, so you can use any water barrel as your source, saving you valuable drinking water. It takes the pressure off your back, and your wallet, and is ideal for small gardens, cottage gardens, allotments and anywhere that there's a water butt and thirsty plants, but no power outlet.

#### BP 2.000-18 Barrel

Delivery height/pressure: max. 20 m/2.0 bar

Flow rate: max. 2,000 l/h

Motor rating: max. 80 W

Immersion depth: max. 1.80 m

Battery run time:\* up to 50 min

**Order no.: 1.645-475.0**

#### Transparent cover

Easy to check the battery charge level.

#### 18 V Kärcher Battery Power

The barrel pump can be powered by any 18 V Kärcher Battery Power battery.

#### Variable hose outlet

Can be perfectly adjusted for every job.

#### Compact and lightweight

Even fits in narrow holes, such as on IBC tanks.

#### Optimum switch placement

Switch on and off without stooping.

#### Flexible barrel mounting clamp

Tailored for a stronger hold.

#### Perfect hose guide

Guarantees constant water flow.

#### Integrated prefilter

Protects the pump from impurities.

\*Maximum run time with an 18 V/5.0 Ah Kärcher Battery Power exchangeable battery; battery is not included in the scope of supply.

With our pumps, no alternative water source is left untapped. Whether you want to draw water from a cistern, a deep well or directly from a water butt, we have the perfect pump for you. If there's no power supply where you need it, your garden needn't dry out, thanks to our battery barrel pump.

### BP 1 Barrel

- Perfect as a replacement for a watering can
- Flexible barrel mounting clamp including prefilter and integrated on/off switch in the float switch

Delivery height/pressure: max. 11 m/1.1 bar

Flow rate: max. 3,800 l/h

Motor rating: max. 400 W

Immersion depth: max. 7 m

**Order no.: 1.645-460.0**

### BP 2.000-18 Barrel

- Ideal for gardens without a power connection
- Perfect as a replacement for a watering can
- Flexible barrel mounting clamp including prefilter and integrated on/off switch on the barrel mounting clamp
- 18 V Kärcher Battery Power exchangeable battery and charger not included in the scope of supply

Delivery height/pressure: max. 20 m/2.0 bar

Flow rate: max. 2,000 l/h

Motor rating: max. 80 W

Immersion depth: max. 1.80 m

Battery run time:\* up to 50 min

**Order no.: 1.645-475.0**

#### BP 6 Deep Well

- Perfect for deeper areas such as for pumping rainwater, well water, groundwater and spring water
- Multi-stage hydraulics for sufficient pressure and delivery heights of up to 55 m

Delivery height/pressure: max. 55 m/5.5 bar

Flow rate: max. 5,000 l/h

Motor rating: max. 1,000 W

Immersion depth: max. 27 m

**Order no.: 1.645-422.0**

#### BP 2 Cistern

- Perfect for alternative sources of water such as cisterns
- Flexible, thanks to float switch with adjustable switching level

Delivery height/pressure: max. 32 m/3.2 bar

Flow rate: max. 5,700 l/h

Motor rating: max. 800 W

Immersion depth: max. 7 m

**Order no.: 1.645-420.0**

\* Maximum run time with an 18 V/5.0 Ah Kärcher Battery Power exchangeable battery.

\*\*When using an electronic pressure switch.

From watering your garden to home pumps – we will not just provide you with powerful pumps, but also a great range of original accessories in order to run them effectively and with maximum performance.

**1.5 m suction kit for 1" suction pipes (25 mm)**  
Order no.: 2.997-112.0

**Suction kit, 3.5 m**  
Order no.: 2.997-110.0

#### **BP suction hoses**

Get water from everywhere; from PE pipes or straight from "open water sources" such as water butts.

**2-way connection adapter for pumps**  
Order no.: 6.997-474.0

**Pump prefilter, large**  
Order no.: 2.997-210.0

#### **BP adapters/connections and filters**

Adapters and connections to connect water hoses or internal threads to water connections. Suction filters with non-return valves reduce the re-suction time.

**G3/4 domestic connection kit for pipes, 1.5 m**  
Order no.: 2.997-125.0

**Dry-run protection**  
Order no.: 6.997-355.0

#### **More accessories for booster pumps**

To make your plumbing system more convenient, we offer you further accessories for booster pumps.

**Fabric hose set**  
Order no.: 2.997-100.0

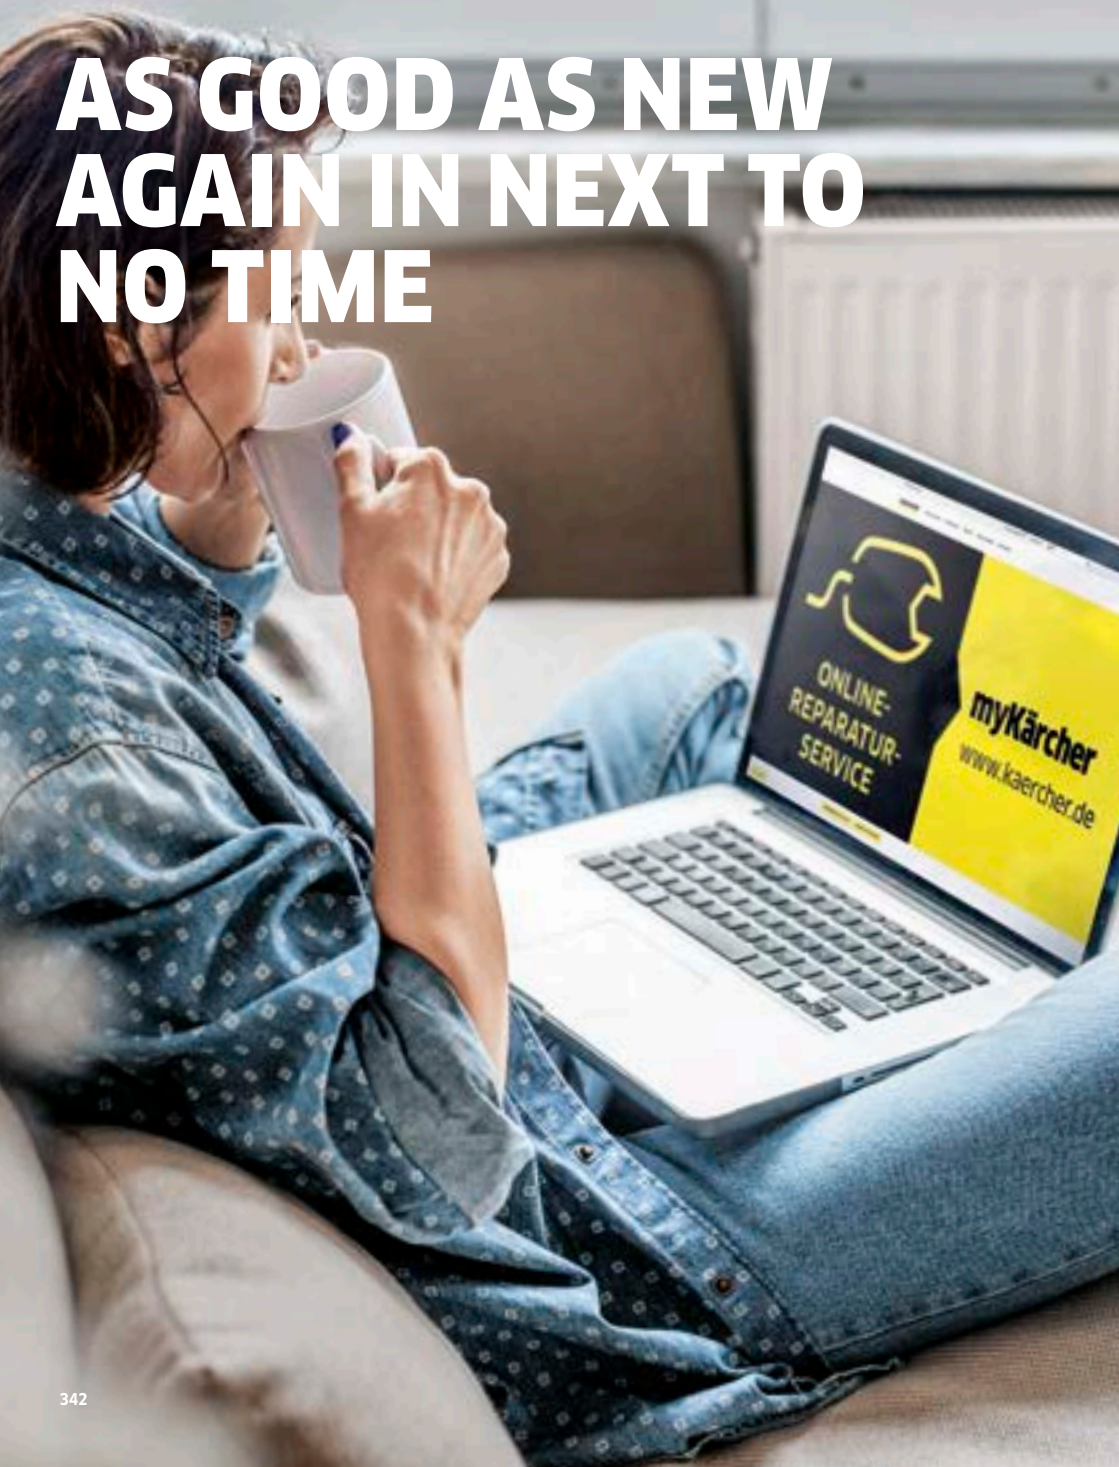

**Prefilter for submersible pumps, small**  
Order no.: 2.997-201.0

#### **Submersible pump accessories**

To pump out large water volumes, we recommend hoses with a large diameter. Pump prefilters protect the pumps and increase their operational reliability.

# AS GOOD AS NEW AGAIN IN NEXT TO NO TIME

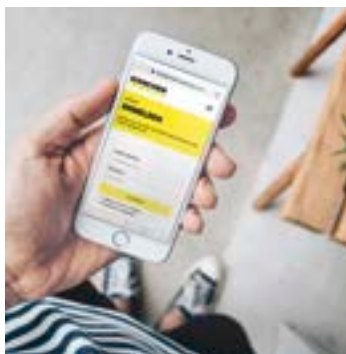

## #BringBackTheWOW.

»Some might call it a repair service. We call it a fully comprehensive package.«

### Nobody is perfect

Sure, a Kärcher does what it says on the tin. But we all know that nobody is perfect. So if something isn't working as it should, simply request a repair online. We offer repairs for all devices from the Home & Garden range as well as some small devices from the Professional range.

### One click and you're done

We will collect the device from your chosen location free of charge and return it to you once it has been repaired. While we are professionally repairing your device, we will constantly keep you up to date about the status of your repair in the myKärcher customer portal. Simply relax and take advantage of our fully comprehensive service.

**#BringBackTheWOW.**

## **WE LOVE AND LIVE FOR CHALLENGES – YOUR CHALLENGES**

Routine cleaning or unusual projects – at Kärcher, we want to make your everyday life better. And to help you achieve great things and have a major impact. To create and preserve value. We give you the equipment you need – with over 3,000 products. We maintain a dialogue with you – in over 900 Kärcher Centers. We are ready – always exactly where you need us. With over 50,000 sales and service points. In 78 countries and 150 companies. And we give you the expertise you need to achieve your goals – no matter where you are when we get in touch, because we provide you with full support.

# BE THE DIFFERENCE

Kärcher is at home all around the world. That's why we want to work with you to make our home, the world, a better place, with our products and supply chain, but also with our environmental protection and climate change mitigation measures, as well as cultural and social engagement. We've been working for years on becoming more efficient and better at conserving resources. Since 2021, our global production and logistics sites have been CO<sub>2</sub>-neutral. In 2021, we were able to make CO<sub>2</sub> savings of 18 per cent. We've set yet more ambitious goals in our 2025 sustainability strategy. These include consistently recycling raw materials, reducing packaging materials and working on sustainability with our partners and suppliers.

## Responsibility for nature, culture and society

Success comes with responsibility. This is even more true in a world where helping one another is increasingly becoming a thing of the past. As a family-owned company, we want to take responsibility. Whether in SOS Children's Villages, for historical buildings or when it comes to conserving water – with our cleaning technology, expertise and donations, we are playing our part in cleaning up the environment and helping people in need.

## Responsibility for the supply chain and products

Where was the product produced? When, by whom and under what conditions? What materials is it made of? How efficiently does the device operate? And can it also be recycled at the end of its lifetime? Enlightened consumers expect answers. We gladly give answers. This is because Kärcher is not only the market leader for cleaning technology, it is also a pioneer in terms of sustainability.

## Responsibility for employees

Kärcher is one of the most popular employers in its sector: a respectful, cooperative partnership, individual freedom and personal responsibility, responsible behaviour and a high level of compatibility between career and family characterise our corporate culture. Kärcher makes a difference.

**BE THE  
DIFFERENCE**
