

A black and white photograph of a large commercial vehicle, possibly a truck or bus, being washed by a large rotating brush. The brush is in the foreground, and the vehicle is in the background. The Kärcher logo is visible in the top right corner.

KÄRCHER

VEHICLE WASHES FOR YOUR BUSINESS

PROFESSIONAL | TRANSPORT COMPANIES

ECONOMICAL SOLUTIONS FOR YOUR REQUIREMENTS

Scenario 1

RBS – the single brush vehicle wash

Let the brush do the work. The RBS cleans all flat surfaces as effectively as possible, is easy to operate and makes cleaning more efficient in your company.

Scenario 2

TB – the vehicle wash you can count on

The robust solution for your company. The patented brush system, water treatment with filtration process and the high-pressure cleaners from Kärcher all set new standards in reliability.

Scenario 3

TB and WRB – the forward-looking system solution

Enhance your truck wash system with the latest premium technology and the innovative WRB Bio biological waste water purification system. Benefit from thorough cleaning and save both time and money.

TAKE YOUR VEHICLE WASHING TO THE NEXT LEVEL

The upgrade from manual washing with a high-pressure cleaner. For small transport companies with minimal space and a limited budget.

COMPACT. RELIABLE. SIMPLE.

Convenient for the operator, efficient for the company:
the RBS single brush vehicle wash – the smart choice for
optimum cleaning.

**Saves water and time compared to a manual
high-pressure wash**

- Brush made of high-density polyethylene for cleaning all flat surfaces
- Welded aluminium frame, light and stable, with track wheels and half-shell cladding to protect against splash water
- Automatic shampoo-dosing system
- High-pressure cleaner for cleaning all hard-to-reach areas

TB – THE VEHICLE WASH YOU CAN COUNT ON

Patented side-brush carriage with unique suspension system – for a longer service life and less maintenance.

ROBUST. EFFICIENT. ECONOMICAL.

Everything your commercial vehicle wash needs –
for optimum results and reliable performance.

The perfect combination for your truck wash:
TB and Kärcher high-pressure cleaners

- Robust vehicle wash with excellent wash quality and automatic foam prewash to wash up to two trucks per hour
- Manual high-pressure precleaning with fresh water and foam prewash for hard to reach areas
- Standard water reclamation system WRP for a water saving of 70%

TB WITH AUTOMATIC HIGH-PRESSURE SYSTEMS – FOR GREATER EFFICIENCY

Automatic vehicle wash with high pressure. For transport companies where speed is a top priority.

ROBUST. RELIABLE. FORWARD-LOOKING.

Automatic high-pressure systems reduce labour costs and water consumption.

TB and WRB – the forward-looking system solution

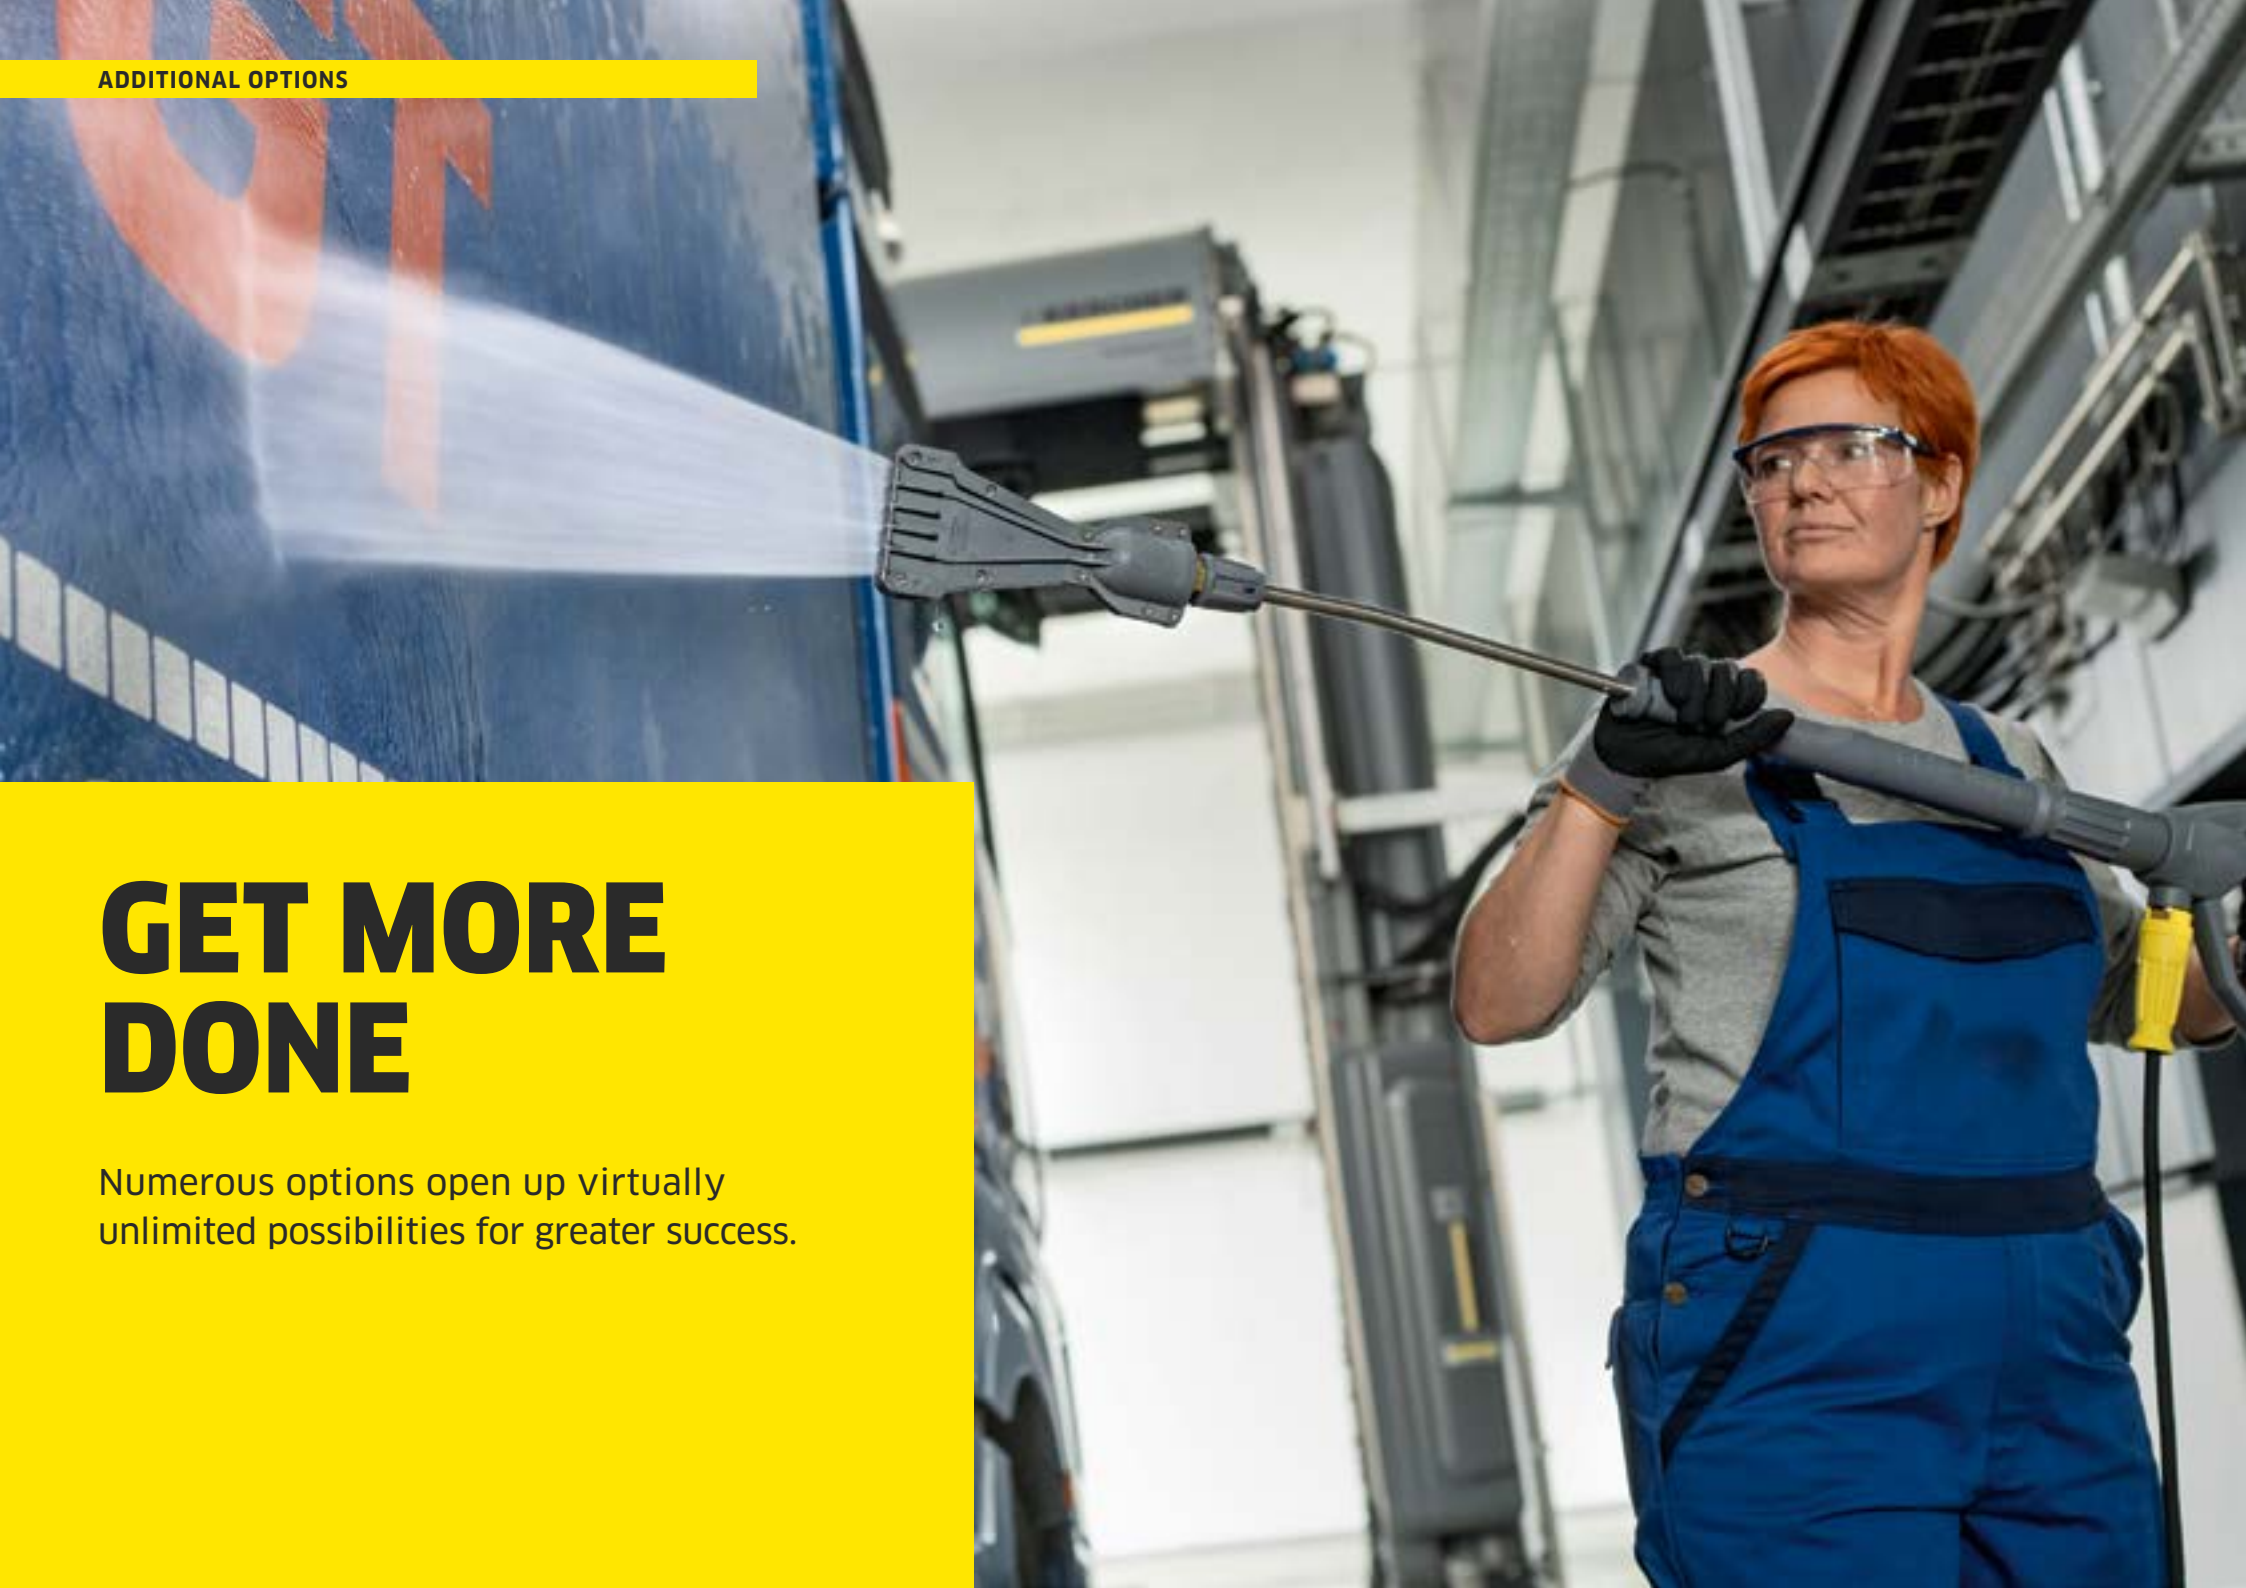

- Robust TB vehicle wash with patented brush system
- Side high pressure in the frame area for an automatic prewash, ideal for cleaning up to four trucks per hour
- Manual high-pressure precleaning with reclaimed water
- WRB Bio reduces water consumption by up to 90%

ADDITIONAL OPTIONS

GET MORE DONE

Numerous options open up virtually
unlimited possibilities for greater success.

ADDITIONAL OPTIONS

ROBUST. COMPACT. VERSATILE.

With these machines on your site, you have exactly what you need.

KM 90/60 R

Powerful and ultra-compact, our ride-on vacuum sweeper excels in extensive cleaning applications outdoors.

HDS 10/21-4 MXA

The hot water high-pressure cleaner with 4-pole, water-cooled electric motor and automatic hose reel skilfully combines user-friendly convenience with maximum performance.

A close-up, high-contrast photograph of an industrial cleaning process. A high-pressure water spray is directed at a dark, textured surface, creating a dense mist of water droplets. To the left, thick white foam is being washed away, with strands of foam hanging down. The scene is set within a metallic industrial frame, with some blue components visible on the right side.

THE COM- BINATION MAKES THE DIFFERENCE

The effective interaction between machine and detergent guarantees optimal cleaning.

EFFICIENT CLEANING

Kärcher detergents and care agents for high cleaning performance with low consumption and high material compatibility.

Rim cleaners

VehiclePro Rim Cleaner, acidic RM 800

Acidic rim cleaner for the gentle removal of common soiling such as brake dust, tyre wear or limescale stains.

VehiclePro Rim Cleaner, alkaline RM 801 Classic

Rim cleaner for all coated light alloy and steel rims. Thorough removal of dirt.

Pre-spraying agent

VehiclePro Truck Cleaner, alkaline RM 805

The pre-spraying agent effectively supports the removal of the most stubborn types of dirt, such as soot, oil, tar and insect residue.

EFFICIENT CLEANING

Kärcher detergents and care agents for high cleaning performance with low consumption and high material compatibility.

Pre-spraying agent

VehiclePro Truck Cleaner, acidic RM 804

Manual pre-spray with corrosion protection effectively removes mineral soiling such as mortar and concrete from construction vehicles.

Shampoo

VehiclePro Brush Shampoo RM 811 Classic

Concentrated, active brush shampoo. The active ingredient combination helps the brushes to slide, which in turn protects the vehicle surface.

Drying aid

VehiclePro Liquid Leather RM 833

Special drying aid for vehicle washes without blow drying. Helps to remove water from large areas and dries without leaving streaks behind.

SERVICE, LEASING, WARRANTY

ALWAYS THERE FOR YOU

SERVICE

International, customer-oriented – every day and at any time.

LEASING

Flexible to keep you solvent – reliably and fairly.

WARRANTY

Register your machine – and reap the benefits.
