

KÄRCHER

makes a difference

WHEN PERFECTION IS WHAT DRIVES YOU.

Our innovative VehiclePro Klear!Line gives you optimum cleaning, care and economy.

A PERFECT WASH EVERY TIME

Give your customers the best vehicle wash. Innovative cleaning agents are vital here. With our VehiclePro Klear!Line you achieve perfect washing and drying results in optimised washing time at a reasonable price.

The combined action of our new Klear!Dry drying aid and our K!Dry iQ high-speed blower produces excellent drying results in just one pass.

The new Klear!Brush brush shampoo and Klear!Foam foam cleaner also support quick drying. And our new Klear!Glow wax ensures a perfect finish: brilliant shine with long-term preservation and drip-off effect.

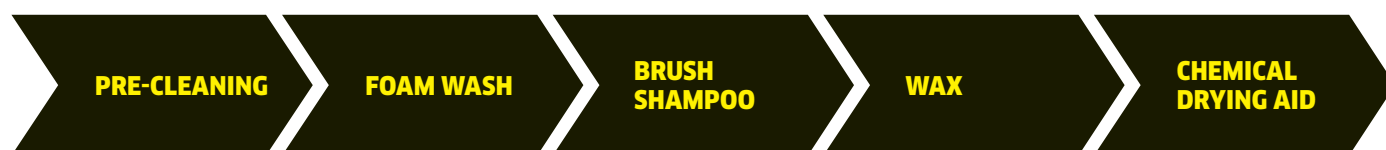

DEVELOPED BY EXPERTS, VERIFIED BY THE MARKET.

With our VehiclePro Klear!Line you meet the highest vehicle wash standards.

A PRODUCT LINE THAT EXCELS IN EVERY ASPECT.

Our new VehiclePro Klear!Line offers you a complete vehicle wash with ultra-high concentrates that can be metered extremely economically: Klear!Prewash, Klear!Foam, Klear!Brush, Klear!Glow and Klear!Dry. New substances guarantee perfect washing results, even with difficult vehicle contours. Our new Pine Active scent concept harmoniously complements the perfect washing results.

YOUR BENEFITS AS AN OWNER/OPERATOR

We developed the cleaning agents in our VehiclePro Klear!Line for optimum material compatibility with the system, particularly panels and doors. Stress corrosion is a thing of the past.

Your system is guaranteed to look good in the long term. And the colour coding gives you peace of mind when replenishing cleaning agents: the cleaning agents have the same colour as the marking on the dosing pumps of the system. This rules out any mistakes.

The same is true of consumables. Use the automatic reorder option which can be set up in conjunction with Kärcher Fleet so that you always have enough cleaning agent in stock.

Efficient cleaning:

- Low consumption and low washing costs with ultra-high concentrates
- Short washing times for more vehicles in a shorter time and thus more sales

▪

Shortened washing processes:

- Faster cycle times with standard dryer and Klear!Dry
- Optimum drying result in just one pass with K!Dry iQ and Klear!Dry

CONCENTRATED PERFORMANCE

Our VehiclePro Klear!Line agents are ultra-high concentrates with intensive Pine Active scent and satisfy all legal requirements.

VehiclePro Klear!Prewash RM 890

The high alkaline, extremely powerful pre-cleaner reliably removes stubborn dirt such as insects, oils and greases whilst protecting the paintwork.

- Gentle on surfaces and washing materials
- Synchronised with biological wastewater systems
- Optimum function, even with reclaim water
- VDA Class A
- Effective in all water qualities

VehiclePro Klear!Foam RM 892

Foam wash with top performance against road dirt, grease residue and insects. Impressive foam that is easy to rinse.

- Gentle on surfaces and washing materials
- Optimum brush sliding ability – also supports brush self-cleaning
- Synchronised with biological wastewater systems
- Optimum function, even with reclaim water
- Suitable for all water qualities
- VDA Class A

VehiclePro Klear!Brush RM 891

Extremely powerful brush shampoo with optimum performance against road dirt, grease residue and insects.

- Gentle on surfaces and washing materials
- Optimum brush sliding ability – also supports brush self-cleaning
- Synchronised with biological wastewater systems
- Optimal function also with reclaim water
- Suitable for all water qualities
- VDA Class A

VehiclePro Klear!Glow RM 894

Wax with extreme drip-off effect for fast, effective breakdown of the water film and an optimum drying result. The high-quality substances preserve and protect the paint surface perfectly over the long term.

- Creates a brilliant shine
- Optimum drying result with K!Dry iQ in only one pass
- Faster cycle times with standard dryer
- Suitable for all reclaim water treatment systems
- VDA Class A

VehiclePro Klear!Dry RM 893

The chemical drying aid leads to a superfast breakdown of the water film without any microbeads thanks to high-quality additives thus guaranteeing optimum drying results with deep shine.

- Excellent drip-off effect
- Optimum drying result with K!Dry iQ in only one pass
- Faster cycle times with standard dryer
- Suitable for all reclaim water treatment systems
- VDA Class A
