

KÄRCHER

CLEANING IN THE CON- STRUCTION INDUSTRY

Our solutions for your company

PROFESSIONAL | CONSTRUCTION INDUSTRY

CLEANLINESS FIRST

Nowhere are cleanliness and safety as closely linked as on a building site. You can reliably eliminate many risk factors with our professional cleaning solutions. Let Kärcher's wide range of cleaning equipment for various applications in the construction industry convince you.

DIRT IS A THING OF THE PAST

On construction sites, safety and cleanliness are more important than ever. Whatever kind of dirt and however much you have to remove, with Kärcher cleaning solutions you get the performance, safety and reliability that you need.

NT 22/1 Ap L

Wet and dry vacuum cleaner

- Low weight and compact dimensions
- Semi-automatic filter cleaning
- Moisture-resistant PES cartridge filter

Technical data

Supply voltage (Ph/V/Hz)	1 / 220 - 240 / 50 - 60
Air flow (l/s)	72
Vacuum (mbar/kPa)	249 / 24.9
Container capacity (l)	22
Container material	Plastic
Rated input power (W)	max. 1300
Standard nominal width	ID 35

Equipment

- Filter cleaning: Semi-automatic filter cleaning Ap
- Protection class: II
- Stop swivel castor

Order no. 1.378-600.0

KÄRCHER
Professional

TAKE IT EASY

Zero holding strength. No tiring. No stress. The EASY!Force HP trigger gun protects joints, muscles and the entire body. In the comparison test, our EASY!Force impressed all users, both men and women. Our EASY!Force high-pressure gun will relieve you and enable you to work more effectively without tiring.

www.karcher.com

SIMPLY A QUESTION OF TACT

Fine dust is dangerous to health. To ensure that you have the best protection against fine dust, we have made our Tact system even better. The result is a powerful Tact vacuum cleaner with highly efficient filter cleaning and a worldwide unique filter service life of 180 kg of fine dust (mineral dust category A) until the filter needs to be cleaned manually. This results in even longer periods of uninterrupted operation with constant suction power and better protection against fine dust. **www.karcher.com**

TOP IN EVERY CLASS

It has never been safer to show your true colours. Our filters are colour-coded to indicate their application. Brown signifies wood and fibre dust. Red indicates HEPA. Black denotes the toughest applications. Blue means they can be used anywhere. And green indicates dry dust and high cost-effectiveness. www.karcher.com

GOOD, CLEAN TRAVEL

Kärcher cleaning and care agents are especially developed for use with Kärcher cleaning machines. This is the only way to fully exploit the effective combination of machine and cleaning agent – especially for the cleaning of very dirty construction site vehicles, construction machines and other machines, as well as for façade cleaning.

YOU MANAGE YOUR SUCCESS. WE GIVE YOU THE SUPPORT

Almost everything can be so much easier when talents are combined. Because it is more successful to pursue objectives together, complement each other and learn from each other. You could call it the principle of progress. We call it Kärcher Services. A promise of partnership. By professionals for professionals.

Kärcher Services:

The complete service package from the global leader. And the perfect continuation of the progressive Kärcher system with innovative tools, customised service offers and high-performance software solutions.

Kärcher Lease - Leasing

Customised. Flexible. Safe. We give you the flexibility you need: with leasing and financing models for every requirement.

Kärcher Service - Customer Service

Service means trust. At all times. Services you actually need. Fast response for maximum availability. Maximum value retention and compliance with all statutory requirements.

Kärcher Used - Used machines

When used or second-hand is what you need. Starting up? Or simply want to save costs? We have the right used machine for you. Used, generally reconditioned, good and affordable. Offers are constantly changing. Ask us.

Kärcher Rent - Renting

Just the machine you need. Rent instead of buying. And get more: expertise and Kärcher Full Service in one package.

Kärcher Maintain - Service packages

Every service package is tailored precisely to a defined requirement. The range of services includes inspections as part of prescribed safety tests, timely maintenance and flat-rate full service.
