

KÄRCHER

makes a difference

KÄRCHER

Home & Garden

FOCUS ON THE CUSTOMER.

It has always been our goal to constantly improve our products - ensuring customers find even more pleasure in cleaning. We can only achieve this if we know and understand the needs of our customer.

KÄRCHER A LEADER IN INNOVATION.

The company has more than 1,400 patents and registered designs since the company's inception. Nine hundred employees from R & D are involved in the innovation process. 90% of the current Kärcher range of devices have been developed within the last 5 years. A clear sign of the dedication to innovation the company cultivates.

Discover the difference. With Kärcher.

N-COR IS - NOT PLASTIC

Kärcher continues to set new standard in technologies which are on the optimal benefit. A prime example is the materials used in our high pressure pumps. Kärcher used the N-Cor in the pressure washer classes K 2 to K 4. It is a fibreglass reinforced poly-amide, which is used in the space and aircraft engineering. The advantages of N-Cor are many to name a few: Extra-light high-tech material, only 1/7 of the weight of brass. Corrosion-free for long life and boasts a high resistance to fatigue including being 100% resistant to detergents and oil.

**GERMAN ENGINEERING
GERMAN TECHNOLOGY**

100%
Quality tested

1 Quality products - made in Germany

As the inventor of high-pressure cleaning, Kärcher has unique specialist knowledge, the breadth and depth of which is unrivalled in the marketplace. For over 60 years, Kärcher has been perfecting the art of high-pressure cleaning and is constantly in the spotlight on account of its outstanding innovations. As the global market leader, we offer the most reliable pressure washers on the market. We manufacture all of our devices in our own factories to the highest production standards. Before the products leave the factories, their functionality and performance are fully tested. That is why we can always guarantee to our customers that they are purchasing perfect products which speak for themselves in terms of their performance capabilities and long service life.

2 Outstanding cleaning performance

Compared with the competition, Kärcher pressure washers are distinguished by greater cleaning performance and efficiency. In short: Cleaning is much faster, saving up to 50 per cent time and therefore 50 per cent energy and water, as confirmed by regular tests carried out by Kärcher. The Kärcher test design was scientifically supported by the Fraunhofer IPA Institute.

3 Advanced motor technology

The Kärcher Full Control and Compact range classes K 4 - K 7 are equipped with innovative water-cooled motor technology and set new standards. Instead of a cooling fan, water is used to cool the motor. Before the water is used for cleaning, it flows around the motor casing, providing constant cooling. The benefits: High performance and durability.

4 Versatility is the name of the game

Kärcher offers the largest range of accessories and detergents on the market, and therefore opens up unlimited application possibilities for high-pressure cleaning. Kärcher has the right solution for almost any cleaning challenge. One good example: The Kärcher surface cleaners, which cut cleaning times for horizontal and vertical surfaces in half - and without annoying spray water.

5 Customer orientation

In order to understand our customers' needs, we regularly carry out large scale customer surveys. The findings we gain from this are then systematically used to develop new products. We also work towards the constant improvement of our devices. The result is innovation: 90 per cent of all Kärcher products on the market are less than 5 years old. In addition, Kärcher is a system provider - pressure washers of different performance classes, a diverse range of detergents and appropriate accessories offer the ideal package for every task.

K 7

Powerful

The K 7 Range equipped with water-cooled motor and has been designed for frequent use and to remove stubborn dirt, from pathways, in swimming pools, on bicycles or vehicles.

1 Plug 'n' Clean

- Quick, easy, convenient – thanks to Plug 'n' Clean, the detergent can be replaced with just one simple movement.

2 Outstanding performance

- The state-of-the-art water-cooled motor impresses with its long service life and high level of performance.

K 7

- Quick Connect: The high-pressure hose is easy to manoeuvre, clicking quickly in and out of the device and spray gun
- Highly efficient water-cooled motor.

K 5 FULL CONTROL

The right setting for every job

The K 5 Full Control gives you more control than ever before. The pressure can be regulated on the spray lance to suit the surface, and the pressure level set can be checked on the Full Control Power Gun with a quick glance at the LED display. This means you always have the right setting at hand - for every cleaning task. Suitable for regular use against medium dirt. Area performance approximately 40m²/h.

1 Full Control Power Gun and spray lances

- Three pressure settings and a detergent setting ensure the optimal setting for every surface.
- The pressure can be regulated by twisting the Vario Power spray lance until the desired level is shown.

2 Plug 'n' Clean

- Quick, easy and convenient application of detergents with the pressure washer.
- Kärcher detergents increase efficiency and help protect and care for the surface being cleaned.

K 5 Full Control

- Full Control Power Gun with pressure setting display
- Maximum stability thanks to low centre of gravity, hose guide and larger base
- Highly efficient water-cooled motor

K 5 PREMIUM

Always on hand

Ideal for the occasional removal of moderate dirt. Quickly and effortlessly cleans large vehicles, stone walls and bicycles. Features include a gun with practical Quick Connect connector, 8 m high-pressure hose, Vario Power spray lance, dirt blaster to remove stubborn dirt, water filter and Kärcher detergents in the practical plug.

1 Easy to transport

- The high-quality aluminium telescopic handle can be adjusted to a convenient height for transport and easily retracted again for storage.

2 Clean and tidy

- Everything is kept clean and tidy thanks to a hose reel with convenient hose coiling and large cable hook, which allows for easy storage of the cable directly on the device.

K 5 Premium

- Quick Connect: The high-pressure hose is easy to manoeuvre, clicking quickly in and out of the device and spray gun
- Equipment includes an integrated suction mechanism for detergents

VERSATILITY IS THE NAME OF THE GAME

Kärcher offers the largest range of accessories and cleaning agents on the markets, therefore opening up unlimited application possibilities for high pressure cleaning. Kärcher has the right solution for almost any cleaning problem.

Product		Order no.	Description
Wash Brush "Basic Line"	1	2.642-783.0	This universal wash brush is ideal for cleaning all surfaces. Classic applications include garden furniture, glass surfaces, cars, motorcycles, bicycles, roller shutters, blinds, conservatories, caravans or garden toys. The wash brush has soft bristles with an excellent cleaning action.
Rotating Wash Brush "Basic Line"	2	2.642-786.0	The rotating wash brush is for smooth surfaces, e.g. paint, glass or plastic for optimal cleaning results.
T-Racer T 250 Surface Cleaner	3	2.642-782.0	Two rotating flat jet nozzles ensure a high area performance, so that in comparison to cleaning with a spray pipe, only half as much time is required. Thanks to the hood cover, surface cleaners work entirely without splashing.
Extension Hose screw 7,5m "Basic Line"	4	2.642-789.0	Textile braiding reinforced and non-kinking extension hose with brass connector which simply connects between the high-pressure cleaner and high-pressure hose. The hose can withstand pressure up to 160 bar and temperature up to 60°C and suitable for cleaning agent use.
9m hose for K3 - 7 Series, 2009 & later	5	2.641-721.0	Relevant for post 2009 manufactured machines or on which the hose is attached to the spray gun and device with a Quick Connect coupling. The replacement hose withstands pressure of up to 160 bar and suitable for temperature up to 60°C.
Pipe cleaning Kit 7,5m "Basic Line"	6	2.642-790.0	Quickly clears blockages in pipes, drains, downpipes and toilets. Four backward firing jets move the hose smoothly through the pipe to effectively clear blockages. The extra short brass nozzle ensures easy movement in the pipe. Kink protection and brass connector ensure durability.
Pipe Cleaning Kit 15m K2-7 Series	7	2.637-767.0	For clearing blockages in pipes, drains and downpipes. Four backward firing jets move the hose smoothly through the pipe to effectively clear the blockage. 15 m flexible quality textile braided hose with extra short brass nozzle for easy movement in the pipe. With anti-kink sleeve and brass connector for durability.
Hose Kit 7.5M	8	2.643-908.0	The QC accessory kit easily converts all high-pressure washers from 1992 for retrofitting the practical Quick Connect connector. This enables the high-pressure hose to be connected more quickly and easy to the high-pressure washer and gun - and disconnected just as quickly and easily. Not suitable for hose reels.
Wheel Rim Brush	9	2.643-234.0	Wheel washing brush with all-round bristles ensures extremely effective cleaning. Brush reaches difficult to reach areas and gets into the smallest gaps for thoroughly wheels or spokes. Uniform 360° water distribution for dissolving and flushing away the dirt. Quality bristles provide for a gentle and efficient cleaning action. Excellent all-round cleaning results. Includes union nut for secure spray gun connection and ergonomic handle for ease of use. In brief: The ideal solution for shiny clean wheels and spokes.
WB 150 Power Brush	10	2.643-237.0	The WB 150 power brush is perfect for splash-free cleaning of sensitive surfaces such as vehicle or motorcycle paintwork, glass, winter gardens, garage doors, shutters, blinds, garden furniture, bicycles etc. The new surface cleaner with soft washing brush impresses with its efficient combination of a high-pressure jet and manual brush pressure. Working with the power brush results in significant savings of energy and water - as well as a time saving of up to 30%. Suitable for all Kärcher pressure washers of the K 2 to K 7 classes.
Trigger Gun K2-7 Series not Quick Connect	11	2.641-959.0	Gun changing made easy. Replacement gun for all Kärcher K 2 to K 7 pressure washers. Suitable for all pressure washers where the hose is secured to the gun with clip or clamp.
Trigger Gun K2-7 Series Quick Connect	12	2.642-889.0	The premium trigger gun fitted with Quick Connect and soft grip inserts guarantees a high level of comfort for cleaning. Also ideal as a replacement gun for all Kärcher domestic pressure washers, classes K2 - K7, with Quick Connect.
Vario Power Spray Lance K2-K3 Series	13	2.642-724.0	Vario-Power spray lance: spray lance with infinitely variable pressure control from low-pressure detergent jet to high-pressure jet. Ideal for cleaning small areas around the home and garden. Suitable for walls, paths, fences or cars.
Vario Power Spray Lance K4-K5 Series	14	2.642-725.0	Vario-Power spray lance: spray lance with infinitely variable pressure control from low-pressure detergent jet to high-pressure jet. Ideal for cleaning small areas around the home and garden. Suitable for walls, paths, fences or cars.
Vario Power Spray Lance K7	15	2.642-726.0	Vario-Power spray lance: spray lance with infinitely variable pressure control from low-pressure detergent jet to high-pressure jet. Ideal for cleaning small areas around the home and garden. Suitable for walls, paths, fences or cars.
Dirtblaster K 7 Class	16	2.642-729.0	Dirt blaster with powerful rotor nozzle ideal for removing stubborn dirt. Rotating pencil jet effortlessly removes atmospheric dirt and helps to quickly restore moss or weathered surfaces. Dirt blaster for large area coverage.
Dirtblaster K2-K3 Series	17	2.642-727.0	Dirt blaster with powerful rotor nozzle ideal for removing stubborn dirt. Rotating pencil jet effortlessly removes atmospheric dirt and helps to quickly restore moss or weathered surfaces. Dirt blaster for large area coverage.

Easy application thanks to effective gel formula.</p>	<p>Manual</p> <p>Spray onto dry, cold rims and let it soak in until the cleaner turns red. Then rinse thoroughly under high pressure. Do not clean hot parts.</p>	500 ml	6.295-760.0
	<p>Insect Remover</p> <p>Gently removes insects from paint surfaces, radiator grilles, external mirrors, panels and plastic.</p>	<p>Manual</p> <p>Spray undiluted and allow to soak. Rinse surface with clear water.</p>	500 ml	6.295-761.0

CLEANING SOLUTIONS IN AND AROUND THE HOUSE. KÄRCHER DETERGENTS AND CARE AGENTS FOR OUTSIDE AREAS.

For over 30 years, we at Kärcher have placed particular importance on environmental considerations and resource conservation in the development and production of our detergents and care agents, and our choice of the raw materials that go into them. The detergents, which are specifically designed for our devices, not only guarantee optimum cleaning results but also save water, time and energy. At least some degree of biodegradability is always guaranteed. In the manufacture of the new ecologic universal cleaner, however, Kärcher is going one step further by using surfactants exclusively from 100 % renewable raw materials and a bottle made of over 96 % plant-based plastic – another plus point for environmental protection.

Removes even stubborn dirt quickly and gently.

Protective formula against re-soiling plus protection against wind and weather, all in one.

The UV protection formula prevents subsequent darkening while the intensive care ingredients treat the wood structure.

	Product description	Application / dosing	Packaging size/ Barcode
Vehicle care			
	<p>Car Shampoo 3-in-1 Powerful car shampoo with unique 3-in-1 formula which offers exceptional cleaning performance thanks to the active dirt remover, as well as a quick-drying and ultra-shine formula. For outstanding cleaning efficiency, care and protection in one step. To gently clean all vehicle types.</p>	<p>With pressure washer Connect the bottle to the pressure washer, put the suction hose in the bottle or pour the detergent into the tank. CLEANING MACHINES FOR MULTI-FUNCTIONAL APPLICATIONS.

With Kärcher multi-purpose vacuum cleaners, ash and dry vacuum cleaners and spray extraction cleaners, your customers are equipped for all possible cleaning tasks. Special filter systems and individual accessories enable these robust vacuum cleaners to pick up different types of dirt quickly and thoroughly or remove stubborn stains from textile surfaces. Where once countless implements such as dustpans, buckets, detergents, cleaning cloths and brushes had to be used, perfect cleaning results are now easy to achieve with one single device.

EXTREME SUCTION POWER

Kärcher multi-purpose vacuum cleaners, with their universal range of applications, offer extreme suction power, low power consumption, specially developed floor nozzles and accessories for maximum convenience. Whether dry, wet, fine or coarse dirt: this generation of devices always ensures optimal dirt pick-up, perfect all-round cleaning results and maximum user convenience.

More powerful than ever

Thanks to special energy-efficient motors and a flow-optimised device and accessory design, these new Kärcher multi-purpose vacuum cleaners are far more powerful than the predecessor models.

The advantages at a glance: optimal dirt pick-up, considerable time saving, wide range of applications.

1 More convenient than ever

With innovative filter removal technology, available in the middle and top class ranges, the filter can be removed in seconds. In addition, the flat pleated filter, made popular in our professional cleaner range, is contained in a filter box in the machine head - which means extra-quick removal in two easy steps. Just open up the filter box and remove the filter - done! The advantages at a glance: quicker and more convenient filter removal, no contact with dirt and no spreading of dust.

2 First class floor nozzles

Whether dry or wet, fine or coarse dirt - specially developed floor nozzles offer perfect dirt pick-up and optimal sliding behaviour, and can be quickly and simply adapted to wet or dry dirt: the adjustment is made with an inlay change in the case of the clips floor nozzle, and with a convenient foot switch in the case of the adjustable floor nozzle. The special floor nozzles guarantee all-round cleaning satisfaction.

The advantages at a glance: fast and residue-free dirt removal, ideal for dry and wet dirt, effortless vacuuming.

3 Removable handle

The ergonomically-shaped, removable handle ensures optimum air flow.

It also allows you to maintain a comfortable posture while cleaning, as the accessories can be quickly and conveniently attached directly to the suction hose. In devices belonging to classes MV 5 + 6, the special material of the handle prevents from electrostatic charge, ensuring trouble-free vacuuming - even in renovation work.

The advantages at a glance: no blockages, simple and convenient vacuuming even in the narrowest spaces, safe protection from electrostatic discharge.

THE TOP CLASS

Even more powerful, even more convenient

Extremely powerful suction and energy efficient. The Top class also offers everything to make work easier: a flat pleated filter in a filter box for quick and clean removal, integrated filter cleaning for instantly restored suction power, convenient accessories for perfect cleanliness, large container for large quantities of dirt and a storage system for safe accessory storage.

1 Patented filter removal technology

- Quick and easy removal of the filter from the filter box without contact with dirt.
- For wet and dry vacuuming without changing the filter.

2 Newly developed floor nozzle and suction hose

- For the best cleaning results, whether on dry or wet, fine or coarse dirt.
- For maximum convenience and flexibility when vacuuming.

WD 6 Premium

- Removable filter box with flat pleated filter
- Power outlet with automatic on/off switch for working with power tools
- Filter cleaning at the push of a button

VACUUM CLEANER WITH WATER FILTER

Vacuuming without filter bags

The DS 6 vacuum cleaner with water filter doesn't just guarantee clean floors. With its energy-saving 650-watt power and energy efficiency class A rating, the DS 6 has excellent suction power and, thanks to its water filter, it filters 99.5% of all particles larger than 0.3 µm out of the air. Leaves nothing behind but a feeling of freshness in the air. Unlike standard filter bag vacuum cleaners, the DS 6 Water filter works using the natural power of water.

1 Multi-stage filter system consisting of innovative water filter, washable intermediate filter and HEPA 12 filter (EN 1822×1998)

- Filters 99.5% of dust from the air for fresh, clean air and a pleasant indoor climate.
- Particularly suitable for allergy sufferers.

2 Removable water filter

- Easy to fill and clean.

FC 5

Wiping and vacuuming in a single step

Never again have the hassle of vacuuming before wet wiping. The FC 5 and its innovative self-cleaning function cleans your hard floor faster, cleaner and more effortlessly than ever before.

1 2-in-1 function

- Wiping without vacuuming beforehand by picking up wet and dry dirt in a single step.

2 Self-cleaning function through automatic removal of dirt from the rollers

- Continuously clean rollers for best cleaning results.
- Floors dry in less than 2 minutes thanks to the low residual moisture.

3 High-quality microfibre rollers

- Mounting and removing the microfibre rollers is quick and easy.
- Machine washable at up to 60°C.

4 Innovative drive concept

- With forward rotating rollers, the machine moves across the floor almost by itself - for effortless cleaning.

FC 5

- Innovative self-cleaning function
- Practical parking station for storage
- With detergent sample

CLEANING DEVICES FOR INDOOR USE.

There are always more pleasant ways to spend your time than doing tedious cleaning tasks – especially within your own four walls. This is why Kärcher has developed a wide range of intelligent solutions for interior cleaning that guarantee spotless cleaning results. Our devices are extremely powerful, saving the operator time and effort, and deliver outstanding cleanliness. So now it's time to roll up your sleeves and get started!

1 Powerful depth effect without chemicals

Using natural steam, Kärcher steam cleaners ensure hygienic fibre-deep cleanliness throughout the home! With the power of superheated steam and excellent moisture penetration of the cloth, these devices kill 99.99% of common household bacteria normally found on hard surfaces. Whether compact and handy, with non-stop steaming function or VapoHydro function: Kärcher offers the right model for all cleaning requirements as an ideal alternative to conventional cleaning. The SC 1 is handy and perfect for powerful intermediate cleaning. With a heat-up time of only 30 seconds, the SC 3 is ready to use immediately. It can also be continuously refilled and offers the benefit of an innovative and convenient decalcification system. As the most powerful steam cleaner, the SC 5 offers perfect handling and, thanks to the VapoHydro function, effortlessly removes even stubborn dirt. Hot water is added to the steam at the push of a button and the dislodged dirt is simply washed away. Kärcher steam cleaners are suitable for almost all floor coverings. The devices remove even greasy dirt gently and effectively from surfaces in kitchens and bathrooms.

By the way: even ironing and window cleaning are considerably faster with these powerful multi-purpose devices! The ergonomically designed accessories ensure maximum convenience wherever needed.

2 Streak-free results

Window cleaning made easy: with the innovative Window Vac, Kärcher offers a simple, fast and extremely thorough solution for spotlessly clean windows. The cleaning process is extremely simple: with the supplied spray bottle and microfibre wiping cloth, dirt is first quickly and effectively dislodged. Next, the dirty water is sucked up with the Window Vac, streak-free and drip-free – giving you sparkling clean windows every time. By the way: the innovative Window Vac is also ideal for shower cubicles or glass tables. What remains is always a perfect shine – without streaks or drips.

3 For quick cleaning in between

The Kärcher K 55 Plus cordless electric broom can be equipped with two different brushes as required, which can be changed at the push of a button. The standard brush removes dirt in no time at all and provides optimal cleaning results right up to the edge. The specially developed pet hair brush makes hair removal from all surfaces – especially carpets – truly effortless. The brush technology also ensures easy and hygienic hair removal from the brush itself. As a result, the bristles stay clean and do not become matted.

*When thoroughly cleaning with the Kärcher Steam Cleaner 99.99% of all common household bacteria will be killed on common household hard surfaces.

STEAM CLEANERS: DEEP CLEANING WITHOUT CHEMICALS.

1 Wide selectionx the versatile SC range

SC 5 – The strongest. Thanks to the VapoHydro function, it removes even the most stubborn dirt.

SC 4 – The convenient. With removable tank.

SC 3 – The ready-to-use. With the shortest heat-up time.

SC 2 – The beginner. The perfect introduction to steam cleaning.

SC 1 – The compact. Handy and ready-to-use immediately.

2 Cleanliness without chemicals, deep into the pores

Scientific tests confirm that Kärcher steam cleaners remove 99.99% of all common household bacteria from hard surfaces using just steam and without the use of chemicals. The high temperature of the steam and excellent moisture penetration of the cloths reliably eliminate bacteria. For a healthy and child-friendly living space.

3 Cleanliness throughout the house

Put a stop to tiresome scrubbing and scouring! Kärcher's highly efficient steam cleaners make cleaning effortless and ensure impeccable cleanliness throughout your entire home. The devices are extremely versatile and can replace a variety of conventional cleaning utensils thanks to the wide range of available accessories. Typical areas of use include common hard floors throughout the home – in kitchens (like fittings, sinks, exhaust hoods, work surfaces) and bathrooms (like shower cubicles, fittings, sinks, tiles and crevices).

* When thoroughly cleaning with the Kärcher Steam Cleaner 99.99% of all common household bacteria will be killed on common household hard surfaces.

**When thoroughly cleaning with the Kärcher steam cleaner the cleaning performance is better than cleaning with a manual mop and detergent.

Tested according to international performance standards.

SC 5 EASYFIX - THE STRONGEST

Outstanding power. Outstanding handling

In combination with the floor nozzle EasyFix, cleaning with the powerful SC 5 EasyFix Steam Cleaner is extremely ergonomic and convenient. The VapoHydro function also offers a high level of cleaning convenience: hot water can be added as required and the dirt that has been loosened by the steam is simply and conveniently washed away. It really is that easy.

1 VapoHydro function

- Adds hot water to steam. Dirt is removed more easily and simply washed away.
- For even better cleaning results.

2 Floor cleaning set EasyFix with flexible joint on the floor nozzle and convenient hook-and-loop fixing for the floor cleaning cloth

- Optimal cleaning results on all types of hard floors around the home thanks to efficient lamella technology.
- Contactless cloth changing without coming into contact with dirt, and convenient attachment of the floor cleaning cloth thanks to the hook-and-loop system.
- Ergonomic, effective cleaning with full floor contact, regardless of the user's height, thanks to the flexible nozzle joint.

SC 5 EasyFix with Iron Kit

SC 4 EASYFIX - THE CONVENIENT

Outstanding power. Outstanding handling

In combination with the floor nozzle EasyFix, cleaning with the powerful SC 4 EasyFix Steam Cleaner is extremely ergonomic and convenient. The VapoHydro function also offers a high level of cleaning convenience: hot water can be added as required and the dirt that has been loosened by the steam is simply and conveniently washed away. It really is that easy.

1 Continuously refillable, detachable water tank

- Interruption-free cleaning and convenient water filling

2 Floor cleaning set EasyFix with flexible joint on the floor nozzle and convenient hook-and-loop fixing for the floor cleaning cloth

- Optimal cleaning results on all types of hard floors around the home thanks to efficient lamella technology.
- Contactless cloth changing without coming into contact with dirt, and convenient attachment of the floor cleaning cloth thanks to the hook-and-loop system.
- Ergonomic, effective cleaning with full floor contact, regardless of the user's height, thanks to the flexible nozzle joint.

SC 4 EasyFix with Iron Kit

- Detachable, continuously fillable tank for an uninterrupted work
- Separate cable storage compartment
- With the floor cleaning set EasyFix and steam pressure iron

SC 2 EASYFIX - THE BEGINNER

Non-stop steam and ready to use

The Kärcher SC 3 EasyFix provides a non-stop supply of steam – without working interruptions or long waiting times. Since it has an extremely quick heat-up time of only 30 seconds, the SC 3 EasyFix can be used almost immediately. The water tank can be refilled at any time without any unwanted breaks. Full steam ahead for homes cleaned to a shine.

1 Short heat-up time

- With a heat-up time of only 30 seconds, the device is ready to use in no time.

2 Accessory storage and parking position

- Convenient accessory storage and easy floor nozzle parking during working interruptions.

SC 2

- Continuously fillable tank for uninterrupted use
- Ready to use in 30 seconds; no additional descaling thanks to descaling technology
- With the floor cleaning set EasyFix, carpet glider and premium accessory equipment

SC 1 & FLOOR KIT

Outstanding power. Outstanding handling

The Kärcher handheld steam cleaner is extremely compact. As a result, it can be stored practically and exactly where it will be used – for example in small kitchen or bathroom cupboards. This means that the SC 1 is always within easy reach and therefore ideal for spontaneous cleaning. The device is very powerful, despite its compact size, and ensures fibre-deep, hygienic cleanliness.

1 Powerful 3.0 bar steam pressure

- Easily removes all types of dirt – even in hard-to-reach areas.

2 Small, handy and easy to store

- The device can be stored at the location of use for easy access.

SC 1 × Floor kit
